# Item 3. <u>Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change</u>

#### (a) Purpose

An "accommodation" or "cabinet" trade refers to trades in listed options on the Exchange that are worthless or not actively traded. Cabinet trading is generally conducted in accordance with the Exchange Rules, except as provided in Exchange Rule 6.54, <a href="Accommodation Liquidations">Accommodation Liquidations</a> (Cabinet Trades), which sets forth specific procedures for engaging in cabinet trades. Rule 6.54 currently provides for cabinet transactions to occur via open outcry at a cabinet price of \$1 per option contract in any options series open for trading in the Exchange, except that the Rule is not applicable to trading in option classes

participating in the Penny Pilot Program. Under the procedures, bids and offers (whether opening or closing a position) at a price of \$1 per option contract may be represented in the trading crowd by a Floor Broker or by a Market-Maker or provided in response to a request by a PAR Official/OBO, a Floor Broker or a Market-Maker, but must yield priority to all resting orders in the PAR Official/OBO cabinet book (which resting cabinet book orders may be closing only). So long as both the buyer and the seller yield to orders resting in the cabinet book, opening cabinet bids can trade with opening cabinet offers at \$1 per option contract.

The Exchange has temporarily amended the procedures through January 5, 2017 to allow transactions to take place in open outcry at a price of at least \$0 but less than \$1 per option contract.<sup>1</sup> These lower priced transactions are traded pursuant to the same

See Securities Exchange Act Release Nos. 59188 (December 30, 2008), 74 FR 480 (January 6, 2009)(SR-CBOE-2008-133)(adopting the amended procedures on a temporary basis through January 30, 2009), 59331 (January 30, 2009), 74 FR 6333 (February 6, 2009)(extending the amended procedures on a temporary basis through May 29, 2009), 60020 (June 1, 2009), 74 FR 27220 (June 8, 2009)(SR-CBOE-2009-034)(extending the amended procedures on a temporary basis through June 1, 2010), 62192 (May 28, 2010), 75 FR 31828 (June 4, 2010)(SR-CBOE-2010-052)(extending the amended procedures on a temporary basis through June 1, 2011); 64403 (May 4, 2011), 76 FR 27110 (May 10, 2011)(SR-CBOE-2011-048)(extending the amended procedures on a temporary basis through December 30, 2011); 65872 (December 2, 2011), 76 FR 76788 (December 8, 2011)(SR-CBOE-2011-113)(extending the amended procedures on a temporary basis through June 29, 2012) 67144 (June 6, 2012), 77 FR 35095 (June 12, 2012)(SR-CBOE-2012-053)(extending the amended procedures on a temporary basis through June 28, 2013), and 69854 (June 25, 2013), 78 FR 39424 (July 1, 2013)(SR-CBOE-2013-063); 69893 (June 28, 2013), 78 FR 40539 (July 5, 2013)(both extending the amended procedures on a temporary basis through January 5, 2014), 71090 (December 17, 2013), 78 FR 77532 (December 23, 2013)(SR-CBOE-2013-118)(extending the amended procedures on a temporary basis through January 5, 2015), 73974 (December 31, 2014), 80 FR 911 (January 7, 2015)(SR-CBOE-2014-093)(extending the amended procedures on a temporary basis through January 5, 2016), and 76566 (December 7, 2015), 80 FR 77061

procedures applicable to \$1 cabinet trades, except that (i) bids and offers for opening transactions are only permitted to accommodate closing transactions in order to limit use of the procedure to liquidations of existing positions, and (ii) the procedures are also available for trading in option classes participating in the Penny Pilot Program.<sup>2</sup> The Exchange believes that allowing a price of at least \$0 but less than \$1 better accommodates the closing of options positions in series that are worthless or not actively traded, particularly due to market conditions which may result in a significant number of series being out-of-themoney. For example, a market participant might have a long position in a call series with a strike price of \$100 and the underlying stock might now be trading at \$30. In such an instance, there might not otherwise be a market for that person to close-out the position even at the \$1 cabinet price (e.g., the series might be quoted no bid).<sup>3</sup>

(December 11, 2015)(SR-CBOE-2015-108)(extending the amended procedures on a temporary basis through January 5, 2017).

