Add Remove View

Exhibit Sent As Paper Document

Copies of any form, report, or questionnaire that the self-regulatory organization proposes to use to help implement or operate the proposed rule change, or that is referred to by the proposed rule change.

**Exhibit 4 - Marked Copies**

Add Remove View

The full text shall be marked, in any convenient manner, to indicate additions to and deletions from the immediately preceding filing. The purpose of Exhibit 4 is to permit the staff to identify immediately the changes made from the text of the rule with which it has been working.

**Exhibit 5 - Proposed Rule Text**

Add Remove View

The self-regulatory organization may choose to attach as Exhibit 5 proposed changes to rule text in place of providing it in Item I and which may otherwise be more easily readable if provided separately from Form 19b-4. Exhibit 5 shall be considered part of the proposed rule change.

**Partial Amendment**

Add Remove View

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

1. Text of the Proposed Rule Change

(a) Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),<sup>1</sup> BATS Exchange, Inc. (“BATS” or “Exchange”) is filing with the Securities and Exchange Commission (“SEC” or “Commission”) a proposed rule change to adopt Exchange Rule 11.27 to implement the Regulation NMS Plan to Implement a Tick Size Pilot Program (“Plan”).<sup>2</sup>

The text of the proposed rule change is attached as Exhibit 5.

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors of the Exchange on February 11, 2014. Exchange staff will advise the Board of Directors of the Exchange of any action taken pursuant to delegated authority. No other action is necessary for the filing of the rule change.

The persons on the Exchange staff prepared to respond to questions and comments on the proposed rule change are:

Eric Swanson  
EVP, General Counsel  
(913) 815-7000

Chris Solgan  
Assistant General Counsel  
(646) 856-8723

---

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> The Exchange notes that proposed rule change is substantially similar to that proposed by FINRA under their proposed Rule 6191. See SR-FINRA-2015-047 (filed November 13, 2015).

If the Commission approves the proposed rule change, the proposed rule change will be effective upon Commission approval, and shall become operative upon commencement of the Pilot Period.

3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

On August 25, 2014, NYSE Group, Inc., on behalf of the Exchange, BATS Y-Exchange, Inc., Chicago Stock Exchange, Inc., EDGA Exchange, Inc., EDGX Exchange, Inc., Financial Industry Regulatory Authority, Inc. (“FINRA”), NASDAQ OMX BX, Inc., NASDAQ OMX PHLX LLC, the Nasdaq Stock Market LLC, New York Stock Exchange LLC (“NYSE”), NYSE MKT LLC, and NYSE Arca, Inc. (collectively “Participants”), filed with the Commission, pursuant to Section 11A of the Act<sup>3</sup> and Rule 608 of Regulation NMS thereunder, the Plan to implement a tick size pilot program (“Pilot”).<sup>4</sup> The Participants filed the Plan to comply with an order issued by the Commission on June 24, 2014.<sup>5</sup> The Plan<sup>6</sup> was published for comment in the Federal Register on November 7, 2014, and approved by the Commission, as modified, on May

<sup>3</sup> 15 U.S.C. 78k-1.

<sup>4</sup> See Letter from Brendon J. Weiss, Vice President, Intercontinental Exchange, Inc., to Secretary, Commission, dated August 25, 2014.

<sup>5</sup> See Securities Exchange Act Release No. 72460 (June 24, 2014), 79 FR 36840 (June 30, 2014).

<sup>6</sup> Unless otherwise specified, capitalized terms used in this rule filing are defined as set forth in the Plan. The Exchange also proposes supplementary material as part of this proposed rule change to, among other things, provide that the terms used in proposed Rule 11.27 shall have the same meaning as provided in the Plan, unless otherwise specified.

6, 2015.<sup>7</sup>

The Plan is designed to allow the Commission, market participants, and the public to study and assess the impact of increment conventions on the liquidity and trading of the common stocks of small-capitalization companies. Each Participant is required to comply with, and to enforce compliance by its member organizations, as applicable, with the provisions of the Plan. As is described more fully below, the proposed rules would require member organizations to comply with the applicable quoting and trading increments for Pilot Securities.<sup>8</sup>

The Pilot will include stocks of companies with \$3 billion or less in market capitalization, an average daily trading volume of one million shares or less, and a volume weighted average price of at least \$2.00 for every trading day. The Pilot will consist of a control group of approximately 1400 Pilot Securities and three test groups with 400 Pilot Securities in each selected by a stratified sampling.<sup>9</sup> During the pilot, Pilot securities in the control group will be quoted and traded at the currently permissible increments. Pilot Securities in the first test group (“Test Group One”) will be quoted in \$0.05 minimum increments but will continue to trade at any price increment that is currently permitted.<sup>10</sup> Pilot Securities in the second test group (“Test Group Two”) will

---

<sup>7</sup> See Securities Exchange Act Release No. 74892 (May 6, 2015), 80 FR 27514 (May 13, 2015) (“Approval Order”).

<sup>8</sup> The Exchange proposes to add Information and Policy .03 to Rule 11.27 to provide that the Rule shall be in effect during a pilot period to coincide with the pilot period for the Plan (including any extensions to the pilot period for the Plan).

<sup>9</sup> See Section V of the Plan for identification of Pilot Securities, including criteria for selection and grouping.

<sup>10</sup> See Section VI(B) of the Plan.

be quoted in \$0.05 minimum increments and will trade at \$0.05 minimum increments subject to a midpoint exception, a retail investor order exception, and a negotiated trade exception.<sup>11</sup> Pilot Securities in the third test group (“Test Group Three”) will be subject to the same restrictions as Test Group Two and also will be subject to the “Trade-at” requirement to prevent price matching by a market participant that is not displaying at a price of a Trading Center’s<sup>12</sup> “Best Protected Bid” or “Best Protected Offer,” unless an enumerated exception applies.<sup>13</sup> In addition to the exceptions provided under Test Group Two, an exception for Block Size orders and exceptions that mirror those under Rule 611 of Regulation NMS<sup>14</sup> will apply to the Trade-at requirement.

#### Compliance with the Quoting and Trading Increments of the Plan

The Plan requires the Exchange to establish, maintain, and enforce written policies and procedures that are reasonably designed to comply with applicable quoting and trading requirements specified in the Plan.<sup>15</sup> Accordingly, the Exchange is proposing

---

<sup>11</sup> See Section VI(C) of the Plan.

<sup>12</sup> The Plan incorporates the definition of “Trading Center” from Rule 600(b)(78) of Regulation NMS. Regulation NMS defines a Trading Center as “a national securities exchange or national securities association that operates an SRO trading facility, an alternative trading system, an exchange market maker, an OTC market maker, or any other broker or dealer that executes orders internally by trading as principal or crossing orders as agent.”

<sup>13</sup> See Section VI(D) of the Plan.

<sup>14</sup> 17 CFR 242.611.

<sup>15</sup> The Exchange is also required by the Plan to develop appropriate policies and procedures that provide for data collection and reporting to the Commission of data described in Appendixes B and C of the Plan. The Exchange intends to separately propose rules that would require compliance by its Members with the collection of data provisions of the Plan described in Section VII of the Plan, and has reserved Paragraph (b) for such rules.

new Rule 11.27 (Compliance with Regulation NMS Plan to Implement a Tick Size Pilot Program) to require Members<sup>16</sup> to comply with the quoting and trading provisions of the Plan.

