1. Text of the Proposed Rule Change

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² Bats BZX Exchange, Inc. (the "Exchange" or "BZX") is filing with the Securities and Exchange Commission ("Commission") a proposed rule change to amend the fee schedule applicable to Members³ and non-members of the Exchange pursuant to BZX Rules 15.1(a) and (c). Changes to the fee schedule pursuant to this proposal are effective upon filing.

- (a) The text of the proposed rule change is attached as Exhibit 5. Material proposed to be added is underlined. Material proposed to be deleted is enclosed in brackets.
 - (b) Not applicable.
 - (c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors of the Exchange on February 11, 2014. Exchange staff will advise the Board of Directors of the Exchange of any action taken pursuant to delegated authority. No other action is necessary for the filing of the rule change and, therefore, the Exchange's internal procedures with respect to the proposed change are complete.

- 3. <u>Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change.</u>
 - (a) Purpose

The Exchange maintains a Step-Up Tier that provides Members with an additional way to qualify for enhanced rebates where they increase their liquidity each month over a predetermined baseline. The Exchange currently offers a Step-Up Tier under footnote 2 of its Fee Schedule. Under the Step-Up Tier, a Member receives a rebate of \$0.0030 per share where: (1) their Step-Up Add TCV⁴ from August 2015 is equal to or greater than 0.08%; and (2) their ADAV⁵ as a percentage of TCV⁶ is equal to or greater than 0.35%. The Step-Up Tier is applicable to fee codes B, V and Y.

The Exchange proposes to amend footnote 2 to change the Step-Up Tier to provide a Member a rebate of \$0.0030 per share: (1) where their Step-Up Add TCV from April 2016 is equal to or greater than 0.15%; and (2) their ADAV as a percentage of TCV is equal to or greater than 0.20%. Thus, while the Exchange is not proposing to modify the rebate provided, the Exchange is proposing to reset the starting date for the baseline measurement from August 2015 to April 2016. The Exchange is also proposing to

As defined in the Exchange's Fee Schedule..

^{5 &}lt;u>Id</u>.

^{6 &}lt;u>Id</u>.

increase the Step-Up Add TCV and to reduce the ADAV required to qualify for the tier.

Implementation Date

The Exchange proposes to implement these amendments to its Fee Schedule effective May 2, 2016.

(b) <u>Statutory Basis</u>

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act, 7 in general, and furthers the objectives of Section 6(b)(4), 8 in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other persons using its facilities. The Exchange also notes that it operates in a highly-competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The proposed rule change reflects a competitive pricing structure designed to incent market participants to direct their order flow to the Exchange. The Exchange believes that the proposed tier is equitable and non-discriminatory in it would apply uniformly to all Members. The Exchange believes the rates remain competitive with those charged by other venues and, therefore, reasonable and equitably allocated to Members.

Volume-based rebates such as that proposed herein have been widely adopted by exchanges, including the Exchange, and are equitable because they are open to all Members on an equal basis and provide additional benefits or discounts that are reasonably related to: (i) the value to an exchange's market quality; (ii) associated higher

⁷ 15 U.S.C. 78f.

⁸ 15 U.S.C. 78f(b)(4).

levels of market activity, such as higher levels of liquidity provision and/or growth patterns; and (iii) introduction of higher volumes of orders into the price and volume discovery processes. The Exchange believes that the proposed tier is a reasonable, fair and equitable, and not unfairly discriminatory allocation of fees and rebates because it will continue to provide Members with an incentive to reach certain thresholds on the Exchange.

In particular, the Exchange believes the modification to the Step-Up Tier is a reasonable means to encourage Members to increase their liquidity on the Exchange. The Exchange further believes that the proposed Step-Up Tier represents an equitable allocation of reasonable dues, fees, and other charges because the thresholds necessary to achieve the tier encourages Members to add increased liquidity to the BATS Book⁹ each month. The increased liquidity benefits all investors by deepening the Exchange's liquidity pool, offering additional flexibility for all investors to enjoy cost savings, supporting the quality of price discovery, promoting market transparency and improving investor protection. More specifically, the Exchange believes that increasing the Step-Up Add TCV from equal to or greater than 0.08% to equal to or greater than 0.15% will incentivize Members to provide increased volume and therefore increased liquidity. Additionally, the Exchange believes that by reducing the requirement for a Member's ADAV as a percentage of TCV from equal to or greater than 0.35% to equal to or greater than 0.20% the Exchange increases the number of participants potentially eligible to qualify for the rebate and thereby incentivizing a greater number of participants to provide the required liquidity to obtain the rebate. The increased liquidity benefits all

⁹ <u>See Exchange Rule 1.5(e).</u>

investors by deepening the Exchange's liquidity pool, offering additional flexibility for all investors to enjoy cost savings, supporting the quality of price discovery, promoting market transparency and improving investor protection.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe its proposed amendment to its Fee Schedule would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed change represents a significant departure from previous pricing offered by the Exchange or pricing offered by the Exchange's competitors. Additionally, Members may opt to disfavor the Exchange's pricing if they believe that alternatives offer them better value. The Exchange does not believe that the modified tier would burden competition, but instead, enhances competition, as it is intended to increase the competitiveness of and draw additional volume to the Exchange. The Exchange does not believe the amended tier would burden intramarket competition as it would apply to all Members uniformly. Accordingly, the Exchange does not believe that the proposed change will impair the ability of Members or competing venues to maintain their competitive standing in the financial markets.