- Currently the \$1 cabinet trading procedures are limited to options classes traded in \$0.05 or \$0.10 standard increment. The \$1 cabinet trading procedures are not available in Penny Pilot Program classes because in those classes an option series can trade in a standard increment as low as \$0.01 per share (or \$1.00 per option contract with a 100 share multiplier). Because the temporary procedures allow trading below \$0.01 per share (or \$1.00 per option contract with a 100 share multiplier), the procedures are available for all classes, including those classes participating in the Penny Pilot Program.
- As with other accommodation liquidations under Rule 6.54, transactions that occur for less than \$1 are not be disseminated to the public on the consolidated tape. In addition, as with other accommodation liquidations under Rule 6.54, the transactions are exempt from the Consolidated Options Audit Trail ("COATS") requirements of Exchange Rule 6.24, Required Order Information. However, the Exchange maintains quotation, order and transaction information for the transactions in the same format as the COATS data is maintained. In this regard, all transactions for less than \$1 must be reported to the Exchange following the close of each business day. The rule also provides that transactions for less than \$1 will be reported for clearing utilizing forms, formats and procedures established by the Exchange from time to time. In this regard, the Exchange

The purpose of the instant rule change is to extend the operation of these temporary procedures through March 5, 2018, so that the procedures can continue without interruption while CBOE considers whether to seek permanent approval of the temporary procedures.

#### (b) Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.<sup>4</sup> Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>5</sup> requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>6</sup> requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

initially intends to have clearing firms directly report the transactions to The Options Clearing Corporation ("OCC") using OCC's position adjustment/transfer procedures. This manner of reporting transactions for clearing is similar to the procedure that CBOE currently employs for on-floor position transfer packages executed pursuant to Exchange Rule 6.49A, <u>Transfer of Positions</u>.

<sup>&</sup>lt;sup>4</sup> 15 U.S.C. 78f(b).

<sup>&</sup>lt;sup>5</sup> 15 U.S.C. 78f(b)(5).

<sup>6</sup> Id.

In particular, the Exchange believes that allowing for liquidations at a price less than \$1 per option contract better facilitates the closing of options positions that are worthless or not actively trading. Further, the Exchange believes the proposal is consistent with the Act because the proposed extension is of appropriate length to allow the Exchange and the Commission to continue to assess the impact of the Exchange's authority to allow transactions to take place in open outcry at a price of at least \$0 but less than \$1 per option in accordance with its attendant obligations and conditions, including the process for submitting such transactions to OCC for clearing.

#### Item 4. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that allowing for liquidations at a price less than \$1 per option contract better facilitates the closing of options positions that are worthless or not actively trading. The Exchange believes this promotes fair and orderly markets, as well as assists the Exchange in its ability to effectively attract order flow and liquidity to its market, and ultimately benefit all CBOE Trading Permit Holders ("TPHs") and all investors.

The Exchange does not believe that the proposed rule change will impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the proposed rule change does not make any changes to Exchange rules, but simply extends an existing temporary program. Further, the program is available to all market participants through CBOE TPHs. The Exchange does not believe that the proposed rule change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because, again, the proposed rule change does not make any changes to Exchange rules, but

simply extends an existing temporary program. Moreover, to the extent that the program makes CBOE a more attractive marketplace, as noted above, the program is available to all market participants through CBOE TPHs.

# Item 5. <u>Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others</u>

The Exchange neither solicited nor received comments on the proposed rule change.

#### Item 6. <u>Extension of Time Period for Commission Action</u>

Not applicable.

# Item 7. <u>Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2) or Section 19(b)(7)(D)</u>

- (a) The proposed rule change is filed for immediate effectiveness pursuant to Section 19(b)(3)(A) of Act<sup>7</sup> and Rule 19b-4(f)(6)<sup>8</sup> thereunder.
- (b) The Exchange designates that the proposed rule change effects a change that (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. Additionally, the Exchange has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

8 17 CFR 240.19b-4(f)(6).

-

<sup>&</sup>lt;sup>7</sup> 15 U.S.C. 78s(b)(3)(A).

The proposed rule change extends a temporary program that allows for accommodation liquidations to occur at less than \$1 per option contract, which we believe better facilitates the closing of options positions that are worthless or not actively trading.

