Item 1. Text of the Proposed Rule Change

(a) Chicago Board Options Exchange, Incorporated (the “Exchange” or “CBOE”) proposes to make a minor clarification to the Short Term Option Series Program (the “Program” or “Weeklys”) to clarify when series may be added in index option classes. The text of the proposed rule change is provided in Exhibit 5.

(b) Not applicable.

(c) Not applicable.

Item 2. Procedures of the Self-Regulatory Organization

(a) The Exchange’s President (or designee) pursuant to delegated authority approved the proposed rule change on February 4, 2014.

(b) Please refer questions and comments on the proposed rule change to Joanne Moffic-Silver, Executive Vice President, General Counsel, and Corporate Secretary, (312) 786-7462, or Megan R. Malone, (312) 786-7304, Chicago Board Options Exchange, Incorporated, 400 South LaSalle, Chicago, Illinois 60605.

Item 3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The Exchange is proposing to make a minor change to its Weeklys Program for index option classes. More specifically, the Exchange is proposing to clarify when series of index option classes may be added in the Weeklys Program. The current rule states that “Short Term Option Series may be added up to, and including on, the Short Term Option Expiration Date for that options series.”¹ The Exchange is proposing to clarify the rule to

¹ See Exchange Rule 24.9(a)(2)(A)(iv).

state that Short Term Option Series may be added “up to, and including on, the last trading day for that option series.”

The Exchange believes this clarification will take into account that index options may be A.M.-settled or P.M.-settled. For A.M.-settled options, the settlement occurs the morning of the expiration day, and thus, no trading occurs on expiration day in that series. Because of that, series may not actually be added on the expiration day for the series because it will be after the settlement value has been calculated for that index. The Exchange believes that the proposed language will take into account these A.M.-settled index option series along with P.M.-settled series as P.M.-settled options may be trading on expiration day because they are not settled until after the close of trading. Thus the proposed language, “on the last trading day” will accommodate both A.M.-settled and P.M.-settled index options.

The Exchange believes that this clarification will more accurately describe when option series may be added in index option classes participating in the Weeklys program creating less confusion for Trading Permit Holders.

(b) Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.² Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)³ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles

² 15 U.S.C. 78f(b).

³ 15 U.S.C. 78f(b)(5).

of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁴ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes that the proposed clarification will protect investors and the marketplace by more accurately describing how the Weeklys Program operates with respect to index options.

Item 4. Self-Regulatory Organization’s Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. More specifically, the Exchange does not believe the proposed change will impose any burden on intramarket competition or intermarket competition as it is merely attempting to better describe a current practice on the Exchange while providing more clarity to Trading Permit Holders.

Item 5. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

Item 6. Extension of Time Period for Commission Action

Not applicable.

⁴ Id.

Item 7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2) or Section 19(b)(7)(D)

(a) The proposed rule change is filed for immediate effectiveness pursuant to Section 19(b)(3)(A) of Act⁵ and Rule 19b-4(f)(6)⁶ thereunder.

(b) The Exchange designates that the proposed rule change effects a change that (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. Additionally, the Exchange has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

The Exchange believes that the proposed changes are non-controversial and do not significantly affect the protection of investors or the public interest because the change is merely an attempt to more accurately describe a current aspect on the Exchange while tailoring the index option rules for the Weeklys Program more closely to how index option series work. In addition, the proposed changes will create more clarity to Trading Permit Holders participating in the Program. Finally, the proposed changes will not have any burden on competition because the changes are an attempt to bring greater clarity to the Exchange's rules and more accurately describe the current practice of the Exchange and other exchanges who offer index Weeklys.

⁵ 15 U.S.C. 78s(b)(3)(A).

⁶ 17 CFR 240.19b-4(f)(6).

For the foregoing reasons, this rule filing qualifies as a “non-controversial” rule change under Rule 19b-4(f)(6), which renders the proposed rule change effective upon filing with the Commission. At any time within 60 days of the filing of this proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to the Short Term Option Series Program

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on [insert date], Chicago Board Options Exchange, Incorporated (the “Exchange” or “CBOE”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to make a minor clarification to the Short Term Option Series Program (the “Program” or “Weekly”) to clarify when series may be added in index option classes. The text of the proposed rule change is available on the Exchange’s website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

² 17 CFR 240.19b-4.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to make a minor change to its Weeklys Program for index option classes. More specifically, the Exchange is proposing to clarify when series of index option classes may be added in the Weeklys Program. The current rule states that "Short Term Option Series may be added up to, and including on, the Short Term Option Expiration Date for that options series."³ The Exchange is proposing to clarify the rule to state that Short Term Option Series may be added "up to, and including on, the last trading day for that option series."

The Exchange believes this clarification will take into account that index options may be A.M.-settled or P.M.-settled. For A.M.-settled options, the settlement occurs the morning of the expiration day, and thus, no trading occurs on expiration day in that series. Because of that, series may not actually be added on the expiration day for the series because it will be after the settlement value has been calculated for that index. The Exchange believes that the proposed language will take into account these A.M.-settled index option series along with P.M.-settled series as P.M.-settled options may be trading

on expiration day because they are not settled until after the close of trading. Thus the proposed language, “on the last trading day” will accommodate both A.M.-settled and P.M.-settled index options.

The Exchange believes that this clarification will more accurately describe when option series may be added in index option classes participating in the Weeklys program creating less confusion for Trading Permit Holders.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁴ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁵ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁶ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

⁴ 15 U.S.C. 78f(b).

⁵ 15 U.S.C. 78f(b)(5).

⁶ Id.

In particular, the Exchange believes that the proposed clarification will protect investors and the marketplace by more accurately describing how the Weeklys Program operates with respect to index options.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. More specifically, the Exchange does not believe the proposed change will impose any burden on intramarket competition or intermarket competition as it is merely attempting to better describe a current practice on the Exchange while providing more clarity to Trading Permit Holders.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

- A. significantly affect the protection of investors or the public interest;
- B. impose any significant burden on competition; and
- C. become operative for 30 days from the date on which it was filed, or such

shorter time as the Commission may designate,

it has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and Rule 19b-4(f)(6)⁸ thereunder. At any time within 60 days of the filing of the proposed rule change, the

⁷ 15 U.S.C. 78s(b)(3)(A).

⁸ 17 CFR 240.19b-4(f)(6).

Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.
