Exhibit Sent As Paper Document

Copies of notices, written comments, transcripts, other communications. If such documents cannot be filed electronically in accordance with Instruction F, they shall be filed in accordance with Instruction G.

**Exhibit 3 - Form, Report, or Questionnaire**

Add Remove View

Exhibit Sent As Paper Document

Copies of any form, report, or questionnaire that the self-regulatory organization proposes to use to help implement or operate the proposed rule change, or that is referred to by the proposed rule change.

**Exhibit 4 - Marked Copies**

Add Remove View

The full text shall be marked, in any convenient manner, to indicate additions to and deletions from the immediately preceding filing. The purpose of Exhibit 4 is to permit the staff to identify immediately the changes made from the text of the rule with which it has been working.

**Exhibit 5 - Proposed Rule Text**

Add Remove View

The self-regulatory organization may choose to attach as Exhibit 5 proposed changes to rule text in place of providing it in Item I and which may otherwise be more easily readable if provided separately from Form 19b-4. Exhibit 5 shall be considered part of the proposed rule change.

**Partial Amendment**

Add Remove View

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

**Item 1. Text of the Proposed Rule Change**

(a) Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> Cboe EDGX Exchange, Inc. (the “Exchange” or “EDGX”) is filing with the Securities and Exchange Commission (“Commission”) a proposed rule change to amend the fee schedule applicable to Members and non-Members of the Exchange pursuant to EDGX Rules 15.1(a) and (c). Changes to the fee schedule pursuant to this proposal are effective upon filing. The text of the proposed rule change is provided in Exhibit 5.

(b) Not applicable.

(c) Not applicable.

**Item 2. Procedures of the Self-Regulatory Organization**

(a) The Exchange’s President (or designee) pursuant to delegated authority approved the proposed rule change on January 27, 2020.

(b) Please refer questions and comments on the proposed rule change to Pat Sexton, Executive Vice President, General Counsel, and Corporate Secretary, (312) 786-7467, or Rebecca Tenuta, Counsel, (312) 786-7068, Cboe EDGX Exchange, Inc., 400 South LaSalle, Chicago, Illinois 60605.

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

**Item 3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

(a) Purpose

The Exchange proposes to amend its fee schedule applicable to its equities trading platform (“EDGX Equities”) by amending its Add/Remove Volume Tiers, effective February 1, 2021.

The Exchange first notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. More specifically, the Exchange is only one of 16 registered equities exchanges, as well as a number of alternative trading systems and other off-exchange venues that do not have similar self-regulatory responsibilities under the Exchange Act, to which market participants may direct their order flow. Based on publicly available information,<sup>3</sup> no single registered equities exchange has more than 16% of the market share. Thus, in such a low-concentrated and highly competitive market, no single equities exchange possesses significant pricing power in the execution of order flow. The Exchange in particular operates a “Maker-Taker” model whereby it pays credits to members that provide liquidity and assesses fees to those that remove liquidity. The Exchange’s fee schedule sets forth the standard rebates and rates applied per share for orders that provide and remove liquidity, respectively. Currently, for orders priced at or above \$1.00, the Exchange provides a standard rebate of \$0.0016 per share for orders that add liquidity

---

<sup>3</sup> See Cboe Global Markets, U.S. Equities Market Volume Summary, Month-to-Date (January 25, 2021), available at [https://markets.cboe.com/us/equities/market\\_statistics/](https://markets.cboe.com/us/equities/market_statistics/).

and assesses a fee of \$0.0027 per share for orders that remove liquidity. For orders priced below \$1.00, the Exchange a standard rebate of \$0.00009 per share for orders that add liquidity and assesses a fee of 0.30% of Dollar Value for orders that remove liquidity. Additionally, in response to the competitive environment, the Exchange also offers tiered pricing which provides Members opportunities to qualify for higher rebates or reduced fees where certain volume criteria and thresholds are met. Tiered pricing provides an incremental incentive for Members to strive for higher tier levels, which provides increasingly higher benefits or discounts for satisfying increasingly more stringent criteria.

Currently, the Exchange provides for certain Add/Remove Volume Tiers under footnote 1 of the Fee Schedule. More specifically, the Add/Remove Volume Tiers provide for seven different volume tiers that offer enhanced rebates on Members' orders yielding fee codes "B"<sup>4</sup>, "V"<sup>5</sup>, "Y"<sup>6</sup>, "3"<sup>7</sup> and "4"<sup>8</sup>, where a Member reaches certain volume-based criteria offered in each tier. Two of these tiers are "Growth Tiers", which are designed to encourage growth in order flow by providing specific criteria in which Members must increase their relative liquidity each month over a predetermined baseline.

---

<sup>4</sup> Appended to orders that add liquidity to EDGX (Tape B) and offers a rebate of \$0.0016 per share.

