Item 1. Text of the Proposed Rule Change

(a) Cboe BZX Exchange, Inc. (the “Exchange” or “BZX”) proposes to amend its Fee Schedule by removing the note appended to the Member Quoting Tier and MPID Quoting Tier. The text of the proposed rule change is provided in Exhibit 5.

(b) Not applicable.

(c) Not applicable.

Item 2. Procedures of the Self-Regulatory Organization

(a) The Exchange’s President (or designee) pursuant to delegated authority approved the proposed rule change on May 27, 2026.

(b) Please refer questions and comments on the proposed rule change to Pat Sexton, Executive Vice President, General Counsel, and Corporate Secretary, (312) 786-7467, or Courtney Smith, Senior Counsel, (913) 815-7046, Cboe BZX Exchange, Inc., 433 West Van Buren Street, Chicago, Illinois 60607.

Item 3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The Exchange proposes to amend its Fee Schedule applicable to its equities trading platform (“BZX Equities”) by removing the note appended to the Member Quoting Tier and MPID Quoting Tier. The Exchange proposes to implement these changes effective June 1, 2026.

The Exchange first notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. More specifically, the Exchange is only one of 17 registered equities exchanges, as well as a

number of alternative trading systems and other off-exchange venues that do not have similar self-regulatory responsibilities under the Securities Exchange Act of 1934 (the “Act”), to which market participants may direct their order flow. Based on publicly available information,¹ no single registered equities exchange has more than 15% of the market share. Thus, in such a low-concentrated and highly competitive market, no single equities exchange possesses significant pricing power in the execution of order flow. The Exchange in particular operates a “maker-taker” model whereby it pays rebates to members that add liquidity and assesses fees to those that remove liquidity.

The Exchange’s Fee Schedule sets forth the standard rebates and rates applied per share for orders that provide and remove liquidity, respectively. Currently, for orders in securities priced at or above \$1.00, the Exchange provides a standard rebate of \$0.00160 per share for orders that add liquidity and assesses a fee of \$0.0030 per share for orders that remove liquidity.² For orders in securities priced below \$1.00, the Exchange does not provide a rebate for orders that add liquidity and assesses a fee of 0.30% of the total dollar value for orders that remove liquidity.³ The Exchange offers various fee codes applicable to orders that add or remove liquidity on BZX.

Under footnote 1 of the Fee Schedule, the Exchange offers various Add/Remove Volume Tiers. In particular, the Exchange offers a Member Quoting Tier and an MPID Quoting Tier that each provide an enhanced rebate for orders yielding fee code B,⁴ V⁵

and Y⁶ that satisfy certain add volume-based criteria. Additionally, the Member Quoting Tier and MPID Quoting Tier each contain a note, which provided that for May 2026, the respective tier is only available for qualification and shall utilize quoting and trading activity from May 2026 for its volume calculations. Payment for each tier shall not begin until June 2026 for those Members that satisfy the criteria during May 2026. The Exchange now proposes to remove the note appended to the Member Quoting Tier and the MPID Quoting Tier as each tier will utilize the prior month's quoting and trading activity to derive volume figures, in accordance with the General Notes section of the Fee Schedule.

(b) Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁷ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁸ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the

⁸ 15 U.S.C. 78f(b)(5).

proposed rule change is consistent with the Section 6(b)(5)⁹ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers as well as Section 6(b)(4)¹⁰ as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other persons using its facilities.

The Exchange believes removing the text accompanying the Member Quoting Tier and the MPID Quoting Tier promotes just and equitable principles of trade, provides for the equitable allocation of reasonable dues, fees and other charges, and is not unfairly discriminatory because it applies to all Members equally, in that any Member seeking to achieve the criteria of the Member Quoting Tier and the MPID Quoting Tier will be utilizing quoting and trading activity from the prior month, in accordance with the General Notes section of the Fee Schedule. No Member shall be permitted to use quoting and trading activity from the current month when seeking to achieve the criteria of the Member Quoting Tier and the MPID Quoting Tier. Providing this additional clarity on the Exchange's Fee Schedule ensures that all market participants have information regarding the quoting and trading activity being utilized to determine qualification for the Member Quoting Tier and the MPID Quoting Tier, which provides for the equitable allocation of reasonable fees among the Exchange's Members.

Item 4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes

⁹ Id.

of the Act. Rather, as discussed above, the Exchange believes that the proposed changes will encourage the submission of additional order flow to a public exchange, thereby promoting market depth, execution incentives and enhanced execution opportunities, as well as price discovery and transparency for all Members. As a result, the Exchange believes that the proposed changes further the Commission's goal in adopting Regulation NMS of fostering competition among orders, which promotes "more efficient pricing of individual stocks for all types of orders, large and small."

The Exchange believes the proposed rule change does not impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. Particularly, the proposed removal of the note associated with the Member Quoting Tier and the MPID Quoting Tier is not being made for competitive reasons, but rather to appropriately define the applicable time period for which the Exchange will utilize quoting and trading activity for the tiers' volume calculations.

