Reference ID: C2020040304

Overview

Pursuant to EDGX Options ("EDGX Options" or the "Exchange") and BZX Options ("BZX Options" or the "Exchange") Rule 21.12, Clearing Members (CMs) may request the Exchange restrict their OCC clearing number(s) from being used for give-up purposes by other Members by "Opting In" to the list of restricted give-up firms on the Exchange. Such opt in requests must be submitted to the Exchange by CMs using the necessary paperwork located <a href="https://example.com/heme-exchange-example.com/heme-exchange-example.com/heme-exchange-example.com/heme-exchange-example.com/heme-exchange-example.com/heme-exa

If a CM opts into the restricted give-up firm list, the Exchange will require written authorization from that CM in order to permit another Member to give up a Restricted OCC Number.

If a CM does not opt in, that CM's OCC number(s) may be given-up by any other Member organization on the Exchange.

A list of Restricted Clearing OCC numbers and firms has been posted on the Exchange Website, markets.cboe.com, located here.