Proposed Rule 11.27(a) (Compliance with Quoting and Trading Restrictions) sets forth the requirements for the Exchange and Members in meeting their obligations under the Plan. Rule 11.27(a)(1) will require Members to establish, maintain and enforce written policies and procedures that are reasonably designed to comply with the applicable quoting and trading requirements of the Plan. Rule 11.27(a)(2) provides that the Exchange Systems<sup>17</sup> will not display, quote or trade in violation of the applicable quoting and trading requirements for a Pilot Security specified in the Plan and this Rule, unless such quotation or transaction is specifically exempted under the Plan.

Proposed Rule 11.27(a)(3) clarifies the treatment of Pilot Securities that drop below \$1.00 during the Pilot Period. In particular, Rule 11.27(a)(3) provides that, if the price of a Pilot Security drops below \$1.00 during regular trading hours on any trading day, such Pilot Security will continue to be a Pilot Security subject to the Plan. However, if the Closing Price of a Pilot Security on any given trading day is below \$1.00, such Pilot Security will be moved out of its Pilot Test Group into the Control Group, and may

---

<sup>16</sup> The term “Member” is defined as “any registered broker or dealer, or any person associated with a registered broker or dealer, that has been admitted to membership in the Exchange. A Member will have the status of a “member” of the Exchange as that term is defined in Section 3(a)(3) of the Act.” See Exchange Rule 1.5(n).

<sup>17</sup> The term “System” is defined as “the electronic communications and trading facility designated by the Board through which securities orders of Users are consolidated for ranking, execution and, when applicable, routing away.” See Exchange Rule 1.5(aa).

then be quoted and traded at any price increment that is currently permitted for the remainder of the Pilot Period. Rule 11.27(a)(3) also provides that, notwithstanding anything contained within these rules to the contrary, Pilot Securities (whether in the Control Group or any Pilot Test Group) will continue to be subject to the data collection requirements of the Plan at all times during the Pilot Period and for the six-month period following the end of the Pilot Period.

In approving the Plan, the Commission noted that the Participants had proposed additional selection criteria to minimize the likelihood that securities that trade with a share price of \$1.00 or less would be included in the Pilot, and stated that, once established, the universe of Pilot Securities should stay as consistent as possible so that the analysis and data can be accurate throughout the Pilot Period.<sup>18</sup> The Exchange notes that a Pilot Security that drops below \$1.00 during regular trading hours will remain in its applicable Test Group; a Pilot Security will only be moved to the Control Group if its Closing Price on any given trading day is below \$1.00. The Exchange believes that this provision is appropriate because it will help ensure that Pilot Securities in Test Groups One, Two and Three continue to reflect the Pilot's selection criteria, helping ensure the accuracy of the resulting data. The Exchange also believes that this provision is appropriate because it responds to comments that the Plan address the treatment of securities that trade below \$1.00 during the Pilot Period.<sup>19</sup>

Proposed Rule 11.27(a)(4) sets forth the applicable limitations for securities in Test Group One. Consistent with the language of the Plan, Rule 11.27(a)(4) provides that

---

<sup>18</sup> See Approval Order, supra note 6, 80 FR at 27535.

<sup>19</sup> Id.

no Member may display, rank, or accept from any person any displayable or non-displayable bids or offers, orders, or indications of interest in any Pilot Security in Test Group One in increments other than \$0.05. However, orders priced to execute at the midpoint of the national best bid and national best offer (“NBBO”) or best protected bid and best protected offer (“PBBO”)<sup>20</sup> and orders entered in a Participant-operated retail liquidity program may be ranked and accepted in increments of less than \$0.05. Pilot Securities in Test Group One may continue to trade at any price increment that is currently permitted by applicable Participant, SEC and Exchange rules.

Proposed Rule 11.27(a)(5) sets forth the applicable quoting and trading requirements for securities in Test Group Two. This provision states that no Member may display, rank, or accept from any person any displayable or non-displayable bids or offers, orders, or indications of interest in any Pilot Security in Test Group Two in increments other than \$0.05. However, orders priced to execute at the midpoint of the NBBO or PBBO and orders entered in a Participant-operated retail liquidity program may be ranked and accepted in increments of less than \$0.05.

Proposed Rule 11.27(a)(5) also sets forth the applicable trading restrictions for

---

<sup>20</sup> Regulation NMS defines a protected bid or protected offer as a quotation in an NMS stock that (1) is displayed by an automated trading center; (2) is disseminated pursuant to an effective national market system plan; and (3) is an automated quotation that is the best bid or best offer of a national securities exchange, the best bid or best offer of The Nasdaq Stock Market, Inc., or the best bid or best offer of a national securities association other than the best bid or best offer of The Nasdaq Stock Market, Inc. See 17 CFR 242.600(57). In the Approval Order, the Commission noted that the protected quotation standard encompasses the aggregate of the most aggressively priced displayed liquidity on all Trading Centers, whereas the NBBO standard is limited to the single best order in the market. See Approval Order, supra note 6, 80 FR at 27539.

Test Group Two securities. Absent any of the exceptions listed in the Rule, no Member may execute orders in any Pilot Security in Test Group Two in price increments other than \$0.05. The \$0.05 trading increment will apply to all trades, including Brokered Cross Trades.

Consistent with the language of the Plan, the Rule provides that Pilot Securities in Test Group Two may trade in increments of less than \$0.05 under the following circumstances: (1) trading may occur at the midpoint between the NBBO or the PBBO; (2) Retail Investor Orders may be provided with price improvement that is at least \$0.005 better than the PBBO; and (3) Negotiated Trades may trade in increments of less than \$0.05.

Proposed Rule 11.27(a)(6) sets forth the applicable quoting and trading restrictions for Pilot Securities in Test Group Three. The rule provides that no Member may display, rank, or accept from any person any displayable or non-displayable bids or offers, orders, or indications of interest in any Pilot Security in Test Group Three in increments other than \$0.05. However, orders priced to execute at the midpoint of the NBBO or PBBO and orders entered in a Participant-operated retail liquidity program may be ranked and accepted in increments of less than \$0.05. The rule also states that, absent any of the applicable exceptions, no Member that operates a Trading Center may execute orders in any Pilot Security in Test Group Three in price increments other than \$0.05. The \$0.05 trading increment will apply to all trades, including Brokered Cross Trades.<sup>21</sup>

---

<sup>21</sup> A brokered cross trade is a trade that a broker-dealer that is a member of a Participant executes directly by matching simultaneous buy and sell orders for a Pilot Security. See Section I(G) of the Plan.

Proposed Rule 11.27(a)(6)(C) sets forth the exceptions pursuant to which Pilot Securities in Test Group Three may trade in increments of less than \$0.05. First, trading may occur at the midpoint between the NBBO or PBBO. Second, Retail Investor Orders may be provided with price improvement that is at least \$0.005 better than the PBBO. Third, Negotiated Trades may trade in increments of less than \$0.05.

Proposed Rule 11.27(a)(6)(D) sets forth the “Trade-at Prohibition,” which is the prohibition against executions by a Member that operates a Trading Center of a sell order for a Pilot Security in Test Group Three at the price of a Protected Bid or the execution of a buy order for a Pilot Security in Test Group Three at the price of a Protected Offer during regular trading hours, absent any of the exceptions set forth in Rule 11.27(a)(6)(D). Consistent with the Plan, the rule reiterates that a member that operates a Trading Center that is displaying a quotation, via either a processor or an SRO quotation feed, that is a Protected Bid or Protected Offer is permitted to execute orders at that level, but only up to the amount of its displayed size. A Member that operates a Trading Center that was not displaying a quotation that is the same price as a Protected Quotation, via either a processor or an SRO quotation feed, is prohibited from price-matching protected quotations unless an exception applies.