Next, the Exchange believes the proposed rule changes do not impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. As previously discussed, the Exchange operates in a highly competitive market. Members have numerous alternative venues that they may participate on and direct their order flow, including other equities exchanges, off-exchange venues, and alternative trading systems. Additionally, the Exchange represents a small percentage of the overall market. Based on publicly available information, no single equities exchange has more than 15% of the market share.¹¹ Therefore, no exchange possesses significant pricing power in the execution of order flow. Indeed,

¹¹ Supra note 2.

participants can readily choose to send their orders to other exchange and off-exchange venues if they deem fee levels at those other venues to be more favorable. Moreover, the Commission has repeatedly expressed its preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. Specifically, in Regulation NMS, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system “has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies.”¹² The fact that this market is competitive has also long been recognized by the courts. In *NetCoalition v. Securities and Exchange Commission*, the D.C. Circuit stated as follows: “[n]o one disputes that competition for order flow is ‘fierce.’ ... As the SEC explained, ‘[i]n the U.S. national market system, buyers and sellers of securities, and the broker-dealers that act as their order-routing agents, have a wide range of choices of where to route orders for execution’; [and] ‘no exchange can afford to take its market share percentages for granted’ because ‘no exchange possesses a monopoly, regulatory or otherwise, in the execution of order flow from broker dealers’”¹³ Accordingly, the Exchange does not believe its proposed fee changes impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

Item 7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2) or Section 19(b)(7)(D)

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Amend its Fee Schedule by Removing the Note Appended to the Member Quoting Tier and MPID Quoting Tier

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on [insert date], Cboe BZX Exchange, Inc. (the “Exchange” or “BZX”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Fee Schedule applicable to its equities trading platform (“BZX Equities”) by removing the note appended to the Member Quoting Tier and MPID Quoting Tier. The Exchange proposes to implement these changes effective June 1, 2026.

The Exchange first notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. More specifically, the Exchange is only one of 17 registered equities exchanges, as well as a number of alternative trading systems and other off-exchange venues that do not have similar self-regulatory responsibilities under the Securities Exchange Act of 1934 (the “Act”), to which market participants may direct their order flow. Based on publicly available information,³ no single registered equities exchange has more than 15% of the market share. Thus, in such a low-concentrated and highly competitive market, no single equities exchange possesses significant pricing power in the execution of order flow. The

Exchange in particular operates a “maker-taker” model whereby it pays rebates to members that add liquidity and assesses fees to those that remove liquidity.

The Exchange’s Fee Schedule sets forth the standard rebates and rates applied per share for orders that provide and remove liquidity, respectively. Currently, for orders in securities priced at or above \$1.00, the Exchange provides a standard rebate of \$0.00160 per share for orders that add liquidity and assesses a fee of \$0.0030 per share for orders that remove liquidity.⁴ For orders in securities priced below \$1.00, the Exchange does not provide a rebate for orders that add liquidity and assesses a fee of 0.30% of the total dollar value for orders that remove liquidity.⁵ The Exchange offers various fee codes applicable to orders that add or remove liquidity on BZX.

Under footnote 1 of the Fee Schedule, the Exchange offers various Add/Remove Volume Tiers. In particular, the Exchange offers a Member Quoting Tier and an MPID Quoting Tier that each provide an enhanced rebate for orders yielding fee code B,⁶ V⁷ and Y⁸ that satisfy certain add volume-based criteria. Additionally, the Member Quoting Tier and MPID Quoting Tier each contain a note, which provided that for May 2026, the respective tier is only available for qualification and shall utilize quoting and trading activity from May 2026 for its volume calculations. Payment for each tier shall not begin until June 2026 for those Members that satisfy the criteria during May 2026. The Exchange now proposes to remove the note appended to the Member Quoting Tier and the MPID

Quoting Tier as each tier will utilize the prior month's quoting and trading activity to derive volume figures, in accordance with the General Notes section of the Fee Schedule.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁹ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁰ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹¹ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers as well as Section 6(b)(4)¹² as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other persons using its facilities.

The Exchange believes removing the text accompanying the Member Quoting Tier and the MPID Quoting Tier promotes just and equitable principles of trade, provides for the equitable allocation of reasonable dues, fees and other charges, and is not unfairly

discriminatory because it applies to all Members equally, in that any Member seeking to achieve the criteria of the Member Quoting Tier and the MPID Quoting Tier will be utilizing quoting and trading activity from the prior month, in accordance with the General Notes section of the Fee Schedule. No Member shall be permitted to use quoting and trading activity from the current month when seeking to achieve the criteria of the Member Quoting Tier and the MPID Quoting Tier. Providing this additional clarity on the Exchange's Fee Schedule ensures that all market participants have information regarding the quoting and trading activity being utilized to determine qualification for the Member Quoting Tier and the MPID Quoting Tier, which provides for the equitable allocation of reasonable fees among the Exchange's Members.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Rather, as discussed above, the Exchange believes that the proposed changes will encourage the submission of additional order flow to a public exchange, thereby promoting market depth, execution incentives and enhanced execution opportunities, as well as price discovery and transparency for all Members. As a result, the Exchange believes that the proposed changes further the Commission's goal in adopting Regulation NMS of fostering competition among orders, which promotes "more efficient pricing of individual stocks for all types of orders, large and small."

The Exchange believes the proposed rule change does not impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. Particularly, the proposed removal of the note associated with the Member Quoting Tier and the MPID Quoting Tier is not being made for competitive

reasons, but rather to appropriately define the applicable time period for which the Exchange will utilize quoting and trading activity for the tiers' volume calculations.

order flow is ‘fierce.’ ...