<sup>5</sup> Appended to orders that add liquidity to EDGX (Tape A) and offers a rebate of \$0.0016 per share.

<sup>6</sup> Appended to orders that add liquidity to EDGX (Tape C) and offers a rebate of \$0.0016 per share.

<sup>7</sup> Appended to orders that add liquidity to EDGX pre and post market (Tape A or C) and offers a rebate of \$0.0016 per share.

<sup>8</sup> Appended to orders that add liquidity to EDGX pre and post market (Tape B) and offers a rebate of \$0.0016 per share.

Growth Tier 2, for example, provides an enhanced rebate of \$0.0027 on qualifying orders (i.e., B, V, Y, 3 and 4) where a Member has a Retail Step-Up Add TCV<sup>9</sup> (i.e., yielding fee code ZA)<sup>10</sup> from May 2020 that is greater than or equal to 0.10%. The Exchange now proposed to amend Growth Tier 2 to provide an increased enhanced rebated of \$0.0030 on qualifying orders where a Member: (1) has a Step-Up Add TCV from January 2021 greater than or equal to 0.10%; (2) adds an ADV<sup>11</sup> greater than or equal to 0.50% of the TCV; and (3) removes an ADV of greater than or equal to 0.80% of the TCV.

Additionally, under the Add/Remove Volume Tiers in footnote 1 of the Fee Schedule the Exchange also provides for three Non-Displayed Add Volume Tiers, which offer enhanced rebates on Members' orders yielding fee codes "DM"<sup>12</sup>, "HA"<sup>13</sup>, "MM"<sup>14</sup> and "RP"<sup>15</sup> where a Member reaches certain required volume-based criteria offered in

---

<sup>9</sup> "Step-Up Add TCV" means ADAV as a percentage of TCV in the relevant baseline month subtracted from current ADAV as a percentage of TCV. "TCV" means total consolidated volume calculated as the volume reported by all exchanges and trade reporting facilities to a consolidated transaction reporting plan for the month for which the fees apply. "ADAV" means ADAV means average daily added volume calculated as the number of shares added per day. ADAV is calculated on a monthly basis.

<sup>10</sup> Appended to Retail Orders that add liquidity to EDGX and offers a rebate of \$0.0032 per share.

<sup>11</sup> "ADV" means average daily volume calculated as the number of shares added to, removed from, or routed by, the Exchange, or any combination or subset thereof, per day. ADV is calculated on a monthly basis.

<sup>12</sup> Appended to orders that add liquidity using MidPoint Discretionary order within discretionary range and are provided a rebate of \$0.00100.

<sup>13</sup> Appended to non-displayed orders that add liquidity and are provided a rebate of \$0.00100.

<sup>14</sup> Appended to non-displayed orders that add liquidity using Mid-Point Peg and are provided a rebate of \$0.00100.

<sup>15</sup> Appended to non-displayed orders that add liquidity using Supplemental Peg and are provided a rebate of \$0.00100.

each tier. For example, Non-Displayed Add Volume Tier 3 provides an enhanced rebated of \$0.0025 on qualifying orders (i.e., DM, HA, MM and RP) where a Member has an ADAV<sup>16</sup> of greater than or equal to 0.10% of TCV for Non-Displayed orders that yield fee codes DM, HA, HI, MM or RP. The Exchange now proposes to add a new Non-Displayed tier, specifically, a Non-Displayed Step-Up Tier, which provides an enhanced rebate of \$0.0025 where a Member: (1) has a Step-Up Add TCV from January 2021 greater than or equal to 0.10%; (2) adds an ADV greater than or equal to 0.50% of the TCV; and (3) removes an ADV of greater than or equal to 0.80% of the TCV.

Growth Tier 2, as amended, and the new Non-Displayed Step-Up Tier, both of which offer the same three-pronged criteria, are designed to incentivize overall order flow, particularly by offering enhanced rebates for both displayed (i.e., B, V, Y, 3 and 4) and non-displayed (DM, HA, MM and RP) orders if a Member meets the different, incrementally more difficult criteria as amended in Growth Tier 2 or the additional opportunity as provided in the proposed Non-Displayed Step-Up Tier. Specifically the proposed criteria will encourage a Member to: (1) grow in overall order flow (by providing criteria in which a Member must increase relative overall order flow, not just retail order flow, each month over baseline liquidity in January 2021); (2) increase liquidity adding volume; and (3) increase in liquidity removing volume, in order to receive the proposed enhanced rebates. Overall, the proposed criteria and enhanced rebates provide an additional opportunity for Members to submit more order flow inclusive of all orders, liquidity adding Members on the Exchange to contribute to a

---

<sup>16</sup> “ADAV” means ADAV means average daily added volume calculated as the number of shares added per day. ADAV is calculated on a monthly basis.

deeper, more liquid market, and liquidity executing Members on the Exchange to increase transactions and take execution opportunities provided by such increased liquidity, together providing for overall enhanced price discovery and price improvement opportunities on the Exchange. As such, increased overall order flow benefits all Members by contributing towards a robust and well-balanced market ecosystem.