Consistent with the Plan, proposed Rule 11.27(a)(6)(D) also sets forth the exceptions to the Trade-at prohibition, pursuant to which a Member that operates a Trading Center may execute a sell order for a Pilot Security in Test Group Three at the price of a Protected Bid or execute a buy order for a Pilot Security in Test Group Three at the price of a Protected Offer. The first exception to the Trade-at Prohibition is the “display exception,” which allows a trade to occur at the price of the Protected Quotation,

up to the Trading Center's full displayed size, if the order "is executed by a trading center that is displaying a quotation."<sup>22</sup>

In Rule 11.27(a)(6)(D), the Exchange proposes that a Member that utilizes the independent aggregation unit concept may satisfy the display exception only if the same independent aggregation unit that displays interest via either a processor or an SRO Quotation Feed also executes an order in reliance upon this exception. The rule provides that "independent aggregation unit" has the same meaning as provided under Rule 200(f) of SEC Regulation SHO.<sup>23</sup> This provision also recognizes that not all members may utilize the independent aggregation unit concept as part of their regulatory structure, and still permits such members to utilize the display exception if all the other requirements of that exception are met.

As initially proposed by the Participants, the Plan contained an additional condition to the display exception, which would have required that, where the quotation is displayed through a national securities exchange, the execution at the size of the order must occur against the displayed size on that national securities exchange; and where the quotation is displayed through the Alternative Display Facility or another facility

---

<sup>22</sup> See Section VI(D)(1) of the Plan.

<sup>23</sup> 17 CFR 242.200. Treatment as an independent aggregation unit is available if traders in an aggregation unit pursue only the particular trading objective(s) or strategy(ies) of that aggregation unit and do not coordinate that strategy with any other aggregation unit. Therefore, one independent aggregation unit within a Trading Center cannot execute trades pursuant to the display exception in reliance on quotations displayed by a different independent aggregation unit. As an example, an agency desk of a Trading Center cannot rely on the quotation of a proprietary desk in a separate independent aggregation unit at that same Trading Center.

approved by the Commission that does not provide execution functionality, the execution at the size of the order must occur against the displayed size in accordance with the rules of the Alternative Display Facility of such approved facility (“venue limitation”).<sup>24</sup>

Some commenters stated that this provision was anti-competitive, as it would have forced off-exchange Trading Centers to route orders to the venue on which the order was displayed.<sup>25</sup>

In approving the Plan, the Commission modified the Trade-At Prohibition to remove the venue limitation.<sup>26</sup> The Commission noted that the venue limitation was not prescribed in its Order mandating the filing of the Plan.<sup>27</sup> The Commission also noted that the venue limitation would have unnecessarily restricted the ability of off-exchange market participants to execute orders in Test Group Three Securities, and that removing the venue limitation should mitigate concerns about the cost and complexity of the Pilot by reducing the need for off-exchange Trading Centers to route to the exchange.<sup>28</sup> The Commission also stated that the venue limitation did not create any additional incentives to display liquidity in furtherance of the purposes of the Trade-At Prohibition, because the requirement that a Trading Center could only trade at a protected quotation up to its displayed size should be sufficient to incentivize displayed liquidity.<sup>29</sup>

---

<sup>24</sup> See Securities Exchange Act Release No. 73511 (November 3, 2014), 79 FR 66423, 66437 (November 7, 2014).

<sup>25</sup> See Approval Order, supra note 6, 80 FR at 27540.

<sup>26</sup> Id.

<sup>27</sup> Id.

<sup>28</sup> Id.

<sup>29</sup> Id.

Consistent with Plan and the SEC's determination to remove the venue limitation, the Exchange is making clear that the display exception applies to trades done by a Trading Center otherwise than on an exchange where the Trading Center has previously displayed a quotation in either an agency or a principal capacity. As part of the display exception, the Exchange also proposes that a Trading Center that is displaying a quotation as agent or riskless principal may only execute as agent or riskless principal, while a Trading Center displaying a quotation as principal (excluding riskless principal) may execute either as principal or agent or riskless principal. The Exchange believes this is consistent with the Plan and the objective of the Trade-at Prohibition, which is to promote the display of liquidity and generally to prevent any Trading Center that is not quoting from price-matching Protected Quotations.<sup>30</sup> Providing that a Trading Center may not execute on a proprietary basis in reliance on a quotation representing customer interest (whether agency or riskless principal) ensures that the Trading Center cannot avoid compliance with the Trade-at Prohibition by trading on a proprietary basis in reliance on a quotation that does not represent such Trading Center's own interest. Where a Trading Center is displaying a quotation at the same price as a Protected

---

<sup>30</sup> The Exchange notes that proposed Rule 11.27(a)(6)(D)(ii) a. is identical to that proposed by FINRA under their proposed Rule 6191(a)(6)(D)(ii) a. See SR-FINRA-2015-047 (filed November 13, 2015). The Exchange also notes that the New York Stock Exchange, Inc. ("NYSE") has recently proposed a rule that states the display exception would only apply to trades done by a Trading Center otherwise than on an exchange where the Trading Center has previously displayed a quotation in a principal capacity only. See Securities Exchange Act Release No. 76229 (October 22, 2015), 80 FR 66065 (October 28, 2015) (SR-NYSE-2015-46) (proposing NYSE Rule 67(e)(4)(C)(i)). The Exchange does not believe proposed NYSE Rule 67(e)(4)(C)(i) is consistent with the SEC's modification of the Trade-At Prohibition to remove the venue limitation.

Quotation in a proprietary capacity, transactions in any capacity at the price and up to the size of such Trading Center's displayed quotation would be permissible. Transactions executed pursuant to the display exception may occur on the venue on which such quotation is displayed or over the counter.

The proposal also excepts Block Size orders<sup>31</sup> and permits Trading Centers to trade at the price of a Protected Quotation, provided that the order is of Block Size at the time of origin and is not an aggregation of non-block orders, broken into orders smaller than Block Size prior to submitting the order to a Trading Center for execution; or executed on multiple Trading Centers.<sup>32</sup> The Plan only provides that Block Size orders shall be exempted from the Trade-At Prohibition. In requiring that the order be of Block Size at the time of origin and not an aggregation of non-block orders, or broken into orders smaller than Block Size prior to submitting the order to a Trading Center for execution; or executed on multiple Trading Centers, the Exchange believes that it is providing clarity as to the circumstances under which a Block Size order will be excepted from the Trade-At Prohibition.

Consistent with the Plan, the proposal also excepts an order that is a Retail Investor Order that is executed with at least \$0.005 price improvement.

The exceptions set forth in proposed Rule 11.27(a)(6)(D)(ii) d. through l. are

---

<sup>31</sup> "Block Size" is defined in the Plan as an order (1) of at least 5,000 shares or (2) for a quantity of stock having a market value of at least \$100,000.

<sup>32</sup> Once a Block Size order or portion of such Block Size order is routed from one Trading Center to another Trading Center in compliance with Rule 611 of Regulation NMS, the Block Size order would lose the proposed Trade-at exemption, unless the Block Size remaining after the first route and execution meets the Block Size definition under the Plan.

based on the exceptions found in Rule 611 of Regulation NMS.<sup>33</sup> The subparagraph d. exception applies when the order is executed when the Trading Center displaying the Protected Quotation that was traded at was experiencing a failure, material delay, or malfunction of its systems or equipment. The subparagraph e. exception applies to an order that is executed as part of a transaction that was not a “regular way” contract. The subparagraph f. exception applies to an order that is executed as part of a single-priced opening, reopening, or closing transaction by the Trading Center. The subparagraph g. exception applies to an order that is executed when a Protected Bid was priced higher than a Protected Offer in a Pilot Security. The subparagraph h. exception applies when the order is identified as a Trade-at Intermarket Sweep Order. The subparagraph i. exception applies when the order is executed by a Trading Center that simultaneously routed Trade-at Intermarket Sweep Orders to execute against the full displayed size of the Protected Quotation that was traded at. The subparagraph j. exception applies when the order is executed as part of a Negotiated Trade. The subparagraph k. exception applies when the order is executed when the Trading Center displaying the Protected Quotation that was traded at had displayed, within one second prior to execution of the transaction that constituted the Trade-at, a Best Protected Bid or Best Protected Offer, as applicable, for the Pilot Security with a price that was inferior to the price of the Trade-at transaction.

