

***Amendment Notice – Changes to the Data Policies document,  
Payment Schedule & Data Policies.  
Introducing Cboe BOE Dedicated Cores***

Tuesday 1<sup>st</sup> October 2024  
Reference ID: 0006|24

**OVERVIEW**

**Applicable Cboe Exchanges: Cboe Australia**

Please be advised that Cboe Australia has updated the [Payment Schedule to version 1.4](#) and the [Data Policies to version 1.3](#) to accommodate the introduction of new products and other changes including fee changes. For more detail, please refer to the [Payment Schedule](#) and [Data Policies](#). For fee changes check those with a New Fee Effective Date of 01 January 2025.

**This is a formal amendment notice.**

**New Products Overview: Cboe BOE Dedicated Cores**

Cboe Australia is pleased to introduce Cboe BOE Dedicated Cores. BOE Dedicated Cores (BOEDCP) is a new optional service which is being rolled out globally by Cboe as part of our commitment to focus on delivering client-driven solutions & globally consistent leading-edge technology. BOE Dedicated Cores adds to the current suite of logical FIX & BOE port products, and is expected to provide reduced latency, enhanced throughput, and improved performance.

Customers will be able to pre-order BOE Dedicated Cores using the Logical Port Request Tool within the [Cboe Australia Customer Web Portal](#) commencing 14 October 2024. Where required, port & IP access details can be provided after pre-ordering by contacting Cboe Australia Trade Desk.

Note that each Dedicated Core will only support a single BOEDCP port. For applicable fees please see [page 3 of the Payment Schedule](#).

BOE Dedicated Cores are expected to be available in the Cboe Australia Production environment from 20 January 2025.

## ***ADDITIONAL INFORMATION***

Please contact Cboe Australia Trade Desk with any queries or [marketdata@cboe.com](mailto:marketdata@cboe.com) for market data related queries.

We appreciate your business. Our trading community inspires and drives our purpose of building trusted markets.
