3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change.

(a) Purpose

Background

On August 30, 2011, the Exchange received approval of rules applicable to the qualification, listing and delisting of securities of issuers on the Exchange.<sup>4</sup> More recently, the Exchange received approval to operate a pilot program that is designed to incentivize certain Market Makers<sup>5</sup> registered with the Exchange as ETP CLPs, as defined in Interpretation and Policy .03 to Rule 11.8, to enhance liquidity on the Exchange in certain ETPs<sup>6</sup> listed on the Exchange and thereby qualify to receive part of a daily rebate as part of the Program under Interpretation and Policy .03 to Rule 11.8.<sup>7</sup>

The Program was approved by the Commission on a pilot basis running one-year from the date of implementation.<sup>8</sup> The Commission approved the Program on July 28,

<sup>5</sup> As defined in BATS Rules, the term "Market Maker" means a Member that acts as a market maker pursuant to Chapter XI of BATS Rules.

<sup>6</sup> ETP is defined in Interpretation and Policy .03(b)(4) to Rule 11.8.

<sup>7</sup> See Securities Exchange Act Release No. 72692 (July 28, 2014), 79 FR 44908 (August 1, 2014) (SR-BATS-2014-022) ("CLP Approval Order").

2014.<sup>9</sup> The Exchange implemented the Program on July 28, 2014 and the pilot period for the Program is scheduled to end on July 28, 2015.

Proposal to Extend the Operation of the Program

The Exchange established the Program in order to enhance liquidity on the Exchange in certain ETPs listed on the Exchange (and thereby enhance the Exchange's ability to compete as a listing venue) by providing a mechanism by which ETP CLPs compete for part of a daily quoting incentive on the basis of providing the most aggressive quotes with the greatest amount of size. Such competition has the ability to reduce spreads, facilitate the price discovery process, and reduce costs for investors trading in such securities, thereby promoting capital formation and helping the Exchange to compete as a listing venue. The Exchange believes that extending the pilot is appropriate because it will allow the Exchange and the Commission additional time to analyze data regarding the Program that the Exchange has committed to provide.<sup>10</sup> As such, the Exchange believes that it is appropriate to extend the current operation of the Program. Further information related to the Program including data can be found on the Exchange's website.<sup>11</sup> Through this filing, the Exchange seeks to extend the current pilot period of the Program until October 28, 2015.

(b) Statutory Basis

The Exchange believes that its proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities

exchange, and, in particular, with the requirements of Section 6(b) of the Act.<sup>12</sup> In particular, the Exchange believes the proposed change furthers the objectives of Section 6(b)(5) of the Act,<sup>13</sup> in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system. The Exchange believes that extending the pilot period for the Program is consistent with these principles because the Program is reasonably designed to enhance quote competition, improve liquidity in securities listed on the Exchange, support the quality of price discovery, promote market transparency, and increase competition for listings and trade executions, while reducing spreads and transaction costs in such securities. Maintaining and increasing liquidity in Exchange-listed securities will help raise investors' confidence in the fairness of the market and their transactions. The extension of the pilot period will allow the Commission and the Exchange to continue to monitor the Program for its potential effects on public price discovery, and on the broader market structure.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change extends an established pilot program for 3 months, thus allowing the Program to enhance competition in both the listings market and in

---

<sup>12</sup> 15 U.S.C. 78f(b).

<sup>13</sup> 15 U.S.C. 78f(b)(5).

competition for market makers. The Program will continue to promote competition in the listings market by providing issuers with a vehicle for paying the Exchange additional fees in exchange for incentivizing tighter spreads and deeper liquidity in listed securities and allow the Exchange to continue to compete with similar programs at Nasdaq Stock Market LLC<sup>14</sup> and NYSE Arca Equities, Inc.<sup>15</sup>

The Exchange also believes that extending the pilot program for an additional 3 months will allow the Program to continue to enhance competition among market participants by creating incentives for market makers to compete to make better quality markets. By continuing to require that market makers both meet the quoting requirements and also compete for the daily financial incentives, the quality of quotes on the Exchange will continue to improve. This, in turn, will attract more liquidity to the Exchange and further improve the quality of trading in exchange-listed securities participating in the Program, which will also act to bolster the Exchange's listing business.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from Members or other interested parties.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The Exchange believes that the foregoing proposed rule change may take effect upon filing with the Commission pursuant to Section 19(b)(3)(A)<sup>16</sup> of the Act and Rule 19b-4(f)(6) thereunder<sup>17</sup> because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate.

Furthermore, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file a proposed rule change under that subsection at least five business days prior to the date of filing, or such shorter time as designated by the Commission. The Exchange has provided such notice.

The Exchange believes that its rule change proposal is appropriate for filing on an immediately effective basis under paragraph (f)(6) of Rule 19b-4. The Exchange believes the proposed rule change will not significantly affect the protection of investors or the public interest because the rule proposal is simply extending the pilot period of a program already approved by the Commission. The extension of the pilot period will allow the Commission and the Exchange to continue to assess the effect of the Program on the public price discovery process, and market structure generally. For the foregoing

<sup>17</sup> 17 CFR 240.19b-4(f)(6).

reasons, this rule filing qualifies for immediate effectiveness as a “non-controversial” rule change under paragraph (f)(6) of Rule 19b-4.<sup>18</sup>

The Exchange respectfully requests that the Commission waive the 30-day operative delay so that the proposed rule change may become effective and operative upon filing with the Commission pursuant to Section 19(b)(3)(A) of the Act<sup>19</sup> and paragraph (f)(6) of Rule 19b-4 thereunder.<sup>20</sup> Waiver of the 30-day operative delay will allow the Exchange to extend the Program prior to its expiration on July 28, 2015, which will ensure that the Program continues to operate uninterrupted while the Exchange and Commission continue to analyze data regarding the Program. Waiver of the operative delay is consistent with the protection of investors and the public interest for the reasons described above.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

such, the Exchange believes that it is appropriate to extend the current operation of the Program. Further information related to the Program including data can be found on the Exchange's website.<sup>12</sup> Through this filing, the Exchange seeks to extend the current pilot period of the Program until October 28, 2015.

## 2. Statutory Basis

The Exchange believes that its proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.<sup>13</sup> In particular, the Exchange believes the proposed change furthers the objectives of Section 6(b)(5) of the Act,<sup>14</sup> in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system. extension of the pilot period will allow the Commission and the Exchange to continue to monitor the Program for its potential effects on public price discovery, and on the broader market structure.

(B) Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change extends an established pilot program for 3 months, thus allowing the Program to enhance competition in both the listings market and in competition for market makers. The Program will continue to promote competition in the listings market by providing issuers with a vehicle for paying the Exchange additional fees in exchange for incentivizing tighter spreads and deeper liquidity in listed securities and allow the Exchange to continue to compete with similar programs at Nasdaq Stock Market LLC<sup>15</sup> and NYSE Arca Equities, Inc.<sup>16</sup>

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from Members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has designated this rule filing as non-controversial under Section 19(b)(3)(A) of the Act<sup>17</sup> and paragraph (f)(6) of Rule 19b-4 thereunder.<sup>18</sup> The proposed rule change effects a change that (A) does not significantly affect the protection of investors or the public interest; (B) does not impose any significant burden on competition; and (C) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest; provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.