(b) Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act,<sup>17</sup> in general, and furthers the objectives of Section 6(b)(4),<sup>18</sup> in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members, issuers and other persons using its facilities. The Exchange also believes that the proposed rule change is consistent with the objectives of Section 6(b)(5)<sup>19</sup> requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest, and, particularly, is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

---

<sup>17</sup> 15 U.S.C. 78f.

<sup>18</sup> 15 U.S.C. 78f(b)(4).

<sup>19</sup> 15 U.S.C. 78f(b)(5).

As described above, the Exchange operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. The proposed rule change reflects a competitive pricing structure designed to incentivize market participants to direct their order flow to the Exchange, which the Exchange believes would enhance market quality to the benefit of all Members. In particular, the Exchange believes the proposed changes to Growth Tier 2 and the proposed new Non-Displayed Step-Up Tier are reasonable because they either amend an existing opportunity or provide an additional opportunity for Members to receive an enhanced rebate on qualifying orders by means of overall order flow, including both liquidity adding and removing orders. The Exchange notes that relative volume-based incentives and discounts have been widely adopted by exchanges,<sup>20</sup> including the Exchange,<sup>21</sup> and are reasonable, equitable and non-discriminatory because they are open to all members on an equal basis and provide additional benefits or discounts that are reasonably related to (i) the value to an exchange's market quality and (ii) associated higher levels of market activity, such as higher levels of liquidity provision and/or growth patterns. Additionally, as noted above, the Exchange operates in a highly competitive market. The Exchange is

---

<sup>20</sup> See e.g., Nasdaq PSX Price List, Rebate to Add Displayed Liquidity (Per Share Executed), and Rebate to Add Other Non-Displayed Liquidity, which provide rebates to members for adding displayed and non-displayed liquidity over certain thresholds of TCV ranging between \$0.00075 and \$0.00305, available at <http://nasdaqtrader.com/Trader.aspx?id=PriceListTrading2>; and Cboe BZX U.S. Equities Exchange Fee Schedule, Footnote 1, Add Volume Tiers, which provides similar incentives for displayed and non-displayed liquidity and offers rebates ranging between \$0.0018 and \$0.0031.

<sup>21</sup> See generally, Cboe EDGX U.S. Equities Exchange Fee Schedule, Footnote 1, Add Volume Tiers

only one of several equity venues to which market participants may direct their order flow, and it represents a small percentage of the overall market. It is also only one of several maker-taker exchanges. Competing equity exchanges offer similar tiered pricing structures to that of the Exchange, including schedules of rebates and fees that apply based upon members achieving certain volume and/or growth thresholds. These competing pricing schedules, moreover, are presently comparable to those that the Exchange provides, including the pricing of comparable tiers.<sup>22</sup>

Moreover, the Exchange believes the two proposed tiers are a reasonable means to encourage overall growth in Members' overall order flow to the Exchange and to incentivize Members to continue to provide liquidity adding and liquidity removing to the Exchange by offering them a different or additional opportunity than those opportunities currently under the Add/Remove Volume Tiers to receive an enhanced rebate on qualifying orders. The Exchange believes that the proposed tiers, each based on a Member's overall growth in all order flow and their liquidity adding and removing orders, will generally benefit all market participants by incentivizing continuous liquidity and thus, deeper more liquid markets as well as increased execution opportunities. Indeed, the Exchange notes that greater add volume order flow may provide for deeper, more liquid markets and execution opportunities, and greater remove volume order flow may increase transactions on the Exchange, which the Exchange believes incentivizes liquidity providers to submit additional liquidity and execution opportunities, thus, providing an overall increase in price discovery and transparency on the Exchange.

---

<sup>22</sup> See supra note 20.

Further, the Exchange believes that the proposed rule changes are reasonable as they do not represent a significant departure from the current criteria or enhanced rebates currently offered in the Fee Schedule. First, the Exchange believes that modifying existing criteria in Growth Tier 2 is reasonably designed to be incrementally more difficult to achieve than the current criteria and therefore is commensurate with the proposed increased enhanced rebate. The Exchange also believes that the proposed criteria and enhanced rebate remains in line with the incremental increase in difficulty from Growth Tier 1. Growth Tier 1 may be met if a Member: (1) adds an ADV greater than or equal to 0.20% of the TCV; and (2) has a Step-Up Add TCV from March 2019 of greater than or equal to 0.10%, whereas proposed Growth Tier 2 provides for an additional prong of criteria, as well as modestly increased percentages of ADV over TCV, that a Member must meet to receive an enhanced rebate. Second, the Exchange believes that the proposed criteria in the new Non-Displayed Step-Up Tier is of comparable difficulty to the criteria in Non-Displayed Add Volume Tier 3, which offers the same enhanced rebate for the same qualifying orders if a Member has an ADAV greater than or equal to 0.10% of TCV for Non-Displayed orders that yield fee codes DM, HA, HI, MM or RP. The Exchange notes that the sum of Non-Displayed orders only as an add-volume (ADAV) percentage presents a more narrow, thus comparable in difficulty, type of order flow that a Member must submit to achieve the criteria in Non-Displayed Add Volume Tier 3, and therefore, the proposed enhanced rebate offered under the Non-Displayed Step-Up Tier is commensurate with the same enhanced rebate offered under Non-Displayed Add Volume Tier 3.

