1. Text of the Proposed Rule Change

(a) Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² BATS Exchange, Inc. (the “Exchange” or “BATS”) is filing with the Securities and Exchange Commission (“Commission”) a proposed rule change to amend the fee schedule applicable to Members³ and non-members of the Exchange pursuant to BATS Rules 15.1(a) and (c). The change to the fee schedule pursuant to this proposal is effective upon filing.

The text of the proposed rule change is attached as Exhibit 5. Material proposed to be added is underlined. Material proposed to be deleted is enclosed in brackets.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change.

(a) Purpose

The Exchange proposes to modify its fee schedule applicable to the Exchange's options platform to modify the criteria necessary to meet the Customer⁴ Step-Up Volume Tier under footnote 1. The Exchange currently offers a total of eight Customer Penny Pilot Add Volume Tiers under footnote 1 that provide enhanced rebates for Customer orders in Penny Pilot Securities that add liquidity under fee code PY.⁵ Under the Customer Step-Up Volume Tier, the Member would receive a rebate of \$0.53 per contract where they have an Options Step-Up Add TCV⁶ in Customer orders from September 2015 baseline equal to or greater than 0.40%. The Exchange proposes to ease the criteria necessary to qualify for the Customer Step-Up Volume Tier by requiring an Options Step-Up Add TCV in Customer orders from September 2015 baseline equal to or greater than 0.35%. The Exchange proposes to implement this amendment to its fee schedule on January 4, 2016.

(b) Statutory Basis

The Exchange believes that the proposed rule change is consistent with the

⁵ Fee code PY is appended to Customer orders that add liquidity in Penny Pilot Securities. Id. Penny Pilot Securities is defined in the Exchange's fee schedule. Id. Orders yielding fee code PY receive a rebate of \$0.25 per share, absent achieving a tier and receiving an increased rebate under footnote 1.

requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act.⁷ Specifically, the Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,⁸ in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls. The Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels to be excessive.

Volume-based rebates such as those currently maintained on the Exchange have been widely adopted by equities and options exchanges and are equitable because they are open to all Members on an equal basis and provide additional benefits or discounts that are reasonably related to the value to an exchange's market quality associated with higher levels of market activity, such as higher levels of liquidity provision and/or growth patterns, and introduction of higher volumes of orders into the price and volume discovery processes. Easing the criteria for the Customer Step-Up Volume Tier is intended to incentivize Members to send additional orders to the Exchange in an effort to qualify for the enhanced rebate available by the respective tier.

The Exchange believes that this change is reasonable, fair and equitable and non-discriminatory, for the reasons set forth with respect to volume-based pricing generally and because such change will either incentivize participants to further contribute to market quality on the Exchange or will allow the Exchange to earn additional revenue

⁷ 15 U.S.C. 78f.

⁸ 15 U.S.C. 78f(b)(4).

that can be used to offset the addition of new pricing incentives. The Exchange also believes that the proposed rebate remains consistent with pricing previously offered by the Exchange as well as competitors of the Exchange and does not represent a significant departure from the Exchange's general pricing structure.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes the proposed amendment to its fee schedule would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed change represents a significant departure from previous pricing offered by the Exchange or pricing offered by the Exchange's competitors. Additionally, Members may opt to disfavor the Exchange's pricing if they believe that alternatives offer them better value. Accordingly, the Exchange does not believe that the proposed change will impair the ability of Members or competing venues to maintain their competitive standing in the financial markets. The Exchange does not believe that the proposed change to the Exchange's tiered pricing structure burdens competition, but instead, enhances competition as it is intended to increase the competitiveness of the Exchange by easing the criteria necessary to qualify for the Customer Step-Up Volume tier. Also, the Exchange believes that the decrease to the tier's threshold contributes to, rather than burdens competition, as such change is intended to incentivize participants to increase their participation on the Exchange.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from

members or other interested parties.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

Pursuant to Section 19(b)(3)(A)(ii) of the Act⁹ and Rule 19b-4(f)(2) thereunder,¹⁰ the Exchange has designated this proposal as establishing or changing a due, fee, or other charge applicable to the Exchange's Members and non-members, which renders the proposed rule change effective upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to modify its fee schedule applicable to the Exchange's options platform to modify the criteria necessary to meet the Customer⁶ Step-Up Volume Tier under footnote 1. The Exchange currently offers a total of eight Customer Penny Pilot Add Volume Tiers under footnote 1 that provide enhanced rebates for Customer orders in Penny Pilot Securities that add liquidity under fee code PY.⁷ Under the

The Exchange proposes to ease the criteria necessary to qualify for the Customer Step-Up Volume Tier by requiring an Options Step-Up Add TCV in Customer orders from September 2015 baseline equal to or greater than 0.35%. The Exchange proposes to implement this amendment to its fee schedule on January 4, 2016.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act. Specifically, the Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls. higher levels of market activity, such as higher levels of liquidity provision and/or growth patterns, and introduction of higher volumes of orders into the price and volume discovery processes. Easing the criteria for the Customer Step-Up Volume Tier is intended to incentivize Members to send additional orders to the Exchange in an effort to qualify for the enhanced rebate available by the respective tier.

The Exchange believes that this change is reasonable, fair and equitable and non-discriminatory, for the reasons set forth with respect to volume-based pricing generally and because such change will either incentivize participants to further contribute to market quality on the Exchange or will allow the Exchange to earn additional revenue that can be used to offset the addition of new pricing incentives. The Exchange also believes that the proposed rebate remains consistent with pricing previously offered by the Exchange as well as competitors of the Exchange and does not represent a significant departure from the Exchange's general pricing structure.

(B) Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes the proposed amendment to its fee schedule would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed change represents a significant departure from previous pricing offered by the Exchange or pricing offered by the Exchange's competitors. Additionally, Members may opt to disfavor the Exchange's pricing if they believe that alternatives offer them better value. Accordingly, the Exchange does not believe that the proposed change will impair the ability of Members or competing venues to maintain their competitive standing in the financial markets. The Exchange does not believe that the proposed change to the

Exchange's tiered pricing structure burdens competition, but instead, enhances competition as it is intended to increase the competitiveness of the Exchange by easing the criteria necessary to qualify for the Customer Step-Up Volume tier. Also, the Exchange believes that the decrease to the tier's threshold contributes to, rather than burdens competition, as such change is intended to incentivize participants to increase their participation on the Exchange.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others
