

The **Cboe NO 25** index aims to represent the performance of the largest 25 Norwegian issuers. This is a gross return index.

Objective

The index is designed for use in the creation of index tracking funds, derivatives and as a performance benchmark.

Investability

Stocks are selected and weighted to ensure that the index is investable.

Liquidity

Stocks are screened to ensure that the index is tradable.

Transparency

Uses a transparent, rules-based construction process. Index Rules are freely available on the cboe.com/europe/indices website.

Availability

Calculation is based on price and total return methodologies, both real-time, intra-second and end of day.
