

Restricted Clearing Member OCC Numbers 010 and 200 on EDGX Options Exchange

Reference ID: C2020012107

Overview

Pursuant to EDGX Options (“EDGX Options” or the “Exchange”) Rule 21.12, Clearing Members (CMs) may request the Exchange restrict their OCC clearing number(s) from being used for give-up purposes by other Members by “Opting In” to the list of restricted give-up firms on the Exchange. Such opt in requests must be submitted to the Exchange by CMs using the necessary paperwork located [here](#).

If a CM opts into the restricted give-up firm list, the Exchange will require written authorization from that CM in order to permit another Member to give up a Restricted OCC Number.

If a CM does not opt in, that CM’s OCC number(s) may be given-up by any other Member organization on the Exchange.

A list of Restricted Clearing OCC numbers and firms has been posted on the Exchange Website, markets.cboe.com, located [here](#).