For the foregoing reasons, this rule filing qualifies as a "non-controversial" rule change under Rule 19b-4(f)(6), which renders the proposed rule change effective upon filing with the Commission. At any time within 60 days of the filing of this proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

The Exchange respectfully requests that the Commission waive the 30-day operative delay period after which a proposed rule change under Rule 19b-4(f)(6) becomes effective. Waiver of the 30-day operative delay will allow the Exchange to extend the pilot program prior to its expiration on January 5, 2017. In addition, the Exchange believes that waiver of the operative delay is also consistent with the protection of investors and the public interest because it will allow for the least amount of market disruption as the pilot will continue as it currently does maintaining the status quo.

- (d) Not applicable.

The proposed rule change is not based on a rule either of another self-regulatory organization or of the Commission.

# II. <u>Self-Regulatory Organization's Statement of the Purpose of, and Statutory</u> <u>Basis for, the Proposed Rule Change</u>

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

#### A. <u>Self-Regulatory Organization's Statement of the Purpose of, and Statutory</u> Basis for, the Proposed Rule Change

#### 1. <u>Purpose</u>

An "accommodation" or "cabinet" trade refers to trades in listed options on the Exchange that are worthless or not actively traded. Cabinet trading is generally conducted in accordance with the Exchange Rules, except as provided in Exchange Rule 6.54, Accommodation Liquidations (Cabinet Trades), which sets forth specific procedures for engaging in cabinet trades. Rule 6.54 currently provides for cabinet transactions to occur via open outcry at a cabinet price of \$1 per option contract in any options series open for trading in the Exchange, except that the Rule is not applicable to trading in option classes participating in the Penny Pilot Program. Under the procedures, bids and offers (whether opening or closing a position) at a price of \$1 per option contract may be represented in the trading crowd by a Floor Broker or by a Market-Maker or provided in response to a request by a PAR Official/OBO, a Floor Broker or a Market-Maker, but must yield priority to all resting orders in the PAR Official/OBO cabinet book (which resting cabinet book orders may be closing only). So long as both the buyer and the seller yield to orders resting in the cabinet book, opening cabinet bids can trade with opening cabinet offers at \$1 per option contract.

The Exchange has temporarily amended the procedures through January 5, 2017 to allow transactions to take place in open outcry at a price of at least \$0 but less than \$1 per option contract.<sup>3</sup> These lower priced transactions are traded pursuant to the same procedures applicable to \$1 cabinet trades, except that (i) bids and offers for opening transactions are only permitted to accommodate closing transactions in order to limit use of the procedure to liquidations of existing positions, and (ii) the procedures are also available for trading in option classes participating in the Penny Pilot Program.<sup>4</sup> The Exchange

See Securities Exchange Act Release Nos. 59188 (December 30, 2008), 74 FR 480 (January 6, 2009)(SR-CBOE-2008-133)(adopting the amended procedures on a temporary basis through January 30, 2009), 59331 (January 30, 2009), 74 FR 6333 (February 6, 2009)(extending the amended procedures on a temporary basis through May 29, 2009), 60020 (June 1, 2009), 74 FR 27220 (June 8, 2009)(SR-CBOE-2009-034)(extending the amended procedures on a temporary basis through June 1, 2010), 62192 (May 28, 2010), 75 FR 31828 (June 4, 2010)(SR-CBOE-2010-052)(extending the amended procedures on a temporary basis through June 1, 2011); 64403 (May 4, 2011), 76 FR 27110 (May 10, 2011)(SR-CBOE-2011-048)(extending the amended procedures on a temporary basis through December 30, 2011); 65872 (December 2, 2011), 76 FR 76788 (December 8, 2011)(SR-CBOE-2011-113)(extending the amended procedures on a temporary basis through June 29, 2012) 67144 (June 6, 2012), 77 FR 35095 (June 12, 2012)(SR-CBOE-2012-053)(extending the amended procedures on a temporary basis through June 28, 2013), and 69854 (June 25, 2013), 78 FR 39424 (July 1, 2013)(SR-CBOE-2013-063); 69893 (June 28, 2013), 78 FR 40539 (July 5, 2013)(both extending the amended procedures on a temporary basis through January 5, 2014), 71090 (December 17, 2013), 78 FR 77532 (December 23, 2013)(SR-CBOE-2013-118)(extending the amended procedures on a temporary basis through January 5, 2015), 73974 (December 31, 2014), 80 FR 911 (January 7, 2015)(SR-CBOE-2014-093)(extending the amended procedures on a temporary basis through January 5, 2016), and 76566 (December 7, 2015), 80 FR 77061 (December 11, 2015)(SR-CBOE-2015-108)(extending the amended procedures on a temporary basis through January 5, 2017).

