Subject: iShares COMEX Gold Trust

Background Information on the Trust

As more fully explained in the Registration Statement (No. 333-112589) for the iShares® COMEX® Gold Trust, the above-noted Trust issues shares representing fractional undivided beneficial interests in its net assets. The assets of the trust consist primarily of gold held by the custodian on behalf of the trust. The objective of the trust is for the shares of the trust to reflect the price of gold less the trust's expenses and liabilities. The Trust is not registered as an investment company under the Investment Company Act of 1940. The trust is not a commodity pool for purposes of the Commodity Exchange Act, and its sponsor is not subject to regulation by the Commodity Futures Trading Commission as a commodity pool operator, or a commodity trading advisor. For a complete description of the Trust, visit <http://www.ishares.com>.

Exchange Rules Applicable to Trading in the Shares

The Shares are considered equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities.

Trading Hours

Trading in the shares on EDGA and EDGX Exchanges (the "Exchanges") is on a UTP basis and is subject to the Exchanges equity trading rules. The shares will trade from 8:00 a.m. until 8:00 p.m. Eastern Time. Members trading the shares during the Extended Market Sessions (Pre-opening and Post-closing sessions) are exposed to the risk of the lack of the calculation or dissemination of underlying index value or intraday indicative value ("IIV"). For certain derivative securities products, an updated underlying index value or IIV may not be calculated or publicly disseminated in the Extended Market hours. Since the underlying index value and IIV are not calculated or widely disseminated during Extended Market hours, an investor who is unable to calculate implied values for certain derivative securities products during Extended Market hours may be at a disadvantage to market professionals.

Trading Halts

The Exchanges will halt trading in the Shares of a Trust in accordance with Exchange Rules 14.1(c)(4). The grounds for a halt under this Rule include a halt by the primary market because it stops trading the Shares and/or a halt because dissemination of the

IIV or applicable currency spot price has ceased, or a halt for other regulatory reasons. In addition, the Exchanges will stop trading the Shares of a Trust if the primary market de-lists the Shares.

Delivery of a Prospectus

Pursuant to federal securities laws, investors purchasing Shares must receive a prospectus prior to or concurrently with the confirmation of a transaction. Investors purchasing Shares directly from the Fund (by delivery of the Deposit Amount) must also receive a prospectus.

Prospectuses may be obtained through the Distributor or on the Fund's website. The Prospectus does not contain all of the information set forth in the registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to the Trust's registration statement.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any "distribution participant" and its "affiliated purchasers" from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of the Shares to engage in secondary market transactions in such Shares during their participation in such a distribution. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Baskets during the continuous offering of shares.

Section 11(d)(1); SEC Rules 11d1-1 and 11d1-2

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers that are not Authorized Participants (and, therefore, do not create Baskets) that engage in both proprietary and customer transactions in Shares in the secondary market. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the Shares to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830(l)(5)(A), (B) or (C). The SEC also has taken a no-action position under Section 11(d)(1) of the Act that broker-dealers may treat Shares, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on Shares that have been

owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

The SEC has also taken a no-action position under Section 11(d) of the Exchange Act if an Authorized Participant ("AP") extends or maintains or arranges for the extension or maintenance of credit on Shares in reliance on the class exemption granted in the Letter re: Derivative Products Committee of the Securities Industry Association ("SIA") (November 21, 2005), provided (1) that the AP does not receive from the Trust, directly or indirectly, any payment, compensation or other economic incentive to promote or sell the Shares to persons outside the Trust, other than non-cash compensation permitted under NASD Rule 2830(l)(5)(A), (B), or (C); and (2) the AP does not extend, maintain or arrange for the extension or maintenance of credit to or for a customer on Shares before thirty days from the start of trading in the Shares (except as otherwise permitted pursuant to Rule 11d1-1). (See letter from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)
