RE: Options Regulatory Fee (**Replaces RC18-024**)

Replaces BZX Options Regulatory Circular RC18-024

Cboe BZX Exchange, Inc. (“BZX Options”) is not changing the Options Regulatory Fee (“ORF”) which is currently established at \$0.0002 per option contract. BZX Options Regulatory Circular RC18-024 incorrectly identified the ORF rate as \$0.00028. The ORF will be reevaluated in June 2019, and notification will be made if it is determined that the rate will be adjusted.