The exception proposed in subparagraph l. applies to a “stopped order.” Both the Plan and Rule 11.27(a)(6) define a “stopped order” as an order that is executed by a Trading Center which, at the time of order receipt, the Trading Center had guaranteed an

---

<sup>33</sup> See 17 CFR 242.611.

execution at no worse than a specified price, where (1) the stopped order was for the account of a customer; (2) the customer agreed to the specified price on an order-by-order basis; and (3) the price of the Trade-at transaction was, for a stopped buy order, equal to the National Best Bid in the Pilot Security at the time of execution or, for a stopped sell order, equal to the National Best Offer in the Pilot Security at the time of execution.

Consistent with the Plan, the final exception to the Trade-At Prohibition and its accompanying supplementary material applies to an order that is for a fractional share of a Pilot Security. The supplementary material provides that such fractional share orders may not be the result of breaking an order for one or more whole shares of a Pilot Security into orders for fractional shares or that otherwise were effected to evade the requirements of the Trade-at Prohibition or any other provisions of the Plan. In approving the Plan, the Commission noted that this exception was appropriate, as there could be potential difficulty in the routing and executing of fractional shares.<sup>34</sup>

If the Commission approves the proposed rule change, the proposed rule change will be effective upon Commission approval and shall become operative upon the commencement of the Pilot Period.

(b) Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act<sup>35</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act<sup>36</sup> in particular, in that it is designed to promote just and equitable principles of trade, to foster

---

<sup>34</sup> See Approval Order, *supra* note 6, 80 FR at 27541.

<sup>35</sup> 15 U.S.C. 78f(b).

<sup>36</sup> 15 U.S.C. 78f(b)(5).

cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange believes that this proposal is consistent with the Act because it implements, interprets, and clarifies the provisions of the Plan, and is designed to assist the Exchange and Members in meeting regulatory obligations pursuant to the Plan. In approving the Plan, the SEC noted that the Pilot was an appropriate, data-driven test that was designed to evaluate the impact of a wider tick size on trading, liquidity, and the market quality of securities of smaller capitalization companies, and was therefore in furtherance of the purposes of the Act. To the extent that this proposal implements, interprets, and clarifies the Plan and applies specific requirements to Members, the Exchange believes that this proposal is in furtherance of the objectives of the Plan, as identified by the SEC, and is therefore consistent with the Act.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange notes that the proposed rule change implements the provisions of the Plan, and is designed to assist the Exchange in meeting its regulatory obligations pursuant to the Plan. The Exchange also notes that the quoting and trading requirements of the Plan will apply equally to all Members that trade Pilot Securities.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

6. Extension of Time Period for Commission Action

The Exchange does not consent at this time to an extension of the time period for Commission action specified in Section 19(b)(2) of the Act.<sup>37</sup>

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2) or Section 19(b)(7)(D)

Not applicable.

8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission

Not applicable.

9. Security-Based Swap Submissions Filed Pursuant to Section 3C of the Act

Not applicable.

10. Advance Notices Filed Pursuant to Section 806(e) of the Payment, Clearing and Settlement Supervision Act

Not applicable.

11. Exhibits

Exhibit 1. Completed notice of proposed rule change for publication in the Federal Register.

Exhibit 5. Text of the proposed rule change.

---

<sup>37</sup> 15 U.S.C. 78s(b)(2).

EXHIBIT 1

## SECURITIES AND EXCHANGE COMMISSION

(Release No. 34-\_\_\_\_\_; File No. SR-BATS-2015-108)

## Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing of a Proposed Rule Change to Adopt Rule 11.27 Regarding the Quoting and Trading Requirements of the Tick Size Pilot Program

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on \_\_\_\_\_, BATS Exchange, Inc. (the “Exchange” or “BATS”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to adopt Exchange Rule 11.27 to implement the Regulation NMS Plan to Implement a Tick Size Pilot Program (“Plan”).<sup>3</sup>

The text of the proposed rule change is available at the Exchange’s website at [www.batstrading.com](http://www.batstrading.com), at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis

---

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

<sup>3</sup> The Exchange notes that proposed rule change is substantially similar to that proposed by FINRA under their proposed Rule 6191. See SR-FINRA-2015-047 (filed November 13, 2015).

for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On August 25, 2014, NYSE Group, Inc., on behalf of the Exchange, BATS Y-Exchange, Inc., Chicago Stock Exchange, Inc., EDGA Exchange, Inc., EDGX Exchange, Inc., Financial Industry Regulatory Authority, Inc. ("FINRA"), NASDAQ OMX BX, Inc., NASDAQ OMX PHLX LLC, the Nasdaq Stock Market LLC, New York Stock Exchange LLC ("NYSE"), NYSE MKT LLC, and NYSE Arca, Inc. (collectively "Participants"), filed with the Commission, pursuant to Section 11A of the Act<sup>4</sup> and Rule 608 of Regulation NMS thereunder, the Plan to implement a tick size pilot program ("Pilot").<sup>5</sup> The Participants filed the Plan to comply with an order issued by the Commission on June 24, 2014.<sup>6</sup> The Plan<sup>7</sup> was published for comment in the Federal

---

<sup>4</sup> 15 U.S.C. 78k-1.

<sup>5</sup> See Letter from Brendon J. Weiss, Vice President, Intercontinental Exchange, Inc., to Secretary, Commission, dated August 25, 2014.

<sup>6</sup> See Securities Exchange Act Release No. 72460 (June 24, 2014), 79 FR 36840 (June 30, 2014).

<sup>7</sup> Unless otherwise specified, capitalized terms used in this rule filing are defined as set forth in the Plan. The Exchange also proposes supplementary material as part

Register on November 7, 2014, and approved by the Commission, as modified, on May 6, 2015.<sup>8</sup>

The Plan is designed to allow the Commission, market participants, and the public to study and assess the impact of increment conventions on the liquidity and trading of the common stocks of small-capitalization companies. Each Participant is required to comply with, and to enforce compliance by its member organizations, as applicable, with the provisions of the Plan. As is described more fully below, the proposed rules would require Members<sup>9</sup> to comply with the applicable quoting and trading increments for Pilot Securities.<sup>10</sup>

The Pilot will include stocks of companies with \$3 billion or less in market capitalization, an average daily trading volume of one million shares or less, and a volume weighted average price of at least \$2.00 for every trading day. The Pilot will consist of a control group of approximately 1400 Pilot Securities and three test groups

---

of this proposed rule change to, among other things, provide that the terms used in proposed Rule 11.27 shall have the same meaning as provided in the Plan, unless otherwise specified.

<sup>8</sup> See Securities Exchange Act Release No. 74892 (May 6, 2015), 80 FR 27514 (May 13, 2015) (“Approval Order”).

