Such partial amendment shall be clearly identified and marked to show deletions and additions.

**Item 1. Text of the Proposed Rule Change**

(a) Cboe EDGX Exchange, Inc. (the “Exchange” or “EDGX”) proposes to amend Rule 11.11 (Routing to Away Trading Centers), as well as its Fee Schedule, to delete references to the INET and RDOX routing options. The text of the proposed rule change is provided in Exhibit 5.

(b) Not applicable.

(c) Not applicable.

**Item 2. Procedures of the Self-Regulatory Organization**

(a) The Exchange’s President (or designee) pursuant to delegated authority approved the proposed rule change on March 1, 2021.

(b) Please refer questions and comments on the proposed rule change to Pat Sexton, Executive Vice President, General Counsel, and Corporate Secretary, (312) 786-7467, or Sarah Tadtman, Counsel, (913) 815-7203.

**Item 3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

(a) Purpose

The Exchange proposes to amend paragraphs (4) and (6) under Exchange Rule 11.11(g) and 11.11(a) to delete all references to the INET and RDOX routing options. The Exchange also proposes to delete all references to the INET routing option from the EDGX Fee Schedule, as provided in fee codes 2 and L. The Exchange intends to implement the proposed rule changes on March 1, 2021.

Exchange Rule 11.11(g) provides for various routing options available on the Exchange. Specifically, Rule 11.11(g)(4) provides for the INET routing option, under which

an order checks the System<sup>1</sup> for available shares and then is sent to Nasdaq. If shares remain unexecuted after routing, they are posted on the Nasdaq book, unless otherwise instructed by the User.<sup>2</sup> Similarly, Exchange Rule 11.11(g)(6) provides for the RDOX routing option, under which an order checks the System for available shares and then is sent to the NYSE and can be re-routed by the NYSE. If shares remain unexecuted after routing, they are posted on the NYSE book, unless otherwise instructed by the User.

The Exchange has determined because few Users select the INET or RDOX routing options, the current demand does not warrant the infrastructure and ongoing maintenance expenses required to support the product. Therefore, the Exchange now proposes to delete INET and RDOX as a routing option as provided by Rule 11.11(g)(4) and (6), respectively.

Given the proposed changes described above, the Exchange also proposes to amend Rules 11.11(a) to eliminate any reference to the INET and RDOX routing strategies. Specifically, Rule 11.11(a) provides that unless a User selects the Post to Away, RDOT, RDOX, INET, or ROOC routing option, an order that includes a Short Sale instruction when a Short Sale Circuit Breaker pursuant to Rule 201 of Regulation SHO is in effect is not eligible for routing by the Exchange. Based on the proposal to eliminate INET and RDOX from Exchange Rules, the Exchange is proposing to eliminating all such references to INET and RDOX in Rules 11.11(a).

---

<sup>1</sup> The term “System” shall mean the electronic communications and trading facility designated by the Board through which securities orders of Users are consolidated for ranking, execution and, when applicable, routing away. See Exchange Rule 1.5(cc).

<sup>2</sup> The term “User” shall mean any Member or Sponsored Participant who is authorized to obtain access to the System pursuant to Rule 11.3. See Exchange Rule 1.5(ee).

As the Exchange is proposing to eliminate the INET routing option from the EDGX Rulebook, the Exchange also proposes to eliminate any such reference to those routing options on the EDGX Fee Schedule. Specifically, the Exchange proposes to eliminate Fee Codes 2<sup>3</sup> and L.<sup>4</sup>

(b) Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.<sup>5</sup> Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>6</sup> requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>7</sup> requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

<sup>3</sup> Orders that yield fee code 2 are routed to Nasdaq using the INET routing strategy (Tape B), and are charged a fee of \$0.00300.

<sup>4</sup> Orders that yield fee code L are routed to Nasdaq using the INET routing strategy (Tape A or C), and are charged a fee of \$0.00300.

