3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

Recently, the U.S. Securities and Exchange Commission ("SEC" or "Commission") authorized CBOE to list and trade options on the SPDR Gold Trust,¹ the iShares COMEX Gold Trust, the iShares Silver Trust,² the ETFS Silver Trust and the ETFS Gold Trust,³ the ETFS Palladium Trust and the ETFS Platinum Trust.⁴ Now, the Exchange proposes to list and trade options on the Sprott Physical Gold Trust ("PHYS").

value equal to the next determined net asset value ("NAV"), and when aggregated in the same specified minimum number, may be redeemed at a holder's request, which holder will be paid a specified portfolio of securities and/or cash with a value equal to the next determined NAV ("Managed Fund Share") are eligible as underlying securities for options traded on the Exchange.⁵ This rule change proposes to expand the types of ETFs that may be approved for options trading on the Exchange to include the Sprott Physical Gold Trust.

Apart from allowing Sprott Physical Gold Trust to be an underlying for options traded on the Exchange as described above, the listing standards for ETFs will remain unchanged from those that apply under current Exchange rules. ETFs on which options may be listed and traded must still be listed and traded on a national securities exchange and must satisfy the other listing standards set forth in Interpretation and Policy .06 to Rule 5.3.

Specifically, in addition to satisfying the aforementioned listing requirements, Units must meet either (1) the criteria and guidelines under Rule 5.3 and Interpretation and Policy .01 to Rule 5.3, Criteria for Underlying Securities; or (2) they must be available for creation or redemption each business day from or through the issuer in cash or in kind at a price related to net asset value, and the issuer must be obligated to issue Units in a specified aggregate number even if some or all of the investment assets required to be deposited have not been received by the issuer, subject to the condition that the person obligated to deposit the investments has undertaken to deliver the investment assets as soon as possible and such undertaking is secured by the delivery and

maintenance of collateral consisting of cash or cash equivalents satisfactory to the issuer, as provided in the respective prospectus.

The Exchange states that the current continued listing standards for options on ETFs will apply to options on the Sprott Physical Gold Trust. Specifically, under Interpretation and Policy .08 to Rule 5.4, options on Units may be subject to the suspension of opening transactions as follows: (1) following the initial twelve-month period beginning upon the commencement of trading of the Units, there are fewer than 50 record and/or beneficial holders of the Units for 30 or more consecutive trading days; (2) the value of the index or portfolio of securities, non-U.S. currency, or portfolio of commodities including commodity futures contracts, options on commodity futures contracts, swaps, forward contracts and/or options on physical commodities and/or Financial Instruments and Money Market Instruments on which Units are based is no longer calculated or available; or (3) such other event occurs or condition exists that in the opinion of the Exchange makes further dealing on the Exchange inadvisable.

Additionally, the Sprott Physical Gold Trust shall not be deemed to meet the requirements for continued approval, and the Exchange shall not open for trading any additional series of option contracts of the class covering the Sprott Physical Gold Trust, if the Sprott Physical Gold Trust ceases to be an "NMS stock" as provided for in paragraph (f) of Interpretation and Policy .01 of Rule 5.4 or the Sprott Physical Gold Trust is halted from trading on its primary market.

The addition of the Sprott Physical Gold Trust to Interpretation and Policy .06 to Rule 5.3 will not have any effect on the rules pertaining to position and exercise limits⁶ or