The Exchange believes that the proposal represents an equitable allocation of fees and rebates and is not unfairly discriminatory because all Members will continue to be eligible for Growth Tier 2, as amended, and all Members will be eligible for proposed Non-Displayed Step-Up Tier. All Members will have the opportunity to meet the two tiers' criteria and will receive the proposed corresponding enhanced rebates for their respective qualifying orders if they meet such criteria. Without having a view of activity on other markets and off-exchange venues, the Exchange has no way of knowing whether this proposed rule change would definitely result in any Members qualifying for the proposed tiers. While the Exchange has no way of predicting with certainty how the proposed tier will impact Member activity, the Exchange anticipates that at least three Members will be able to compete for and reach the proposed criteria in Growth Tier 2 and the Non-Displayed Step-Up Tier. The Exchange anticipates that multiple Member types will compete to reach the proposed tiers, broker-dealers and liquidity providers, each providing distinct types of order flow to the Exchange to the benefit of all market participants. The Exchange also notes that proposed tiers will not adversely impact any Member's pricing or ability to qualify for other reduced fee or enhanced rebate tiers. Should a Member not meet the proposed criteria under either of the proposed tiers, the Member will merely not receive that corresponding enhanced rebate. Furthermore, the proposed enhanced rebates in Growth Tier 2 and the Non-Displayed Step-Up Tier will each automatically and uniformly apply to all Members' qualifying orders for all Members that meet the required criteria under the proposed tiers.

**Item 4. Self-Regulatory Organization's Statement on Burden on Competition**

The Exchange does not believe that the proposed rule changes will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. Rather, as discussed above, the Exchange believes that the proposed change would encourage the submission of additional order flow to a public exchange, thereby promoting market depth, execution incentives and enhanced execution opportunities, as well as price discovery and transparency for all Members. As a result, the Exchange believes that the proposed change furthers the Commission's goal in adopting Regulation NMS of fostering competition among orders, which promotes "more efficient pricing of individual stocks for all types of orders, large and small."

The Exchange believes the proposed rule change does not impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. Particularly, the proposed change applies to all Members equally in that all Members are eligible for the proposed Growth Tier and Non-Displayed Step-Up Tier, have a reasonable opportunity to meet the tiers' criteria and will all automatically and uniformly receive the corresponding enhanced rebate on their respective qualifying orders if such criteria is met. Additionally, the proposed tiers are designed to attract additional overall order flow to the Exchange. The Exchange believes that the amended and additional tier criteria would incentivize market participants to grow their overall order flow submitted to the Exchange, both liquidity adding and removing order flow, bringing with it improved price transparency. The Exchange believes greater overall order flow and pricing transparency benefits all market participants on the Exchange by providing more trading opportunities, enhancing market quality, and continuing to

encourage Members to send orders, thereby contributing towards a robust and well-balanced market ecosystem, which benefits all market participants.

The Exchange believes the proposed rule change does not impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. As previously discussed, the Exchange operates in a highly competitive market. Members have numerous alternative venues that they may participate on and direct their order flow, including 15 other equities exchanges and off-exchange venues and alternative trading systems. Additionally, the Exchange represents a small percentage of the overall market. Based on publicly available information, no single equities exchange has more than 16% of the market share. Therefore, no exchange possesses significant pricing power in the execution of order flow. Indeed, participants can readily choose to send their orders to other exchange and off-exchange venues if they deem fee levels at those other venues to be more favorable. Moreover, the Commission has repeatedly expressed its preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. Specifically, in Regulation NMS, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system “has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies.” The fact that this market is competitive has also long been recognized by the courts. In *NetCoalition v. Securities and Exchange Commission*, the D.C. Circuit stated as follows: “[n]o one disputes that competition for order flow is ‘fierce.’ ... As the SEC explained, ‘[i]n the U.S. national market system, buyers and sellers of securities, and the broker-dealers that

act as their order-routing agents, have a wide range of choices of where to route orders for execution’; [and] ‘no exchange can afford to take its market share percentages for granted’ because ‘no exchange possesses a monopoly, regulatory or otherwise, in the execution of order flow from broker dealers’....”. Accordingly, the Exchange does not believe its proposed fee change imposes any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

**Item 5. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

The Exchange neither solicited nor received comments on the proposed rule change.