<sup>5</sup> 15 U.S.C. 78f(b).

<sup>6</sup> 15 U.S.C. 78f(b)(5).

<sup>7</sup> Id.

In particular, the Exchange believes the proposed rule change to remove references to the RDOX and INET routing options will remove impediments to the mechanism of a free and open market, thereby protecting investors and the public interest. As stated, the Exchange has noted that few Users elect the RDOX and INET routing options and has determined that the current demand does not warrant the infrastructure and ongoing maintenance expense required to support these products. Therefore, the Exchange is discontinuing these routing options. The Exchange notes that routing through the Exchange is voluntary and alternative routing options offered by the Exchange as well as other methods remain available to Users that wish to route to other trading centers. In addition, neither the RDOX nor the INET routing options are core product offerings by the Exchange, nor is the Exchange required by the Act to offer such products. By removing references to routing options that will no longer be offered by the Exchange, the Exchange believes the proposed rule change will remove impediments to the mechanism of a free and open market and protect investors by providing investors with rules that accurately reflect routing options currently available on the Exchange. The Exchange does not believe that this proposal will permit unfair discrimination among customers, brokers, or dealers because the RDOX and INET routing options will no longer be available to all Users.

**Item 4. Self-Regulatory Organization's Statement on Burden on Competition**

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change to remove RDOX and INET is not designed to address any competitive issues but rather to delete the RDOX and INET routing options that are rarely used on the Exchange. As stated, the Exchange has noted that few Users

elect the RDOX or INET routing options and has determined that the current demand does not warrant the infrastructure and ongoing maintenance expense required to support these products. Therefore, the Exchange is discontinuing these routing options. The Exchange notes that routing through the Exchange is voluntary and alternative routing options offered by the Exchange as well as other methods remain available to Users that wish to route to other trading centers. In addition, neither the RDOX nor the INET routing options are core product offerings by the Exchange, nor is the Exchange required by the Act to offer such products.

**Item 5. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

The Exchange neither solicited nor received comments on the proposed rule change.

**Item 6. Extension of Time Period for Commission Action**

Not applicable.

**Item 7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2) or Section 19(b)(7)(D)**

(a) The proposed rule change is filed for immediate effectiveness pursuant to Section 19(b)(3)(A) of Act<sup>8</sup> and Rule 19b-4(f)(6)<sup>9</sup> thereunder.

(b) The Exchange designates that the proposed rule change effects a change that (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the

<sup>9</sup> 17 CFR 240.19b-4(f)(6).

Commission may designate if consistent with the protection of investors and the public interest. Additionally, the Exchange has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

The proposed amendment to remove references to RDOX and INET within Rule 11.11 and the Fee Schedule does not significantly affect the protection of investors, but rather serves to benefit investors by eliminating from the Exchange's Rules and Fee Schedule routing strategies that will no longer be offered by the Exchange.<sup>10</sup> Furthermore, the Exchange believes that the proposed rule change does not impose any significant burden on competition as the removal of references to RDOX and INET are intended to delete routing options rarely used on the Exchange.

For the foregoing reasons, this rule filing qualifies as a "non-controversial" rule change under Rule 19b-4(f)(6), which renders the proposed rule change effective upon filing with the Commission. At any time within 60 days of the filing of this proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

The Exchange respectfully requests that the Commission waive the 30-day operative delay period after which a proposed rule change under Rule 19b-4(f)(6)

---

<sup>10</sup> See supra note 4.

becomes effective. The Exchange believes that the waiver of the operative delay is consistent with the protection of investors and the public interest because it will immediately eliminate rules and references that account for services the Exchange intends to discontinue on March 1, 2021, thereby avoiding potential investor confusion during the operative delay period.