<sup>9</sup> The term “Member” is defined as “any registered broker or dealer, or any person associated with a registered broker or dealer, that has been admitted to membership in the Exchange. A Member will have the status of a “member” of the Exchange as that term is defined in Section 3(a)(3) of the Act.” See Exchange Rule 1.5(n).

<sup>10</sup> The Exchange proposes to add Information and Policy .03 to Rule 11.27 to provide that the Rule shall be in effect during a pilot period to coincide with the pilot period for the Plan (including any extensions to the pilot period for the Plan).

with 400 Pilot Securities in each selected by a stratified sampling.<sup>11</sup> During the pilot, Pilot securities in the control group will be quoted and traded at the currently permissible increments. Pilot Securities in the first test group (“Test Group One”) will be quoted in \$0.05 minimum increments but will continue to trade at any price increment that is currently permitted.<sup>12</sup> Pilot Securities in the second test group (“Test Group Two”) will be quoted in \$0.05 minimum increments and will trade at \$0.05 minimum increments subject to a midpoint exception, a retail investor order exception, and a negotiated trade exception.<sup>13</sup> Pilot Securities in the third test group (“Test Group Three”) will be subject to the same restrictions as Test Group Two and also will be subject to the “Trade-at” requirement to prevent price matching by a market participant that is not displaying at a price of a Trading Center’s<sup>14</sup> “Best Protected Bid” or “Best Protected Offer,” unless an enumerated exception applies.<sup>15</sup> In addition to the exceptions provided under Test Group Two, an exception for Block Size orders and exceptions that mirror those under Rule 611 of Regulation NMS<sup>16</sup> will apply to the Trade-at requirement.

---

<sup>11</sup> See Section V of the Plan for identification of Pilot Securities, including criteria for selection and grouping.

<sup>12</sup> See Section VI(B) of the Plan.

<sup>13</sup> See Section VI(C) of the Plan.

<sup>14</sup> The Plan incorporates the definition of “Trading Center” from Rule 600(b)(78) of Regulation NMS. Regulation NMS defines a Trading Center as “a national securities exchange or national securities association that operates an SRO trading facility, an alternative trading system, an exchange market maker, an OTC market maker, or any other broker or dealer that executes orders internally by trading as principal or crossing orders as agent.”

<sup>15</sup> See Section VI(D) of the Plan.

<sup>16</sup> 17 CFR 242.611.

Compliance with the Quoting and Trading Increments of the Plan

The Plan requires the Exchange to establish, maintain, and enforce written policies and procedures that are reasonably designed to comply with applicable quoting and trading requirements specified in the Plan.<sup>17</sup> Accordingly, the Exchange is proposing new Rule 11.27 (Compliance with Regulation NMS Plan to Implement a Tick Size Pilot Program) to require Members to comply with the quoting and trading provisions of the Plan.

Proposed Rule 11.27(a) (Compliance with Quoting and Trading Restrictions) sets forth the requirements for the Exchange and Members in meeting their obligations under the Plan. Rule 11.27(a)(1) will require Members to establish, maintain and enforce written policies and procedures that are reasonably designed to comply with the applicable quoting and trading requirements of the Plan. Rule 11.27(a)(2) provides that the Exchange Systems<sup>18</sup> will not display, quote or trade in violation of the applicable quoting and trading requirements for a Pilot Security specified in the Plan and this Rule, unless such quotation or transaction is specifically exempted under the Plan.

Proposed Rule 11.27(a)(3) clarifies the treatment of Pilot Securities that drop

---

<sup>17</sup> The Exchange is also required by the Plan to develop appropriate policies and procedures that provide for data collection and reporting to the Commission of data described in Appendixes B and C of the Plan. The Exchange intends to separately propose rules that would require compliance by its Members with the collection of data provisions of the Plan described in Section VII of the Plan, and has reserved Paragraph (b) for such rules.

<sup>18</sup> The term “System” is defined as “the electronic communications and trading facility designated by the Board through which securities orders of Users are consolidated for ranking, execution and, when applicable, routing away.” See Exchange Rule 1.5(aa).

below \$1.00 during the Pilot Period. In particular, Rule 11.27(a)(3) provides that, if the price of a Pilot Security drops below \$1.00 during regular trading hours on any trading day, such Pilot Security will continue to be a Pilot Security subject to the Plan. However, if the Closing Price of a Pilot Security on any given trading day is below \$1.00, such Pilot Security will be moved out of its Pilot Test Group into the Control Group, and may then be quoted and traded at any price increment that is currently permitted for the remainder of the Pilot Period. Rule 11.27(a)(3) also provides that, notwithstanding anything contained within these rules to the contrary, Pilot Securities (whether in the Control Group or any Pilot Test Group) will continue to be subject to the data collection requirements of the Plan at all times during the Pilot Period and for the six-month period following the end of the Pilot Period.

In approving the Plan, the Commission noted that the Participants had proposed additional selection criteria to minimize the likelihood that securities that trade with a share price of \$1.00 or less would be included in the Pilot, and stated that, once established, the universe of Pilot Securities should stay as consistent as possible so that the analysis and data can be accurate throughout the Pilot Period.<sup>19</sup> The Exchange notes that a Pilot Security that drops below \$1.00 during regular trading hours will remain in its applicable Test Group; a Pilot Security will only be moved to the Control Group if its Closing Price on any given trading day is below \$1.00. The Exchange believes that this provision is appropriate because it will help ensure that Pilot Securities in Test Groups One, Two and Three continue to reflect the Pilot's selection criteria, helping ensure the

---

<sup>19</sup> See Approval Order, supra note 7, 80 FR at 27535.

accuracy of the resulting data. The Exchange also believes that this provision is appropriate because it responds to comments that the Plan address the treatment of securities that trade below \$1.00 during the Pilot Period.<sup>20</sup>

Proposed Rule 11.27(a)(4) sets forth the applicable limitations for securities in Test Group One. Consistent with the language of the Plan, Rule 11.27(a)(4) provides that no Member may display, rank, or accept from any person any displayable or non-displayable bids or offers, orders, or indications of interest in any Pilot Security in Test Group One in increments other than \$0.05. However, orders priced to execute at the midpoint of the national best bid and national best offer (“NBBO”) or best protected bid and best protected offer (“PBBO”)<sup>21</sup> and orders entered in a Participant-operated retail liquidity program may be ranked and accepted in increments of less than \$0.05. Pilot Securities in Test Group One may continue to trade at any price increment that is currently permitted by applicable Participant, SEC and Exchange rules.

Proposed Rule 11.27(a)(5) sets forth the applicable quoting and trading requirements for securities in Test Group Two. This provision states that no Member

---

<sup>20</sup> Id.

<sup>21</sup> Regulation NMS defines a protected bid or protected offer as a quotation in an NMS stock that (1) is displayed by an automated trading center; (2) is disseminated pursuant to an effective national market system plan; and (3) is an automated quotation that is the best bid or best offer of a national securities exchange, the best bid or best offer of The Nasdaq Stock Market, Inc., or the best bid or best offer of a national securities association other than the best bid or best offer of The Nasdaq Stock Market, Inc. See 17 CFR 242.600(57). In the Approval Order, the Commission noted that the protected quotation standard encompasses the aggregate of the most aggressively priced displayed liquidity on all Trading Centers, whereas the NBBO standard is limited to the single best order in the market. See Approval Order, supra note 7, 80 FR at 27539.

may display, rank, or accept from any person any displayable or non-displayable bids or offers, orders, or indications of interest in any Pilot Security in Test Group Two in increments other than \$0.05. However, orders priced to execute at the midpoint of the NBBO or PBBO and orders entered in a Participant-operated retail liquidity program may be ranked and accepted in increments of less than \$0.05.

