Dear Mr. Stawick:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended ("Act"), and §40.6(a) of the regulations promulgated by the Commodity Futures Trading Commission ("Commission") under the Act, CBOE Futures Exchange, LLC ("CFE" or "Exchange") hereby submits an amendment ("Amendment") to: (i) change the start time of trading hours for the CBOE Volatility Index ("VIX") futures contract from 8:30 a.m. (Chicago time) to 7:20 a.m. (Chicago time); (ii) to establish a separate no-bust range for VIX futures trades that are executed between 7:20 a.m. (Chicago time) and 8:30 a.m. (Chicago time); and (iii) to not permit the submission of Market Orders in VIX futures between 7:20 a.m. (Chicago time) and 8:30 a.m. (Chicago time).

The Amendment will become effective on December 10, 2010.

CFE is not aware of any substantive opposing views to the Amendment. CFE hereby certifies that the Amendment complies with the Act and the regulations thereunder.

The Amendment, marked to show additions in underlined text and deletions in [bracketed] text, consists of the following:

* * * * *

CFE Rule 1202. CBOE Volatility Index Futures Contract Specifications

- (a) No change.
- (b) *Schedule.* The Exchange may list for trading up to nine near-term serial months and five months on the February quarterly cycle for the VIX futures contract. The final settlement date for the VIX futures contract shall be on the Wednesday that is thirty days prior to the third Friday of the calendar month immediately following the month in which the applicable VIX futures contract expires. If the third Friday of the month subsequent to expiration of the applicable VIX futures contract is a CBOE holiday, the final settlement

date for the contract shall be thirty days prior to the CBOE business day immediately preceding that Friday.

The trading days for VIX futures contracts shall be the same trading days of options on the S&P 500 Composite Stock Price Index, as those days are determined by CBOE.

The trading hours for VIX futures contracts are from [8:30] 7:20 a.m. Chicago time to 3:15 p.m. Chicago time. The time period from 8:30 a.m. Chicago time until 3:15 p.m. Chicago time shall be considered regular trading hours for the VIX futures contract, and the time period from 7:20 a.m. Chicago time until the commencement of regular trading hours for the VIX futures contract shall be considered extended trading hours for the VIX futures contract.

Market Orders for VIX futures contracts will be not accepted by the Exchange during extended trading hours for the VIX futures contract or during any other time period outside of regular trading hours for the VIX futures contract. Any Market Orders for VIX futures contracts received by the Exchange outside of regular trading hours for the VIX futures contract will be automatically rejected.

(c) – (k) No change.

(l) *No-Bust Range*. Pursuant to Rule 416 [.] : (i) for trades executed during extended trading hours for the VIX futures contract, the Exchange error trade policy may only be invoked for a trade price that is greater than 20% on either side of the market price of the applicable VIX futures contract, and (ii) for trades executed during regular trading hours for the VIX futures contract, the Exchange error trade policy may only be invoked for a trade price that is greater than 10% on either side of the market price of the applicable VIX futures contract.

In accordance with Policy and Procedure III, the Help Desk will determine what the true market price for the relevant Contract was immediately before the potential error trade occurred. In making that determination, the Help Desk may consider all relevant factors, including the last trade price for such Contract, a better bid or offer price, a more recent price in a different contract month and the prices of related contracts trading on the Exchange or other markets.

(m) – (o) No change.