Self-Regulatory Organizations; Cboe EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Amend Rule 11.11 (Routing to Away Trading Centers), as well as its Fee Schedule, to Delete References to the INET and RDOX Routing Options

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on [insert date], Cboe EDGX Exchange, Inc. (the “Exchange” or “EDGX”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>3</sup> and Rule 19b-4(f)(6) thereunder.<sup>4</sup> The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

**I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change**

Cboe EDGX Exchange, Inc. (the “Exchange” or “EDGX”) proposes to amend Rule 11.11 (Routing to Away Trading Centers), as well as its Fee Schedule, to delete references to the INET and RDOX routing options. The text of the proposed rule change is provided in Exhibit 5.

<sup>3</sup> 15 U.S.C. 78s(b)(3)(A)(iii).

<sup>4</sup> 17 CFR 240.19b-4(f)(6).

The text of the proposed rule change is also available on the Exchange's website ([http://markets.cboe.com/us/options/regulation/rule\\_filings/edgx/](http://markets.cboe.com/us/options/regulation/rule_filings/edgx/)), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

**II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend paragraphs (4) and (6) under Exchange Rule 11.11(g) and 11.11(a) to delete all references to the INET and RDOX routing options. The Exchange also proposes to delete all references to the INET routing option from the EDGX Fee Schedule, as provided in fee codes 2 and L. The Exchange intends to implement the proposed rule changes on March 1, 2021.

Exchange Rule 11.11(g) provides for various routing options available on the Exchange. Specifically, Rule 11.11(g)(4) provides for the INET routing option, under which an order checks the System<sup>5</sup> for available shares and then is sent to Nasdaq. If shares remain unexecuted after routing, they are posted on the Nasdaq book, unless otherwise instructed by

---

<sup>5</sup> The term "System" shall mean the electronic communications and trading facility designated by the Board through which securities orders of Users are consolidated for ranking, execution and, when applicable, routing away. See Exchange Rule 1.5(cc).

the User.<sup>6</sup> Similarly, Exchange Rule 11.11(g)(6) provides for the RDOX routing option, under which an order checks the System for available shares and then is sent to the NYSE and can be re-routed by the NYSE. If shares remain unexecuted after routing, they are posted on the NYSE book, unless otherwise instructed by the User.

The Exchange has determined because few Users select the INET or RDOX routing options, the current demand does not warrant the infrastructure and ongoing maintenance expenses required to support the product. Therefore, the Exchange now proposes to delete INET and RDOX as a routing option as provided by Rule 11.11(g)(4) and (6), respectively.

Given the proposed changes described above, the Exchange also proposes to amend Rules 11.11(a) to eliminate any reference to the INET and RDOX routing strategies. Specifically, Rule 11.11(a) provides that unless a User selects the Post to Away, RDOT, RDOX, INET, or ROOC routing option, an order that includes a Short Sale instruction when a Short Sale Circuit Breaker pursuant to Rule 201 of Regulation SHO is in effect is not eligible for routing by the Exchange. Based on the proposal to eliminate INET and RDOX from Exchange Rules, the Exchange is proposing to eliminating all such references to INET and RDOX in Rules 11.11(a).

As the Exchange is proposing to eliminate the INET routing option from the EDGX Rulebook, the Exchange also proposes to eliminate any such reference to those routing options on the EDGX Fee Schedule. Specifically, the Exchange proposes to eliminate Fee Codes 2<sup>7</sup> and L.<sup>8</sup>

---

<sup>6</sup> The term “User” shall mean any Member or Sponsored Participant who is authorized to obtain access to the System pursuant to Rule 11.3. See Exchange Rule 1.5(ee).

<sup>7</sup> Orders that yield fee code 2 are routed to Nasdaq using the INET routing strategy (Tape B), and are charged a fee of \$0.00300.

## 2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.<sup>9</sup>

Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>10</sup> requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>11</sup> requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes the proposed rule change to remove references to the RDOX and INET routing options will remove impediments to the mechanism of a free and open market, thereby protecting investors and the public interest. As stated, the Exchange has noted that few Users elect the RDOX and INET routing options and has determined that the current demand does not warrant the infrastructure and ongoing maintenance expense required to support these products.

