Rules of the Exchanges Applicable to Trading in the Funds

Trading in the Funds on the Exchanges is subject to the Exchanges' trading rules, including the following:

- **Suitability**

Trading in the Funds on the Exchanges will be subject to the provisions of Rule 3.7 of the Exchanges. Members recommending transactions in the Funds to customers should make a determination that the recommendation is suitable for the customer.

- **Trading Halts**

The Exchanges will halt trading in the Funds in accordance with the Rules of the Exchanges. The Exchanges may consider all relevant factors in exercising their discretion to halt or suspend trading. Trading may be halted if the volatility parameters have been reached, because of other market conditions, or for reasons that, in the view of the Exchanges, make trading in the Funds inadvisable. These may include: (1) the extent to which certain information about the Funds that is required to be disclosed is not being made available, including specifically where the Exchanges become aware that the NAV is not disseminated to all market participants at the same time, it will halt trading in such Fund until such time as the NAV is available to all market participants; (2) if an interruption to the dissemination to the value of the underlying index or reference asset, or the intraday indicative value persists past the trading day in which it occurred or is no longer calculated or available; (3) trading in the Funds comprising the underlying index or portfolio has been halted in the primary market(s); or (4) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present.

- **Trading Hours**

The Funds will trade on the Exchanges during the hours described below. The core trading session occurs between 9:30 a.m. and 4:00 p.m. ET on the Exchanges. The Exchanges also provide for trading in the Pre-Opening and After Hours trading sessions (the "Extended Market Sessions").

Exchange	Pre-Opening	After Hours
Cboe BZX	4:00 a.m. – 9:30 a.m. ET	4:00 p.m. – 8:00 p.m. ET

An investor who is unable to calculate an implied value for the Funds may be at a disadvantage to market professionals.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission (the "SEC") has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO-ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF

TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

In the release adopting Rule 6c-11, the SEC deemed that all ETFs are eligible for the redeemable securities exceptions in Rules 101(c)(4) and 102(d)(4) of Regulation M and Rule 10b-17(c) under the Exchange Act in connection with secondary market transactions in ETF shares and the creation or redemption of creation units and the exemption in rule 11d1-2 under the Exchange Act for a registered open-end investment company.

Section 11(d)(1); Rules 11d1-1 and 11d1-2; Rules 10b-10, 14e-5, 15c1-5, and 15c1-6

Securities Exchange Act Release No. 87110 conditionally exempts broker-dealers that engage in certain transactions in securities of ETFs that can rely on Rule 6c-11 from the requirements of section 11(d)(1) of the Exchange Act and Exchange Act rules 10b-10, 15c1-5, 15c1-6, and 14e-5. Such exemptive relief is conditional and does not exempt persons relying on the exemption from anti-fraud and anti-manipulation provisions of the federal securities laws, particularly section 10(b) of the Exchange Act and Rule 10b-5 thereunder. For additional detail, see Securities Exchange Act Release No. 87110 (September 25, 2019), 84 FR 57089 (October 24, 2019).