Proposed Rule 11.27(a)(5) also sets forth the applicable trading restrictions for Test Group Two securities. Absent any of the exceptions listed in the Rule, no Member may execute orders in any Pilot Security in Test Group Two in price increments other than \$0.05. The \$0.05 trading increment will apply to all trades, including Brokered Cross Trades.

Consistent with the language of the Plan, the Rule provides that Pilot Securities in Test Group Two may trade in increments of less than \$0.05 under the following circumstances: (1) trading may occur at the midpoint between the NBBO or the PBBO; (2) Retail Investor Orders may be provided with price improvement that is at least \$0.005 better than the PBBO; and (3) Negotiated Trades may trade in increments of less than \$0.05.

Proposed Rule 11.27(a)(6) sets forth the applicable quoting and trading restrictions for Pilot Securities in Test Group Three. The rule provides that no Member may display, rank, or accept from any person any displayable or non-displayable bids or offers, orders, or indications of interest in any Pilot Security in Test Group Three in increments other than \$0.05. However, orders priced to execute at the midpoint of the NBBO or PBBO and orders entered in a Participant-operated retail liquidity program may be ranked and accepted in increments of less than \$0.05. The rule also states that, absent

any of the applicable exceptions, no Member that operates a Trading Center may execute orders in any Pilot Security in Test Group Three in price increments other than \$0.05.

The \$0.05 trading increment will apply to all trades, including Brokered Cross Trades.<sup>22</sup>

Proposed Rule 11.27(a)(6)(C) sets forth the exceptions pursuant to which Pilot Securities in Test Group Three may trade in increments of less than \$0.05. First, trading may occur at the midpoint between the NBBO or PBBO. Second, Retail Investor Orders may be provided with price improvement that is at least \$0.005 better than the PBBO. Third, Negotiated Trades may trade in increments of less than \$0.05.

Proposed Rule 11.27(a)(6)(D) sets forth the “Trade-at Prohibition,” which is the prohibition against executions by a Member that operates a Trading Center of a sell order for a Pilot Security in Test Group Three at the price of a Protected Bid or the execution of a buy order for a Pilot Security in Test Group Three at the price of a Protected Offer during regular trading hours, absent any of the exceptions set forth in Rule 11.27(a)(6)(D). Consistent with the Plan, the rule reiterates that a member that operates a Trading Center that is displaying a quotation, via either a processor or an SRO quotation feed, that is a Protected Bid or Protected Offer is permitted to execute orders at that level, but only up to the amount of its displayed size. A Member that operates a Trading Center that was not displaying a quotation that is the same price as a Protected Quotation, via either a processor or an SRO quotation feed, is prohibited from price-matching protected quotations unless an exception applies.

---

<sup>22</sup> A brokered cross trade is a trade that a broker-dealer that is a member of a Participant executes directly by matching simultaneous buy and sell orders for a Pilot Security. See Section I(G) of the Plan.

Consistent with the Plan, proposed Rule 11.27(a)(6)(D) also sets forth the exceptions to the Trade-at prohibition, pursuant to which a Member that operates a Trading Center may execute a sell order for a Pilot Security in Test Group Three at the price of a Protected Bid or execute a buy order for a Pilot Security in Test Group Three at the price of a Protected Offer. The first exception to the Trade-at Prohibition is the “display exception,” which allows a trade to occur at the price of the Protected Quotation, up to the Trading Center’s full displayed size, if the order “is executed by a trading center that is displaying a quotation.”<sup>23</sup>

In Rule 11.27(a)(6)(D), the Exchange proposes that a Member that utilizes the independent aggregation unit concept may satisfy the display exception only if the same independent aggregation unit that displays interest via either a processor or an SRO Quotation Feed also executes an order in reliance upon this exception.. The rule provides that “independent aggregation unit” has the same meaning as provided under Rule 200(f) of SEC Regulation SHO.<sup>24</sup> This provision also recognizes that not all members may utilize the independent aggregation unit concept as part of their regulatory structure, and still permits such members to utilize the display exception if all the other requirements of

---

<sup>23</sup> See Section VI(D)(1) of the Plan.

<sup>24</sup> 17 CFR 242.200. Treatment as an independent aggregation unit is available if traders in an aggregation unit pursue only the particular trading objective(s) or strategy(ies) of that aggregation unit and do not coordinate that strategy with any other aggregation unit. Therefore, one independent aggregation unit within a Trading Center cannot execute trades pursuant to the display exception in reliance on quotations displayed by a different independent aggregation unit. As an example, an agency desk of a Trading Center cannot rely on the quotation of a proprietary desk in a separate independent aggregation unit at that same Trading Center.

that exception are met.

As initially proposed by the Participants, the Plan contained an additional condition to the display exception, which would have required that, where the quotation is displayed through a national securities exchange, the execution at the size of the order must occur against the displayed size on that national securities exchange; and where the quotation is displayed through the Alternative Display Facility or another facility approved by the Commission that does not provide execution functionality, the execution at the size of the order must occur against the displayed size in accordance with the rules of the Alternative Display Facility of such approved facility (“venue limitation”).<sup>25</sup> Some commenters stated that this provision was anti-competitive, as it would have forced off-exchange Trading Centers to route orders to the venue on which the order was displayed.<sup>26</sup>

In approving the Plan, the Commission modified the Trade-At Prohibition to remove the venue limitation.<sup>27</sup> The Commission noted that the venue limitation was not prescribed in its Order mandating the filing of the Plan.<sup>28</sup> The Commission also noted that the venue limitation would have unnecessarily restricted the ability of off-exchange market participants to execute orders in Test Group Three Securities, and that removing the venue limitation should mitigate concerns about the cost and complexity of the Pilot

---

<sup>25</sup> See Securities Exchange Act Release No. 73511 (November 3, 2014), 79 FR 66423, 66437 (November 7, 2014).

<sup>26</sup> See Approval Order, supra note 7, 80 FR at 27540.

<sup>27</sup> Id.

<sup>28</sup> Id.

by reducing the need for off-exchange Trading Centers to route to the exchange.<sup>29</sup> The Commission also stated that the venue limitation did not create any additional incentives to display liquidity in furtherance of the purposes of the Trade-At Prohibition, because the requirement that a Trading Center could only trade at a protected quotation up to its displayed size should be sufficient to incentivize displayed liquidity.<sup>30</sup>

Consistent with Plan and the SEC's determination to remove the venue limitation, the Exchange is making clear that the display exception applies to trades done by a Trading Center otherwise than on an exchange where the Trading Center has previously displayed a quotation in either an agency or a principal capacity. As part of the display exception, the Exchange also proposes that a Trading Center that is displaying a quotation as agent or riskless principal may only execute as agent or riskless principal, while a Trading Center displaying a quotation as principal (excluding riskless principal) may execute either as principal or agent or riskless principal. The Exchange believes this is consistent with the Plan and the objective of the Trade-at Prohibition, which is to promote the display of liquidity and generally to prevent any Trading Center that is not quoting from price-matching Protected Quotations.<sup>31</sup> Providing that a Trading Center

---

<sup>29</sup> Id.

<sup>30</sup> Id.