5. <u>Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others</u>

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from Members or other interested parties.

Extension of Time Period for Commission Action

7. <u>Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)</u>

Pursuant to Section 19(b)(3)(A)(ii) of the Act¹⁰ and Rule 19b-4(f)(2) thereunder,¹¹ the Exchange has designated this proposal as establishing or changing a due, fee, or other charge applicable to the Exchange's Members and non-members, which renders the proposed rule change effective upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

II. <u>Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis</u> for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

- (A) <u>Self-Regulatory Organization's Statement of the Purpose of, and Statutory</u> Basis for, the Proposed Rule Change
- 1. Purpose

The Exchange maintains a Step-Up Tier that provides Members with an additional way to qualify for enhanced rebates where they increase their liquidity each month over a predetermined baseline. The Exchange currently offers a Step-Up Tier under footnote 2 of its Fee Schedule. Under the Step-Up Tier, a Member receives a rebate of \$0.0030 per share where: (1) their Step-Up Add TCV⁶ from August 2015 is equal to or greater than 0.08%; and (2) their ADAV⁷ as a percentage of TCV⁸ is equal to or greater than 0.35%. The Step-Up Tier is applicable to fee codes B, V and Y.

The Exchange proposes to amend footnote 2 to change the Step-Up Tier to

As defined in the Exchange's Fee Schedule..

⁷ <u>Id</u>.

^{8 &}lt;u>Id</u>.

April 2016 is equal to or greater than 0.15%; and (2) their ADAV as a percentage of TCV is equal to or greater than 0.20%. Thus, while the Exchange is not proposing to modify the rebate provided, the Exchange is proposing to reset the starting date for the baseline measurement from August 2015 to April 2016. The Exchange is also proposing to increase the Step-Up Add TCV and to reduce the ADAV required to qualify for the tier.

Implementation Date

The Exchange proposes to implement these amendments to its Fee Schedule effective May 2, 2016.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act, 9 in general, and furthers the objectives of Section 6(b)(4), 10 in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other persons using its facilities. The Exchange also notes that it operates in a highly-competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The proposed rule change reflects a competitive pricing structure designed to incent market participants to direct their order flow to the Exchange. The Exchange believes that the proposed tier is equitable and non-discriminatory in it would apply uniformly to all Members. The Exchange believes the

rates remain competitive with those charged by other venues and, therefore, reasonable and equitably allocated to Members.

Volume-based rebates such as that proposed herein have been widely adopted by exchanges, including the Exchange, and are equitable because they are open to all Members on an equal basis and provide additional benefits or discounts that are reasonably related to: (i) the value to an exchange's market quality; (ii) associated higher levels of market activity, such as higher levels of liquidity provision and/or growth patterns; and (iii) introduction of higher volumes of orders into the price and volume discovery processes. The Exchange believes that the proposed tier is a reasonable, fair and equitable, and not unfairly discriminatory allocation of fees and rebates because it will continue to provide Members with an incentive to reach certain thresholds on the Exchange.

In particular, the Exchange believes the modification to the Step-Up Tier is a reasonable means to encourage Members to increase their liquidity on the Exchange. The Exchange further believes that the proposed Step-Up Tier represents an equitable allocation of reasonable dues, fees, and other charges because the thresholds necessary to achieve the tier encourages Members to add increased liquidity to the BATS Book 11 each month. The increased liquidity benefits all investors by deepening the Exchange's liquidity pool, offering additional flexibility for all investors to enjoy cost savings, supporting the quality of price discovery, promoting market transparency and improving investor protection. More specifically, the Exchange believes that increasing the Step-Up

^{11 &}lt;u>See</u> Exchange Rule 1.5(e).

Add TCV from equal to or greater than 0.08% to equal to or greater than 0.15% will incentivize Members to provide increased volume and therefore increased liquidity. Additionally, the Exchange believes that by reducing the requirement for a Member's ADAV as a percentage of TCV from equal to or greater than 0.35% to equal to or greater than 0.20% the Exchange increases the number of participants potentially eligible to qualify for the rebate and thereby incentivizing a greater number of participants to provide the required liquidity to obtain the rebate. The increased liquidity benefits all investors by deepening the Exchange's liquidity pool, offering additional flexibility for all investors to enjoy cost savings, supporting the quality of price discovery, promoting market transparency and improving investor protection.

(B) <u>Self-Regulatory Organization's Statement on Burden on Competition</u>

The Exchange does not believe its proposed amendment to its Fee Schedule would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed change represents a significant departure from previous pricing offered by the Exchange or pricing offered by the Exchange's competitors. Additionally, Members may opt to disfavor the Exchange's pricing if they believe that alternatives offer them better value. The Exchange does not believe that the modified tier would burden competition, but instead, enhances competition, as it is intended to increase the competitiveness of and draw additional volume to the Exchange. The Exchange does not believe the amended tier would burden intramarket competition as it would apply to all Members uniformly. Accordingly, the Exchange does not believe that the proposed change will impair the ability of Members or competing venues to maintain their competitive standing in the

financial markets.

(C) <u>Self-Regulatory Organization's Statement on Comments on the Proposed</u> Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from Members or other interested parties.

III. <u>Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action</u>