**Item 6. Extension of Time Period for Commission Action**

Not applicable.

**Item 7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2) or Section 19(b)(7)(D)**

(a) The proposed rule change is filed for immediate effectiveness pursuant to Section 19(b)(3)(A) of the Act<sup>23</sup> and Rule 19b-4(f)(2)<sup>24</sup> thereunder.

(b) The Exchange designates that the proposed rule change establishes or changes a due, fee, or other charge imposed by the Exchange, which renders the proposed rule change effective upon filing with the Securities and Exchange Commission (the “Commission”). At any time within 60 days of the filing of this proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the

EXHIBIT 1**SECURITIES AND EXCHANGE COMMISSION**

[Release No. 34- ; File No. SR-CboeEDGX-2021-009]

[Insert date]

Self-Regulatory Organizations; Cboe EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to Amend the Fee Schedule

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on [insert date], Cboe EDGX Exchange, Inc. (the “Exchange” or “EDGX”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

**I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change**

Cboe EDGX Exchange, Inc. (the “Exchange” or “EDGX”) is filing with the Securities and Exchange Commission (“Commission”) a proposed rule change to amend the fee schedule. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange’s website ([http://markets.cboe.com/us/options/regulation/rule\\_filings/edgx/](http://markets.cboe.com/us/options/regulation/rule_filings/edgx/)), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

## **II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

### **A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

#### **1. Purpose**

The Exchange proposes to amend its fee schedule applicable to its equities trading platform ("EDGX Equities") by amending its Add/Remove Volume Tiers, effective February 1, 2021.

The Exchange first notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. More specifically, the Exchange is only one of 16 registered equities exchanges, as well as a number of alternative trading systems and other off-exchange venues that do not have similar self-regulatory responsibilities under the Exchange Act, to which market participants may direct their order flow. Based on publicly available information,<sup>3</sup> no single registered equities exchange has more than 16% of the market share. Thus, in such a low-concentrated and highly competitive market, no single equities exchange possesses

<sup>3</sup> See Cboe Global Markets, U.S. Equities Market Volume Summary, Month-to-Date (January 25, 2021), available at [https://markets.cboe.com/us/equities/market\\_statistics/](https://markets.cboe.com/us/equities/market_statistics/).

significant pricing power in the execution of order flow. The Exchange in particular operates a “Maker-Taker” model whereby it pays credits to members that provide liquidity and assesses fees to those that remove liquidity. The Exchange’s fee schedule sets forth the standard rebates and rates applied per share for orders that provide and remove liquidity, respectively. Currently, for orders priced at or above \$1.00, the Exchange provides a standard rebate of \$0.0016 per share for orders that add liquidity and assesses a fee of \$0.0027 per share for orders that remove liquidity. For orders priced below \$1.00, the Exchange a standard rebate of \$0.00009 per share for orders that add liquidity and assesses a fee of 0.30% of Dollar Value for orders that remove liquidity. Additionally, in response to the competitive environment, the Exchange also offers tiered pricing which provides Members opportunities to qualify for higher rebates or reduced fees where certain volume criteria and thresholds are met. Tiered pricing provides an incremental incentive for Members to strive for higher tier levels, which provides increasingly higher benefits or discounts for satisfying increasingly more stringent criteria.

Currently, the Exchange provides for certain Add/Remove Volume Tiers under footnote 1 of the Fee Schedule. More specifically, the Add/Remove Volume Tiers provide for seven different volume tiers that offer enhanced rebates on Members’ orders yielding fee codes “B”<sup>4</sup>, “V”<sup>5</sup>, “Y”<sup>6</sup>, “3”<sup>7</sup> and “4”<sup>8</sup>, where a Member reaches certain

---

<sup>4</sup> Appended to orders that add liquidity to EDGX (Tape B) and offers a rebate of \$0.0016 per share.

<sup>5</sup> Appended to orders that add liquidity to EDGX (Tape A) and offers a rebate of \$0.0016 per share.

<sup>6</sup> Appended to orders that add liquidity to EDGX (Tape C) and offers a rebate of \$0.0016 per share.

volume-based criteria offered in each tier. Two of these tiers are “Growth Tiers”, which are designed to encourage growth in order flow by providing specific criteria in which Members must increase their relative liquidity each month over a predetermined baseline. Growth Tier 2, for example, provides an enhanced rebate of \$0.0027 on qualifying orders (i.e., B, V, Y, 3 and 4) where a Member has a Retail Step-Up Add TCV<sup>9</sup> (i.e., yielding fee code ZA)<sup>10</sup> from May 2020 that is greater than or equal to 0.10%. The Exchange now proposed to amend Growth Tier 2 to provide an increased enhanced rebated of \$0.0030 on qualifying orders where a Member: (1) has a Step-Up Add TCV from January 2021 greater than or equal to 0.10%; (2) adds an ADV<sup>11</sup> greater than or equal to 0.50% of the TCV; and (3) removes an ADV of greater than or equal to 0.80% of the TCV.