<sup>31</sup> The Exchange notes that proposed Rule 11.27(a)(6)(D)(ii) a. is identical to that proposed by FINRA under their proposed Rule 6191(a)(6)(D)(ii) a. See SR-FINRA-2015-047 (filed November 13, 2015). The Exchange also notes that the New York Stock Exchange, Inc. ("NYSE") has recently proposed a rule that states the display exception would only apply to trades done by a Trading Center otherwise than on an exchange where the Trading Center has previously displayed a quotation in a principal capacity only. See Securities Exchange Act Release No. 76229 (October 22, 2015), 80 FR 66065 (October 28, 2015) (SR-NYSE-2015-46)

may not execute on a proprietary basis in reliance on a quotation representing customer interest (whether agency or riskless principal) ensures that the Trading Center cannot avoid compliance with the Trade-at Prohibition by trading on a proprietary basis in reliance on a quotation that does not represent such Trading Center's own interest. Where a Trading Center is displaying a quotation at the same price as a Protected Quotation in a proprietary capacity, transactions in any capacity at the price and up to the size of such Trading Center's displayed quotation would be permissible. Transactions executed pursuant to the display exception may occur on the venue on which such quotation is displayed or over the counter.

The proposal also excepts Block Size orders<sup>32</sup> and permits Trading Centers to trade at the price of a Protected Quotation, provided that the order is of Block Size at the time of origin and is not an aggregation of non-block orders, broken into orders smaller than Block Size prior to submitting the order to a Trading Center for execution; or executed on multiple Trading Centers.<sup>33</sup> The Plan only provides that Block Size orders shall be exempted from the Trade-At Prohibition. In requiring that the order be of Block Size at the time of origin and not an aggregation of non-block orders, or broken into

---

(proposing NYSE Rule 67(e)(4)(C)(i)). The Exchange does not believe proposed NYSE Rule 67(e)(4)(C)(i) is consistent with the SEC's modification of the Trade-At Prohibition to remove the venue limitation.

<sup>32</sup> "Block Size" is defined in the Plan as an order (1) of at least 5,000 shares or (2) for a quantity of stock having a market value of at least \$100,000.

<sup>33</sup> Once a Block Size order or portion of such Block Size order is routed from one Trading Center to another Trading Center in compliance with Rule 611 of Regulation NMS, the Block Size order would lose the proposed Trade-at exemption, unless the Block Size remaining after the first route and execution meets the Block Size definition under the Plan.

orders smaller than Block Size prior to submitting the order to a Trading Center for execution; or executed on multiple Trading Centers, the Exchange believes that it is providing clarity as to the circumstances under which a Block Size order will be excepted from the Trade-At Prohibition.

Consistent with the Plan, the proposal also excepts an order that is a Retail Investor Order that is executed with at least \$0.005 price improvement.

The exceptions set forth in proposed Rule 11.27(a)(6)(D)(ii) d. through l. are based on the exceptions found in Rule 611 of Regulation NMS.<sup>34</sup> The subparagraph d. exception applies when the order is executed when the Trading Center displaying the Protected Quotation that was traded at was experiencing a failure, material delay, or malfunction of its systems or equipment. The subparagraph e. exception applies to an order that is executed as part of a transaction that was not a “regular way” contract. The subparagraph f. exception applies to an order that is executed as part of a single-priced opening, reopening, or closing transaction by the Trading Center. The subparagraph g. exception applies to an order that is executed when a Protected Bid was priced higher than a Protected Offer in a Pilot Security. The subparagraph h. exception applies when the order is identified as a Trade-at Intermarket Sweep Order. The subparagraph i. exception applies when the order is executed by a Trading Center that simultaneously routed Trade-at Intermarket Sweep Orders to execute against the full displayed size of the Protected Quotation that was traded at. The subparagraph j. exception applies when the order is executed as part of a Negotiated Trade. The subparagraph k. exception applies

---

<sup>34</sup> See 17 CFR 242.611.

when the order is executed when the Trading Center displaying the Protected Quotation that was traded at had displayed, within one second prior to execution of the transaction that constituted the Trade-at, a Best Protected Bid or Best Protected Offer, as applicable, for the Pilot Security with a price that was inferior to the price of the Trade-at transaction.

The exception proposed in subparagraph l. applies to a “stopped order.” Both the Plan and Rule 11.27(a)(6) define a “stopped order” as an order that is executed by a Trading Center which, at the time of order receipt, the Trading Center had guaranteed an execution at no worse than a specified price, where (1) the stopped order was for the account of a customer; (2) the customer agreed to the specified price on an order-by-order basis; and (3) the price of the Trade-at transaction was, for a stopped buy order, equal to the National Best Bid in the Pilot Security at the time of execution or, for a stopped sell order, equal to the National Best Offer in the Pilot Security at the time of execution.

Consistent with the Plan, the final exception to the Trade-At Prohibition and its accompanying supplementary material applies to an order that is for a fractional share of a Pilot Security. The supplementary material provides that such fractional share orders may not be the result of breaking an order for one or more whole shares of a Pilot Security into orders for fractional shares or that otherwise were effected to evade the requirements of the Trade-at Prohibition or any other provisions of the Plan. In approving the Plan, the Commission noted that this exception was appropriate, as there could be potential difficulty in the routing and executing of fractional shares.<sup>35</sup>

If the Commission approves the proposed rule change, the proposed rule change

---

<sup>35</sup> See Approval Order, *supra* note 7, 80 FR at 27541.

will be effective upon Commission approval and shall become operative upon the commencement of the Pilot Period.

## 2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act<sup>36</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act<sup>37</sup> in particular, in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange believes that this proposal is consistent with the Act because it implements, interprets, and clarifies the provisions of the Plan, and is designed to assist the Exchange and Members in meeting regulatory obligations pursuant to the Plan. In approving the Plan, the SEC noted that the Pilot was an appropriate, data-driven test that was designed to evaluate the impact of a wider tick size on trading, liquidity, and the market quality of securities of smaller capitalization companies, and was therefore in furtherance of the purposes of the Act. To the extent that this proposal implements, interprets, and clarifies the Plan and applies specific requirements to Members, the Exchange believes that this proposal is in furtherance of the objectives of the Plan, as identified by the SEC, and is therefore consistent with the Act.

---

<sup>36</sup> 15 U.S.C. 78f(b).

<sup>37</sup> 15 U.S.C. 78f(b)(5).

(B) Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange notes that the proposed rule change implements the provisions of the Plan, and is designed to assist the Exchange in meeting its regulatory obligations pursuant to the Plan. The Exchange also notes that the quoting and trading requirements of the Plan will apply equally to all Members that trade Pilot Securities.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the Federal Register or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will: (a) by order approve or disapprove such proposed rule change, or (b) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposal is consistent with the Act.

Comments may be submitted by any of the following methods:

Electronic Comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

- Send an e-mail to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include File No. SR-BATS-2015-108 on the subject line.

Paper Comments:

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File No. SR-BATS-2015-108. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet website

(<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street, NE, Washington, DC 20549, on official business days between the hours of 10:00 am and 3:00 pm. Copies of such filing will also be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File No. SR-BATS-2015-108 and should be submitted on or before [\_\_\_\_\_21 days from publication in the Federal Register].

For the Commission, by the Division of Trading and Markets, pursuant to  
delegated authority.<sup>38</sup>

Robert W. Errett  
Deputy Secretary

---

<sup>38</sup> 17 CFR 200.30-3(a)(12).

**EXHIBIT 5**

Proposed new language is underlined; proposed deletions are marked by [brackets].

Rule 11.27. Compliance with Regulation NMS Plan to Implement a Tick Size Pilot Program

(a) Compliance with Quoting and Trading Restrictions

(1) Member Compliance

Members shall establish, maintain and enforce written policies and procedures that are reasonably designed to comply with the applicable quoting and trading requirements of the Plan.