Currently the \$1 cabinet trading procedures are limited to options classes traded in \$0.05 or \$0.10 standard increment. The \$1 cabinet trading procedures are not available in Penny Pilot Program classes because in those classes an option series can trade in a standard increment as low as \$0.01 per share (or \$1.00 per option contract with a 100 share multiplier). Because the temporary procedures allow trading below \$0.01 per share (or \$1.00 per option contract with a 100 share

believes that allowing a price of at least \$0 but less than \$1 better accommodates the closing of options positions in series that are worthless or not actively traded, particularly due to market conditions which may result in a significant number of series being out-of-themoney. For example, a market participant might have a long position in a call series with a strike price of \$100 and the underlying stock might now be trading at \$30. In such an instance, there might not otherwise be a market for that person to close-out the position even at the \$1 cabinet price (e.g., the series might be quoted no bid).<sup>5</sup>

The purpose of the instant rule change is to extend the operation of these temporary procedures through March 5, 2018, so that the procedures can continue without interruption while CBOE considers whether to seek permanent approval of the temporary procedures.

multiplier), the procedures are available for all classes, including those classes participating in the Penny Pilot Program.

5 As with other accommodation liquidations under Rule 6.54, transactions that occur for less than \$1 are not be disseminated to the public on the consolidated tape. In addition, as with other accommodation liquidations under Rule 6.54, the transactions are exempt from the Consolidated Options Audit Trail ("COATS") requirements of Exchange Rule 6.24, Required Order Information. However, the Exchange maintains quotation, order and transaction information for the transactions in the same format as the COATS data is maintained. In this regard, all transactions for less than \$1 must be reported to the Exchange following the close of each business day. The rule also provides that transactions for less than \$1 will be reported for clearing utilizing forms, formats and procedures established by the Exchange from time to time. In this regard, the Exchange initially intends to have clearing firms directly report the transactions to The Options Clearing Corporation ("OCC") using OCC's position adjustment/transfer procedures. This manner of reporting transactions for clearing is similar to the procedure that CBOE currently employs for on-floor position transfer packages executed pursuant to Exchange Rule 6.49A, Transfer of Positions.

#### 2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act. Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>7</sup> requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>8</sup> requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes that allowing for liquidations at a price less than \$1 per option contract better facilitates the closing of options positions that are worthless or not actively trading. Further, the Exchange believes the proposal is consistent with the Act because the proposed extension is of appropriate length to allow the Exchange and the Commission to continue to assess the impact of the Exchange's authority to allow transactions to take place in open outcry at a price of at least \$0 but

less than \$1 per option in accordance with its attendant obligations and conditions, including the process for submitting such transactions to OCC for clearing.

#### B. <u>Self-Regulatory Organization's Statement on Burden on Competition</u>

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that allowing for liquidations at a price less than \$1 per option contract better facilitates the closing of options positions that are worthless or not actively trading. The Exchange believes this promotes fair and orderly markets, as well as assists the Exchange in its ability to effectively attract order flow and liquidity to its market, and ultimately benefit all CBOE Trading Permit Holders ("TPHs") and all investors.

The Exchange does not believe that the proposed rule change will impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the proposed rule change does not make any changes to Exchange rules, but simply extends an existing temporary program. Further, the program is available to all market participants through CBOE TPHs. The Exchange does not believe that the proposed rule change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because, again, the proposed rule change does not make any changes to Exchange rules, but simply extends an existing temporary program. Moreover, to the extent that the program makes CBOE a more attractive marketplace, as noted above, the program is available to all market participants through CBOE TPHs.

C. <u>Self-Regulatory Organization's Statement on Comments on the Proposed</u> Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

### III. <u>Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action</u>

Because the foregoing proposed rule change does not:

- A. significantly affect the protection of investors or the public interest;
- B. impose any significant burden on competition; and
- C. become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate,

it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>9</sup> and Rule 19b-4(f)(6)<sup>10</sup> thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

#### **IV.** Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
