### **Replaces Cboe Options Regulatory Circular RG18-048**

Cboe Exchange, Inc. (“Cboe Options”) expects to file with the Securities and Exchange Commission (“SEC”) a rule change to increase the Options Regulatory Fee (“ORF”) from \$0.0028 to \$0.0045 per option contract. Cboe Options Regulatory Circular RG18-048 incorrectly identified the ORF rate as changing from \$0.00286 to \$0.00450. Subject to SEC review, the effective date of this fee change is February 1, 2019.