---

<sup>8</sup> Orders that yield fee code L are routed to Nasdaq using the INET routing strategy (Tape A or C), and are charged a fee of \$0.00300.

<sup>9</sup> 15 U.S.C. 78f(b).

<sup>10</sup> 15 U.S.C. 78f(b)(5).

<sup>11</sup> Id.

Therefore, the Exchange is discontinuing these routing options. The Exchange notes that routing through the Exchange is voluntary and alternative routing options offered by the Exchange as well as other methods remain available to Users that wish to route to other trading centers. In addition, neither the RDOX nor the INET routing options are core product offerings by the Exchange, nor is the Exchange required by the Act to offer such products. By removing references to routing options that will no longer be offered by the Exchange, the Exchange believes the proposed rule change will remove impediments to the mechanism of a free and open market and protect investors by providing investors with rules that accurately reflect routing options currently available on the Exchange. The Exchange does not believe that this proposal will permit unfair discrimination among customers, brokers, or dealers because the RDOX and INET routing options will no longer be available to all Users.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change to remove RDOX and INET is not designed to address any competitive issues but rather to delete the RDOX and INET routing options that are rarely used on the Exchange. As stated, the Exchange has noted that few Users elect the RDOX or INET routing options and has determined that the current demand does not warrant the infrastructure and ongoing maintenance expense required to support these products. Therefore, the Exchange is discontinuing these routing options. The Exchange notes that routing through the Exchange is voluntary and alternative routing options offered by the Exchange as well as other methods remain available to Users that wish to route to other trading centers. In addition, neither the RDOX nor the INET

routing options are core product offerings by the Exchange, nor is the Exchange required by the Act to offer such products.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the foregoing proposed rule change does not:

- A. significantly affect the protection of investors or the public interest;
- B. impose any significant burden on competition; and
- C. become operative for 30 days from the date on which it was filed, or such

shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>12</sup> and Rule 19b-4(f)(6)<sup>13</sup> thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

**IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with

Rules of Cboe EDGX Exchange, Inc.

\* \* \* \* \*

Rule 11.11. Routing to Away Trading Centers

Unless the terms of the order direct the Exchange not to route such order away, if a Market Order or marketable Limit Order has not been executed in its entirety pursuant to 11.10(a)(4) above, the order shall be eligible for routing away pursuant to one or more of the routing options listed under paragraph (g) below.

(a) Regulation SHO. Unless a User selects the Post to Away, RDOT[, RDOX, INET], or ROOC routing options set forth under paragraph (g) of this Rule, an order that includes a Short Sale instruction when a Short Sale Circuit Breaker pursuant to Rule 201 of Regulation SHO is in effect is not eligible for routing by the Exchange. If an order is ineligible for routing due to a Short Sale Circuit Breaker being in effect and such order contains a Time-in-Force of IOC, then the order will be cancelled. For any other order ineligible for routing due to a Short Sale Circuit Breaker being in effect, the Exchange will post the unfilled balance of the order to the EDGX Book, treat the order as if it included a Book Only or Post Only instruction, and subject it to the Re-Pricing Instructions to Comply with Rule 201 of Regulation SHO, as described in Rule 11.6(l)(2), unless the User has elected the order Cancel Back as described in Rule 11.6(b).

(b)-(f) No change.

(g) Routing Options. The System provides a variety of routing options. Routing options may be combined with all available order types and Times-in-Force instruction, with the exception of order types and Times-in-Force instruction whose terms are inconsistent with the terms of a particular routing option. The System will consider the quotations only of accessible Trading Centers. The term "System routing table" refers to the proprietary process for determining the specific trading venues to which the System routes orders and the order in which it routes them. The Exchange reserves the right to route orders simultaneously or sequentially, maintain a different System routing table for different routing options and to modify the System routing table at any time without notice. The System routing options are:
