

Regulatory Circular RG12-045

DATE: March 13, 2012
FROM: Market Operations Department
RE: Restrictions on Transactions in
China Natural Gas, Inc (“CHNG”)

Effective March 8, 2012, NASDAQ delisted China Natural Gas, Inc (“CHNG”). Trading in China Natural Gas, Inc (“CHNG”) commenced on the Other OTC market under the symbol CHNG.

Trading on the CBOE in existing series of CHNG options will be subject to the following restrictions. Only closing transactions may be affected in any series of CHNG options except for (i) opening transactions by Market-Makers executed to accommodate closing transactions of other market participants and (ii) opening transactions by CBOE TPH organizations to facilitate the closing transactions of public customers executed as crosses pursuant to and in accordance with CBOE Rule 6.74(b) or (d).

The execution of opening transactions in CHNG options, except as permitted above, and/or the misrepresentation as to whether an order is opening or closing, will constitute a violation of CBOE rules, and may result in disciplinary action. TPH organizations should ensure that they have appropriate procedures in place to prevent their customers from entering opening orders in this restricted option class. In addition, transactions in contravention of this restriction may be subject to nullification pursuant to Exchange Rule 6.25.

There are no restrictions in place with respect to the exercise of CHNG options.
