Such partial amendment shall be clearly identified and marked to show deletions and additions.

Item 1. Text of the Proposed Rule Change

(a) Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) proposes to amend its Fees Schedule. The text of the proposed rule change is provided in Exhibit 5.

(b) Not applicable.

(c) Not applicable.

Item 2. Procedures of the Self-Regulatory Organization

(a) The Exchange’s President (or designee) pursuant to delegated authority approved the proposed rule change on June 1, 2022.

(b) Please refer questions and comments on the proposed rule change to Patrick Sexton, Executive Vice President, General Counsel, and Corporate Secretary, (312) 786-7467, or Corinne Klott (312) 786-7793, Cboe Exchange, Inc., 433 West Van Buren, Chicago, Illinois 60607.

Item 3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The Exchange proposes to amend its Fees Schedule, effective June 1, 2022. Particularly, the Exchange proposes to amend fees relating to Customer orders in OEX, OEX Weekly, XEO and XEO Weekly. Currently, Customer orders in OEX and XEO yield fee code CO and are assessed a fee of \$0.40 per contract. Customer orders in OEX Weekly and XEO Weekly yield fee code CP and are assessed a fee of \$0.30 per contract. The Exchange proposes now to apply a single rate for both monthly and weekly OEX and XEO

Customer orders. Specifically, the Exchange proposes to assess \$0.35 per contract for all OEX and XEO Customers orders, which will each yield Fee Code CO going forward.¹

(b) Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.² Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)³ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with Section 6(b)(4) of the Act,⁴ which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its Trading Permit Holders and other persons using its facilities.

¹ In light of the proposed change, the Exchange proposes to eliminate the reference to Fee Code CP in the Rate Table - Underlying Symbol List A table in the Fee Schedule. Fee Code CP will continue to apply to Sector Indexes, which will continue to be reflected in the Rate Table - All Products Excluding Underlying Symbol List A.

² 15 U.S.C. 78f(b).

³ 15 U.S.C. 78f(b)(5).

⁴ 15 U.S.C. 78f(b)(4).

The Exchange believes that the proposed change is reasonable as the proposed rate does not significantly deviate from the current rates applicable to Customer orders in OEX, XEO, OEX Weekly or XEO Weekly. The Exchange believes the proposed change is reasonable, equitable and not unfairly discriminatory because the proposed rate will apply to all Trading Permit Holders uniformly. Additionally, the proposed rate will apply equally to all customer orders in OEX and XEO, regardless of whether the orders are for monthly (OEX and XEO) or weekly (OEX Weekly and XEO Weekly) expirations, which the Exchange believes will simplify and streamline transaction fees for the underlying product. The Exchange notes it assesses a single rate for both monthly and weekly OEX and XEO orders for all other order capacities⁵.

Item 4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on intramarket or intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed rule change will impose any burden on intramarket competition because the proposed change applies uniformly to all Trading Permit Holders. The Exchange does not believe that the proposed rule changes will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the proposed changes apply only to products traded exclusively on Cboe Options. Additionally, the Exchange notes that it operates in a highly competitive market. TPHs have numerous alternative venues that they may participate on and direct their order flow, including 15 other options exchanges, as well as off-exchange venues, where competitive products are

⁵ See Cboe Options Fees Schedule, Rate Table - Underlying Symbol List A.

available for trading. Based on publicly available information, no single options exchange has more than 16% of the market share.⁶ Therefore, no exchange possesses significant pricing power in the execution of option order flow. Indeed, participants can readily choose to send their orders to other exchange, and, additionally off-exchange venues, if they deem fee levels at those other venues to be more favorable. Moreover, the Commission has repeatedly expressed its preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. Specifically, in Regulation NMS, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system “has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies.”⁷ The fact that this market is competitive has also long been recognized by the courts. In *NetCoalition v. Securities and Exchange Commission*, the D.C. Circuit stated as follows: “[n]o one disputes that competition for order flow is ‘fierce.’ . . . As the SEC explained, ‘[i]n the U.S. national market system, buyers and sellers of securities, and the broker-dealers that act as their order-routing agents, have a wide range of choices of where to route orders for execution’; [and] ‘no exchange can afford to take its market share percentages for granted’ because ‘no exchange possesses a monopoly, regulatory or otherwise, in the execution of

The Exchange neither solicited nor received comments on the proposed rule change.

Not applicable.

Item 7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2) or Section 19(b)(7)(D)

At any time within 60 days of the filing of this proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Fees Schedule, effective June 1, 2022. Particularly, the Exchange proposes to amend fees relating to Customer orders in OEX, OEX Weekly, XEO and XEO Weekly. Currently, Customer orders in OEX and XEO yield fee code CO and are assessed a fee of \$0.40 per contract. Customer orders in OEX Weekly and XEO Weekly yield fee code CP and are assessed a fee of \$0.30 per contract. The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁴ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁵

³ In light of the proposed change, the Exchange proposes to eliminate the reference to Fee Code CP in the Rate Table - Underlying Symbol List A table in the Fee Schedule. requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with Section 6(b)(4) of the Act,⁶ which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its Trading Permit Holders and other persons using its facilities.

The Exchange believes that the proposed change is reasonable as the proposed rate does not significantly deviate from the current rates applicable to Customer orders in OEX, XEO, OEX Weekly or XEO Weekly. The Exchange believes the proposed change is reasonable, equitable and not unfairly discriminatory because the proposed rate will apply to all Trading Permit Holders uniformly. B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on intramarket or intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed rule change will impose any burden on intramarket competition because the proposed change applies uniformly to all Trading Permit Holders. The Exchange does not believe that the proposed rule changes will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the proposed changes apply only to products traded exclusively on Cboe Options. Additionally, the Exchange notes that it operates in a highly competitive market.