Additionally, under the Add/Remove Volume Tiers in footnote 1 of the Fee Schedule the Exchange also provides for three Non-Displayed Add Volume Tiers, which offer enhanced rebates on Members’ orders yielding fee codes “DM”<sup>12</sup>, “HA”<sup>13</sup>, “MM”<sup>14</sup>

---

<sup>7</sup> Appended to orders that add liquidity to EDGX pre and post market (Tape A or C) and offers a rebate of \$0.0016 per share.

<sup>8</sup> Appended to orders that add liquidity to EDGX pre and post market (Tape B) and offers a rebate of \$0.0016 per share.

<sup>9</sup> “Step-Up Add TCV” means ADAV as a percentage of TCV in the relevant baseline month subtracted from current ADAV as a percentage of TCV. “TCV” means total consolidated volume calculated as the volume reported by all exchanges and trade reporting facilities to a consolidated transaction reporting plan for the month for which the fees apply. “ADAV” means ADAV means average daily added volume calculated as the number of shares added per day. ADAV is calculated on a monthly basis.

<sup>10</sup> Appended to Retail Orders that add liquidity to EDGX and offers a rebate of \$0.0032 per share.

<sup>11</sup> “ADV” means average daily volume calculated as the number of shares added to, removed from, or routed by, the Exchange, or any combination or subset thereof, per day. ADV is calculated on a monthly basis.

<sup>12</sup> Appended to orders that add liquidity using MidPoint Discretionary order within

and “RP”<sup>15</sup> where a Member reaches certain required volume-based criteria offered in each tier. For example, Non-Displayed Add Volume Tier 3 provides an enhanced rebated of \$0.0025 on qualifying orders (i.e., DM, HA, MM and RP) where a Member has an ADAV<sup>16</sup> of greater than or equal to 0.10% of TCV for Non-Displayed orders that yield fee codes DM, HA, HI, MM or RP. The Exchange now proposes to add a new Non-Displayed tier, specifically, a Non-Displayed Step-Up Tier, which provides an enhanced rebate of \$0.0025 where a Member: (1) has a Step-Up Add TCV from January 2021 greater than or equal to 0.10%; (2) adds an ADV greater than or equal to 0.50% of the TCV; and (3) removes an ADV of greater than or equal to 0.80% of the TCV.

Growth Tier 2, as amended, and the new Non-Displayed Step-Up Tier, both of which offer the same three-pronged criteria, are designed to incentivize overall order flow, particularly by offering enhanced rebates for both displayed (i.e., B, V, Y, 3 and 4) and non-displayed (DM, HA, MM and RP) orders if a Member meets the different, incrementally more difficult criteria as amended in Growth Tier 2 or the additional opportunity as provided in the proposed Non-Displayed Step-Up Tier. Specifically the proposed criteria will encourage a Member to: (1) grow in overall order flow (by providing criteria in which a Member must increase relative overall order flow, not just

---

discretionary range and are provided a rebate of \$0.00100.

<sup>13</sup> Appended to non-displayed orders that add liquidity and are provided a rebate of \$0.00100.

<sup>14</sup> Appended to non-displayed orders that add liquidity using Mid-Point Peg and are provided a rebate of \$0.00100.

<sup>15</sup> Appended to non-displayed orders that add liquidity using Supplemental Peg and are provided a rebate of \$0.00100.

<sup>16</sup> “ADAV” means ADAV means average daily added volume calculated as the number of shares added per day. ADAV is calculated on a monthly basis.

retail order flow, each month over baseline liquidity in January 2021); (2) increase liquidity adding volume; and (3) increase in liquidity removing volume, in order to receive the proposed enhanced rebates. Overall, the proposed criteria and enhanced rebates provide an additional opportunity for Members to submit more order flow inclusive of all orders, liquidity adding Members on the Exchange to contribute to a deeper, more liquid market, and liquidity executing Members on the Exchange to increase transactions and take execution opportunities provided by such increased liquidity, together providing for overall enhanced price discovery and price improvement opportunities on the Exchange. As such, increased overall order flow benefits all Members by contributing towards a robust and well-balanced market ecosystem.

## 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act,<sup>17</sup> in general, and furthers the objectives of Section 6(b)(4),<sup>18</sup> in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members, issuers and other persons using its facilities. The Exchange also believes that the proposed rule change is consistent with the objectives of Section 6(b)(5)<sup>19</sup> requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free

<sup>17</sup> 15 U.S.C. 78f.

<sup>18</sup> 15 U.S.C. 78f(b)(4).

<sup>19</sup> 15 U.S.C. 78f.(b)(5).

and open market and a national market system, and, in general, to protect investors and the public interest, and, particularly, is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

As described above, the Exchange operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. The proposed rule change reflects a competitive pricing structure designed to incentivize market participants to direct their order flow to the Exchange, which the Exchange believes would enhance market quality to the benefit of all Members. In particular, the Exchange believes the proposed changes to Growth Tier 2 and the proposed new Non-Displayed Step-Up Tier are reasonable because they either amend an existing opportunity or provide an additional opportunity for Members to receive an enhanced rebate on qualifying orders by means of overall order flow, including both liquidity adding and removing orders. The Exchange notes that relative volume-based incentives and discounts have been widely adopted by exchanges,<sup>20</sup> including the Exchange,<sup>21</sup> and are reasonable, equitable and non-discriminatory because they are open to all members on an equal basis and provide additional benefits or discounts that are reasonably related to (i) the value to an exchange's market quality and (ii) associated higher levels of market

---

<sup>20</sup> See e.g., Nasdaq PSX Price List, Rebate to Add Displayed Liquidity (Per Share Executed), and Rebate to Add Other Non-Displayed Liquidity, which provide rebates to members for adding displayed and non-displayed liquidity over certain thresholds of TCV ranging between \$0.00075 and \$0.00305, available at <http://nasdaqtrader.com/Trader.aspx?id=PriceListTrading2>; and Cboe BZX U.S. Equities Exchange Fee Schedule, Footnote 1, Add Volume Tiers, which provides similar incentives for displayed and non-displayed liquidity and offers rebates ranging between \$0.0018 and \$0.0031.

<sup>21</sup> See generally, Cboe EDGX U.S. Equities Exchange Fee Schedule, Footnote 1, Add Volume Tiers

activity, such as higher levels of liquidity provision and/or growth patterns. Additionally, as noted above, the Exchange operates in a highly competitive market. The Exchange is only one of several equity venues to which market participants may direct their order flow, and it represents a small percentage of the overall market. It is also only one of several maker-taker exchanges. Competing equity exchanges offer similar tiered pricing structures to that of the Exchange, including schedules of rebates and fees that apply based upon members achieving certain volume and/or growth thresholds. These competing pricing schedules, moreover, are presently comparable to those that the Exchange provides, including the pricing of comparable tiers.<sup>22</sup>

Moreover, the Exchange believes the two proposed tiers are a reasonable means to encourage overall growth in Members' overall order flow to the Exchange and to incentivize Members to continue to provide liquidity adding and liquidity removing to the Exchange by offering them a different or additional opportunity than those opportunities currently under the Add/Remove Volume Tiers to receive an enhanced rebate on qualifying orders. The Exchange believes that the proposed tiers, each based on a Member's overall growth in all order flow and their liquidity adding and removing orders, will generally benefit all market participants by incentivizing continuous liquidity and thus, deeper more liquid markets as well as increased execution opportunities. Indeed, the Exchange notes that greater add volume order flow may provide for deeper, more liquid markets and execution opportunities, and greater remove volume order flow may increase transactions on the Exchange, which the Exchange believes incentivizes

---

<sup>22</sup> See supra note 20.

liquidity providers to submit additional liquidity and execution opportunities, thus, providing an overall increase in price discovery and transparency on the Exchange.

Further, the Exchange believes that the proposed rule changes are reasonable as they do not represent a significant departure from the current criteria or enhanced rebates currently offered in the Fee Schedule. First, the Exchange believes that modifying existing criteria in Growth Tier 2 is reasonably designed to be incrementally more difficult to achieve than the current criteria and therefore is commensurate with the proposed increased enhanced rebate. The Exchange also believes that the proposed criteria and enhanced rebate remains in line with the incremental increase in difficulty from Growth Tier 1. Growth Tier 1 may be met if a Member: (1) adds an ADV greater than or equal to 0.20% of the TCV; and (2) has a Step-Up Add TCV from March 2019 of greater than or equal to 0.10%, whereas proposed Growth Tier 2 provides for an additional prong of criteria, as well as modestly increased percentages of ADV over TCV, that a Member must meet to receive an enhanced rebate. Second, the Exchange believes that the proposed criteria in the new Non-Displayed Step-Up Tier is of comparable difficulty to the criteria in Non-Displayed Add Volume Tier 3, which offers the same enhanced rebate for the same qualifying orders if a Member has an ADAV greater than or equal to 0.10% of TCV for Non-Displayed orders that yield fee codes DM, HA, HI, MM or RP. The Exchange notes that the sum of Non-Displayed orders only as an add-volume (ADAV) percentage presents a more narrow, thus comparable in difficulty, type of order flow that a Member must submit to achieve the criteria in Non-Displayed Add Volume Tier 3, and therefore, the proposed enhanced rebate offered under

the Non-Displayed Step-Up Tier is commensurate with the same enhanced rebate offered under Non-Displayed Add Volume Tier 3.

