

Update to Auction Response Time Intervals

Effective today, **Friday, October 25**, the Response Time Interval for various auction mechanisms on Cboe Options Exchange, C2 and EDGX Options Exchanges will be updated. For more information on which intervals will be adjusted, see the [Tradedesk Update](#).

Transport Layer Security (TLS) Minimum Version Requirement

Cboe has rescheduled the effective date of the TLS 1.2 minimum version requirement to **Saturday, December 7** for U.S. equities, options and futures customers that utilize Cboe's Customer Web Portal including the associated Secure Web API. See the [Tradedesk Update](#) for complete details.

Cboe Global Markets to Report Third-Quarter 2019 Financial Results November 1

Cboe Global Markets will announce its financial results for the third quarter of 2019 before the market opens on **Friday, November 1**. For more information, visit the [Investor Relations](#) webpage.

Quarterly Rebalance of Options Class Tiers Reminder

Cboe Options Exchange rebalances the options class appointment cost tiers every quarter. The rebalancing using third-quarter data takes effect next **Friday, November 1**.

Beginning November 1, firms should use the [new appointment weights](#) when making appointment selections on the Customer Web Portal. Appointment costs are no longer tied to permits and instead will be assessed according to the [Cboe Options Fee Schedule](#).

If you have any questions regarding the third quarter rebalancing, please contact the Membership Services Department at membershipservices@cboe.com or 312-786-7449 or refer to the [Tradedesk Update](#).

Cboe to Launch Order Book Priority for Retail Investors on EDGX Exchange in November

Also on **Friday, November 1**, Cboe plans to launch its new Retail Priority program on the Cboe EDGX Exchange. See the [press release](#) for more information, or refer to the [Tradedesk Update](#) for technical details.

Changes to Available Weekly Expirations for SPX Options

Effective **Thursday, October 31**, Cboe Options will begin offering the **March 6, 2020** SPX Weekly (SPXW) expiration. See the [Tradedesk Update](#).

Decommission of Legacy Physical Connectivity to Cboe Options Exchange and CFE

Effective **January 31, 2020**, Cboe will decommission legacy physical port connectivity to Cboe Options Exchange and CFE in the Equinix NY4 data center in Secaucus, New Jersey. Connectivity to Cboe Options Exchange and CFE will remain available from Equinix NY4 through latency equalized physical connections. See the [Tradedesk Update](#) for information.

Restricted Clearing Trading Permit Holder OCC Numbers

Clearing Trading Permit Holders (TPHs) may request for Cboe to restrict their OCC clearing number(s) from being used by other TPHs by submitting the necessary paperwork located [here](#). Requests must be submitted to Cboe from the clearing TPH. For more information, see the [Tradedesk Update](#).

For a list of Restricted Clearing OCC numbers and firms, click [here](#).

FIA Expo in Chicago Next Week

The Futures Industry Association's 35th annual Futures and Options Expo takes place next **Tuesday, October 29** through **Thursday, October 31**, at the Chicago Hilton hotel. Be sure to stop by the Cboe booth (#427 in the Green Hall) on the trade show floor.

Click [here](#) to view the conference agenda, speakers, and to register.

We encourage your input on these and other exchange matters. Please feel free to contact us.