(2) Exchange Compliance

The System will not display, quote or trade in violation of the applicable quoting and trading requirements for a Pilot Security specified in the Plan and this Rule, unless such quotation or transaction is specifically exempted under the Plan.

(3) Pilot Securities That Drop Below \$1.00 during the Pilot Period

If the price of a Pilot Security drops below \$1.00 during regular trading hours on any trading day, such Pilot Security will continue to be subject to the Plan and the requirements enumerated in subparagraphs (4) through (6) below and will continue to trade in accordance with such Rules. However, if the Closing Price of a Pilot Security on any given trading day is below \$1.00, such Pilot Security will be moved out of its Pilot Test Group into the Control Group, and may then be quoted and traded at any price increment that is currently permitted for the remainder of the Pilot Period.

Notwithstanding anything contained herein to the contrary, at all times during the Pilot

Period, Pilot Securities (whether in the Control Group or any Pilot Test Group) will continue to be subject to the requirements contained in Paragraph (b).

(4) Pilot Securities in Test Group One

No Member may display, rank, or accept from any person any displayable or non-displayable bids or offers, orders, or indications of interest in any Pilot Security in Test Group One in increments other than \$0.05. However, orders priced to execute at the midpoint of the national best bid and national best offer (“NBBO”) or best protected bid and best protected offer (“PBBO”) and orders entered in a Participant-operated retail liquidity program may be ranked and accepted in increments of less than \$0.05. Pilot Securities in Test Group One may continue to trade at any price increment that is currently permitted by applicable Participant, SEC and Exchange rules.

(5) Pilot Securities in Test Group Two

(A) No Member may display, rank, or accept from any person any displayable or non-displayable bids or offers, orders, or indications of interest in any Pilot Security in Test Group Two in increments other than \$0.05. However, orders priced to execute at the midpoint of the NBBO or PBBO and orders entered in a Participant-operated retail liquidity program may be ranked and accepted in increments of less than \$0.05.

(B) Absent any of the exceptions listed in subparagraph (5)(C) below, no member may execute orders in any Pilot Security in Test Group Two in price increments other than \$0.05. The \$0.05 trading increment will apply to all trades, including Brokered Cross Trades.

(C) Pilot Securities in Test Group Two may trade in increments less than \$0.05 under the following circumstances:

(i) Trading may occur at the midpoint between the NBBO or the PBBO;

(ii) Retail Investor Orders may be provided with price improvement that is at least \$0.005 better than the PBBO; and

(iii) Negotiated Trades may trade in increments less than \$0.05.

(6) Pilot Securities in Test Group Three

(A) No Member may display, rank, or accept from any person any displayable or non-displayable bids or offers, orders, or indications of interest in any Pilot Security in Test Group Three in increments other than \$0.05. However, orders priced to execute at the midpoint of the NBBO or PBBO and orders entered in a Participant-operated retail liquidity program may be ranked and accepted in increments of less than \$0.05.

(B) Absent any of the exceptions listed in subparagraph (6)(C) below, no Member that operates a Trading Center may execute orders in any Pilot Security in Test Group Three in price increments other than \$0.05. The \$0.05 trading increment will apply to all trades, including Brokered Cross Trades.

(C) Pilot Securities in Test Group Three may trade in increments less than \$0.05 under the following circumstances:

(i) Trading may occur at the midpoint between the NBBO or PBBO;

(ii) Retail Investor Orders may be provided with price improvement that is at least \$0.005 better than the PBBO; and

(iii) Negotiated Trades may trade in increments less than \$0.05.

(D) Pilot Securities in Test Group Three will be subject to the following

Trade-at Prohibition:

(i) Absent any of the exceptions listed in subparagraph (D)(ii) below, no Member that operates a Trading Center may execute a sell order for a Pilot Security in Test Group Three at the price of a Protected Bid or execute a buy order for a Pilot Security in Test Group Three at the price of a Protected Offer during regular trading hours (“Trade-at Prohibition”).

Under the Trade-at Prohibition, a Member that operates a Trading Center that is displaying a quotation, via either a processor or an SRO quotation feed, that is at a price equal to the traded-at Protected Bid or Protected Offer is permitted to execute orders at that level, but only up to the amount of its displayed size. A Member that operates a Trading Center that was not displaying a quotation at a price equal to the traded-at Protected Quotation, via either a processor or an SRO quotation feed, is prohibited from price-matching protected quotations unless an exception applies.

(ii) A Member that operates a Trading Center may execute a sell order for a Pilot Security in Test Group Three at the price of a Protected Bid or execute a buy order for a Pilot Security in Test Group Three at the price of a Protected Offer under the following circumstances:

a. The order is executed within the same independent aggregation unit of the Member that operates the Trading Center that displayed the quotation via either a processor or an SRO Quotation Feed, to the extent such member uses independent aggregation units, at a price equal to the traded-at Protected Quotation that was displayed before the order was received, but only up to the full displayed size of that independent aggregation unit's previously displayed quote. A Trading Center that is displaying a quotation as agent or riskless principal may only execute as agent or riskless principal and a Trading Center displaying a quotation as principal (excluding riskless principal) may execute as principal, agent or riskless principal. "Independent aggregation unit" has the same meaning as provided under Rule 200(f) of SEC Regulation SHO;

b. The order is of Block Size at the time of origin and may not be:

1. an aggregation of non-block orders;

2. broken into orders smaller than Block Size prior to submitting the order to a Trading Center for execution;

or

3. executed on multiple Trading Centers;

c. The order is a Retail Investor Order executed with at least \$0.005 price improvement;

d. The order is executed when the Trading Center displaying the Protected Quotation that was traded at was experiencing a failure, material delay, or malfunction of its systems or equipment;

e. The order is executed as part of a transaction that was not a “regular way” contract;

f. The order is executed as part of a single-priced opening, reopening, or closing transaction by the Trading Center;

g. The order is executed when a Protected Bid was priced higher than a Protected Offer in the Pilot Security;

h. The order is identified as a Trade-at Intermarket Sweep Order;

i. The order is executed by a Trading Center that simultaneously routed Trade-at Intermarket Sweep Orders to execute against the full displayed size of the Protected Quotation that was traded at;

j. The order is executed as part of a Negotiated Trade;

k. The order is executed when the Trading Center displaying the Protected Quotation that was traded at had displayed, within one second prior to execution of the transaction that constituted the Trade-at, a Best Protected Bid or Best Protected Offer, as applicable, for the Pilot Security with a price that was inferior to the price of the Trade-at transaction;

l. The order is executed by a Trading Center which, at the time of order receipt, the Trading Center had guaranteed an execution at no worse than a specified price (a “stopped order”), where:

1. The stopped order was for the account of a customer;

2. The customer agreed to the specified price on an order-by-order basis; and

3. The price of the Trade-at transaction was, for a stopped buy order, equal to the National Best Bid in the Pilot Security at the time of execution or, for a stopped sell order, equal to the National Best Offer in the Pilot Security at the time of execution; or

m. The order is for a fractional share of a Pilot Security, provided that such fractional share order was not the result of breaking an order for one or more whole shares of a Pilot Security into orders for fractional shares or was not otherwise effected to evade the requirements of the Trade-at Prohibition or any other provisions of the Plan.

Interpretations and Policies.

.01 The terms used in this Rule 11.27 shall have the same meaning as provided in the Plan, unless otherwise specified.

.02 No Member shall break an order into smaller orders or otherwise effect or execute an order to evade the requirements of the Trade-at Prohibition of this Rule or any other provisions of the Plan.

.03 This Rule shall be in effect during a pilot period to coincide with the pilot period for the Plan (including any extensions to the pilot period for the Plan).