The Exchange believes that the proposal represents an equitable allocation of fees and rebates and is not unfairly discriminatory because all Members will continue to be eligible for Growth Tier 2, as amended, and all Members will be eligible for proposed Non-Displayed Step-Up Tier. All Members will have the opportunity to meet the two tiers' criteria and will receive the proposed corresponding enhanced rebates for their respective qualifying orders if they meet such criteria. Without having a view of activity on other markets and off-exchange venues, the Exchange has no way of knowing whether this proposed rule change would definitely result in any Members qualifying for the proposed tiers. While the Exchange has no way of predicting with certainty how the proposed tier will impact Member activity, the Exchange anticipates that at least three Members will be able to compete for and reach the proposed criteria in Growth Tier 2 and the Non-Displayed Step-Up Tier. The Exchange anticipates that multiple Member types will compete to reach the proposed tiers, broker-dealers and liquidity providers, each providing distinct types of order flow to the Exchange to the benefit of all market participants. The Exchange also notes that proposed tiers will not adversely impact any Member's pricing or ability to qualify for other reduced fee or enhanced rebate tiers. Should a Member not meet the proposed criteria under either of the proposed tiers, the Member will merely not receive that corresponding enhanced rebate. Furthermore, the proposed enhanced rebates in Growth Tier 2 and the Non-Displayed Step-Up Tier will each automatically and uniformly apply to all Members' qualifying orders for all Members that meet the required criteria under the proposed tiers.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule changes will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. Rather, as discussed above, the Exchange believes that the proposed change would encourage the submission of additional order flow to a public exchange, thereby promoting market depth, execution incentives and enhanced execution opportunities, as well as price discovery and transparency for all Members. As a result, the Exchange believes that the proposed change furthers the Commission's goal in adopting Regulation NMS of fostering competition among orders, which promotes "more efficient pricing of individual stocks for all types of orders, large and small."

The Exchange believes the proposed rule change does not impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. Particularly, the proposed change applies to all Members equally in that all Members are eligible for the proposed Growth Tier and Non-Displayed Step-Up Tier, have a reasonable opportunity to meet the tiers' criteria and will all automatically and uniformly receive the corresponding enhanced rebate on their respective qualifying orders if such criteria is met. Additionally, the proposed tiers are designed to attract additional overall order flow to the Exchange. The Exchange believes that the amended and additional tier criteria would incentivize market participants to grow their overall order flow submitted to the Exchange, both liquidity adding and removing order flow, bringing with it improved price transparency. The Exchange believes greater overall order flow and pricing transparency benefits all market participants on the Exchange by providing more trading opportunities, enhancing market quality, and continuing to

encourage Members to send orders, thereby contributing towards a robust and well-balanced market ecosystem, which benefits all market participants.

The Exchange believes the proposed rule change does not impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. As previously discussed, the Exchange operates in a highly competitive market. Members have numerous alternative venues that they may participate on and direct their order flow, including 15 other equities exchanges and off-exchange venues and alternative trading systems. Additionally, the Exchange represents a small percentage of the overall market. Based on publicly available information, no single equities exchange has more than 16% of the market share. Therefore, no exchange possesses significant pricing power in the execution of order flow. Indeed, participants can readily choose to send their orders to other exchange and off-exchange venues if they deem fee levels at those other venues to be more favorable. Moreover, the Commission has repeatedly expressed its preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. Specifically, in Regulation NMS, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system “has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies.” The fact that this market is competitive has also long been recognized by the courts. In *NetCoalition v. Securities and Exchange Commission*, the D.C. Circuit stated as follows: “[n]o one disputes that competition for order flow is ‘fierce.’ ... As the SEC explained, ‘[i]n the U.S. national market system, buyers and sellers of securities, and the broker-dealers that

act as their order-routing agents, have a wide range of choices of where to route orders for execution’; [and] ‘no exchange can afford to take its market share percentages for granted’ because ‘no exchange possesses a monopoly, regulatory or otherwise, in the execution of order flow from broker dealers’ ....”. Accordingly, the Exchange does not believe its proposed fee change imposes any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>23</sup> and paragraph (f) of Rule 19b-4<sup>24</sup> thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

**IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with

---

<sup>23</sup> 15 U.S.C. 78s(b)(3)(A).

<sup>24</sup> 17 CFR 240.19b-4(f).

the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include File Number SR-CboeEDGX-2021-009 on the subject line.

Paper comments:

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-CboeEDGX-2021-009. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street, NE, Washington, D.C. 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You

should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-CboeEDGX-2021-009 and should be submitted on or before [insert date 21 days from publication in the Federal Register].

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>25</sup>

Secretary
