Re: CBOE Futures Exchange, LLC Rule Certification
Submission Number CFE-2016-007

Dear Mr. Kirkpatrick:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended (“Act”), and §40.6(a) of the regulations promulgated by the Commodity Futures Trading Commission (“CFTC or “Commission”) under the Act, CBOE Futures Exchange, LLC (“CFE” or “Exchange”) hereby submits a CFE rule amendment (“Amendment”) to change the reporting time provisions for Exchange of Contract for Related Position (“ECRP”) transactions and Block Trades that involve Trade at Settlement (“TAS”) transactions. The Amendment will become effective on or after May 26, 2016, on a date to be announced by the Exchange through the issuance of a circular.

Paragraph (i) of CFE Rule 414 (Exchange of Contract for Related Position) and paragraph (g) of CFE Rule 415 (Block Trades) include reporting provisions relating to ECRP transactions and Block Trades, including those that involve TAS transactions. These provisions set forth in relation to TAS transactions (i) that the CFE legs of TAS ECRP transactions and TAS Block Trades which are reported to CFE after 3:12 p.m.¹ Monday through Thursday will be submitted for clearing for the next business day and (ii) that TAS ECRP transactions and TAS Block Trades may not be reported after 3:12 p.m. on Friday. CFE currently permits TAS transactions only in CBOE Volatility Index (“VX”) futures. The time designations in Rule 414(i) and Rule 415(g) relating to TAS transactions are 3:12 p.m. because that is the time that the trading hours for TAS transactions in VX futures currently end.

CFE is submitting the Amendment in conjunction with CFE’s submission of a separate rule certification to change the end of TAS trading hours in VX futures from three minutes prior to the close of regular trading hours at the end of a business day to two minutes prior to the close of regular trading hours at the end of a business day.² This change to TAS trading hours in VX futures means that the trading hours for TAS transactions in VX futures will end at 3:13 p.m. instead of 3:12 p.m. Accordingly, the Amendment changes the references in Rule 414(i) and Rule 415(g) from 3:12 p.m. to 3:13 p.m. to be consistent with the change in TAS trading hours.

CFE believes that the Amendment is consistent with Designated Contract Market Core Principles 7 (Availability of General Information) and 9 (Execution of Transactions) under Section 5 of the Act in that (i) the Amendment sets forth in CFE’s rules updated reporting

¹ All times referenced are Chicago time.

² See CFE Rule Certification Submission Number [CFE-2016-006](#) submitted to the Commission on May 12, 2016.

provisions relating to TAS ECRP transactions and TAS Block Trades and (ii) the Amendment aligns those provisions with the revised trading hours for VX TAS transactions.

CFE believes that the impact of the Amendment will be beneficial to the public and market participants. CFE is not aware of any substantive opposing views to the Amendment. CFE hereby certifies that the Amendment complies with the Act and the regulations thereunder. CFE further certifies that CFE has posted a notice of pending certification with the Commission and a copy of this submission on CFE's Web site (<http://cfe.cboe.com/aboutcfe/rules.aspx>) concurrent with the filing of this submission with the Commission.

CFE intends to file the Amendment as it may relate to security futures with the Securities and Exchange Commission pursuant to Section 19(b)(7) of the Securities Exchange Act of 1934.

The Amendment, marked to show additions in underlined text and deletions in [bracketed] text, consists of the following:
