

## Cboe Options Exchange Migration Update

The Cboe Options Exchange (C1) migration to Bats technology remains on track for **Monday, October 7**, subject to regulatory review. Daily trading of test symbols in the new C1 production environment is ongoing and the third weekend test is **Saturday, August 24**.

Visit the [Technology Integration](#) website to view the presentation from the July 9 technology migration customer conference call and other materials and information related to the C1 migration.

## C1 Technology Migration Feature Pack 9 Update

The introduction of complex instruments with underlying stock legs was postponed for two weeks and will now be made available on EDGX Options Exchange on **Friday, August 16**, subject to regulatory review.

Testing of the new complex order enhancements is currently available in the EDGX Options certification environment. For additional technical details, see the [Tradedesk Update](#).

## Proposed Opening Process for Volatility Settlements Webinar Tuesday, August 13

As part of the C1 migration, Cboe is taking the opportunity to enhance its opening process used to calculate the settlement price for VIX futures and options, along with the data that is available and disseminated during the auction process on expiration days for VIX derivatives.

Cboe will host a customer webinar at 3:30 p.m. CT/4:30 p.m. ET on **Tuesday, August 13**. For registration information and additional details, click [here](#).

## Testing of Cboe Volatility Settlements Opening Process

Cboe will simulate the planned enhancements to the opening process for volatility settlements with monthly tests leading up to **Monday, October 7**, with the final test planned for **Saturday, October 5**. See the [Tradedesk Update](#) for the test checklist.

## Cboe Europe Announces Planned Launch of Cboe Closing Cross

Cboe plans to launch Cboe Closing Cross (3C), a new post close trading service that will provide a simple, cost-effective way for market participants to execute their end of day trading activities. 3C is scheduled to launch on **August 16, 2019**.

With Cboe Europe's pan-European coverage, 3C is a seamless, one-stop solution for customers looking to execute their post-close trading activities across the 18 European markets Cboe serves. There will be no cost to utilize 3C until the end of the year.

For more information, visit [markets.cboe.com](http://markets.cboe.com), or see the [press release](#).

## Cboe Global Markets Reports Second-Quarter 2019 Financial Results

Cboe Global Markets reported its financial results for the second quarter of 2019 before the market open this morning. For more information, go to the [Investor Relations](#) webpage.

## Cboe Declares Increased Third-Quarter 2019 Dividend

On Wednesday, Cboe announced its Board of Directors declared a quarterly cash dividend of \$0.36 per share of common stock for the third quarter of 2019. See the [press release](#).

## Election of Fredric Tomczyk to Board of Directors

On Thursday, Cboe announced its Board of Directors elected Frederic J. Tomczyk, former President and CEO of TD Ameritrade Holding Corporation, to its Board of Directors. See the [press release](#).
