Item 2. <u>Procedures of the Self-Regulatory Organization</u>

The proposed rule change was approved by the Exchange's Office of the Chairman pursuant to delegated authority on January 8, 2007.

Item 3. <u>Self-Regulatory Organization's Statement of the Purpose of, and Statutory</u> Basis for, the Proposed Rule Change

(a) Purpose

The purpose of this rule change is to amend CBOE Rule 8.3 and Rule 8.4 in connection with CBOE's determination to trade options on the iShares Russell 2000 Index Fund (IWM) on the Hybrid 2.0 Platform.¹

IWM options currently has an appointment cost of .50. CBOE intends to maintain that appointment cost when IWM options trade on the Hybrid 2.0 Platform. As a result, IWM options will be classified as an "AA" Tier option class. CBOE intends to trade IWM options on the Hybrid 2.0 Platform beginning on January 16, 2007.

(b) Statutory Basis

¹ CBOE Rule 1.1(aaa) defines Hybrid Trading System and Hybrid 2.0 Platform.

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations under the Act applicable to a national securities exchange and, in particular, the requirements of Section 6(b) of the Act. Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5) Act² requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts and, in general, to protect investors and the public interest.

Item 4. Self-Regulatory Organization's Statement on Burden on Competition

This proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

Item 5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

Item 6. Extension of Time Period for Commission Action

The Exchange does not consent to an extension of the time period specified in Section 19(b)(2) of the Act for Commission consideration of the proposed rule change.

Item 7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The proposed rule change is filed for immediate effectiveness pursuant to Section 19(b)(3)(A)³ of the Securities Exchange Act of 1934 and Rule 19b-4(f)(6)⁴ thereunder because it effects a change that (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

Trading IWM options on the Hybrid 2.0 Platform does not raise any new or unique issues. The Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of the filing of the proposed rule change as required by Rule 19b-4(f)(6).

For the foregoing reasons, this rule filing qualifies for immediate effectiveness as a "noncontroversial" rule change under paragraph (f)(6) of Rule 19b-4 of the Act. The Exchange respectfully requests that the Commission waive the provision providing for "non-controversial" rule changes to become operative in 30 days and permit the proposed rule change to take effect and become operative on January 16, 2007, pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder. Waiving the 30 days will enable the Exchange to trade IWM options on the Hybrid 2.0 Platform beginning on January 16, 2007.
