

## Cboe Options Exchange Technology Migration Conference Call on July 9

Cboe will host its next migration customer conference call at 11:30 a.m. CT/12:30 p.m. ET on **Tuesday, July 9**. Cboe will update customers on the planned migration of Cboe Options Exchange (C1) to Bats technology planned for **Monday, October 7**, subject to regulatory review. For more details, see the [Tradedesk Update](#).

## C1 Technology Migration Feature Pack 7

On **Monday, June 17**, Cboe plans to introduce new Global Trading Hours (GTH) sessions for Dow Jones Industrial Average Index (DJX) options on C2 Options Exchange. The following week, on **Monday, June 24**, Cboe plans to introduce new GTH sessions for Mini-SPX Index (XSP) options on Cboe EDGX Options Exchange. In addition, a new opening process, along with supporting order entry and market data changes, will be introduced for products on C2 and EDGX. For more details, see the [Tradedesk Update](#).

## First C1 Weekend Test Saturday, June 15

In preparation for the C1 migration to Bats technology, the first weekend test will take place this **Saturday, June 15**. For more information on the weekend test schedule, see the [Tradedesk Update](#). For details on the C1 migration, visit the [Technology Integration](#) website or see the [Tradedesk Update](#).

## Mandatory Training and Certification for Cboe TPHs and Staff

Significant changes also are planned for the Cboe trading floor system applications, including PULSe and PAR 3.0. On-Floor Trading Permit Holders (TPHs) are required to participate in testing the PAR 3.0 application and the Order Management Terminal (OMT) replacement. A schedule of testing dates is available in the [Tradedesk Update](#).

## Frequent Trader ID Additions and Corrections – Change in Procedures

To prepare for the C1 migration to Bats Technology, the procedures for submitting Frequent Trader ID Updates and Corrections are being modified, pending regulatory review. For more information on the planned changes, see the [Tradedesk Update](#).

## New Lead Market Maker Incentive Program for Cboe Listed ETP Marketplace

Cboe plans to introduce a new Lead Market Maker (LMM) incentive program with enhanced market quality requirements on its Cboe Listed Marketplace for exchange traded products (ETPs). The proposed new LMM program aims to provide a superior trading experience for issuers and investors by incenting Lead Market Makers to demonstrably enhance market quality in the form of tighter markets and deeper liquidity for Cboe-listed ETPs. The new program is planned to become effective in the third quarter of 2019, subject to regulatory review. For details, see the [press release](#).

## Cboe Announces Date of Second-Quarter 2019 Earnings Release and Conference Call

Cboe will announce its financial results for the second quarter of 2019 before the market opens on **Friday, August 2**. A conference call with remarks by the company's senior management will begin at 7:30 a.m. CT. For more information, see the [press release](#).

## Cboe RMC Europe 2019 this September

Cboe will host the 8<sup>th</sup> annual Cboe Risk Management Conference (RMC) Europe **September 9-11**, at the Andaz Hotel in Munich, Germany. This will be the first time Cboe's highly-acclaimed RMC will be hosted in Germany. A detailed agenda with session topics and speakers will be posted soon at [www.cboermceurope.com](http://www.cboermceurope.com).

We encourage your input on these and other exchange matters. Please feel free to contact us.
