

TMX Australia Exchange Technology Migration Overview | Introductory Webinar | Thursday 17 September 2026, 11am AEST

Friday 4th September 2026

Reference ID: 0017|26

OVERVIEW

Following TMX Group's acquisition and rebranding of Cboe Australia, TMX Australia Exchange is preparing for its next phase of growth. We invite market participants, vendors, technology specialists, and infrastructure leads to join us for the first in a series of technical updates at **11:00am AEST on Thursday, 17th September 2026**.

As many firms are currently planning for the upcoming year, this session is scheduled to provide the high-level technical and operational details necessary to support your budgeting and resourcing requirements.

Pre-Registration

To access the event pre-register in advance using the following [link](#). Once registered & approved, you will receive access information, an automatic calendar invite and relevant notifications.

Please refer to [TMX Australia Technology Migration site](#) for further information.

Please contact TMX Australia Exchange Trade Desk with any queries.

Transition in Progress: We are now TMX Australia Exchange, however we continue to operate under Cboe Technology infrastructure until our migration is complete. Some materials may still carry Cboe branding & content - these remain fully valid and current and will be updated as the transition progresses.
