(“BZX” or the “Exchange”) is filing with the Securities and Exchange Commission (“Commission” or “SEC”) a proposed rule change to: (1) amend the introductory paragraph of Rule 14.11(j) to add express cross-references to Rules 3.7 and 3.21; (2) delete Rule 14.11(j)(1) in its entirety, thereby removing the requirement that the Exchange distribute an information circular to Members prior to the commencement of trading in each UTP Derivative Security³ that generally includes the same information as contained in the information circular approved by the listing exchange; (3) amend Rule 14.11(j)(2)(B) to require that any written description be provided in a form approved by the listing exchange; and (4) renumber Rules 14.11(j)(2) through (5) as Rules 14.11(j)(1) through (4), respectively.

Item 3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The Exchange proposes to eliminate the requirement that the Exchange distribute an information circular to Members prior to the commencement of trading in each UTP Derivative Security that generally includes the same information as contained in the information circular provided by the listing exchange as provided in Rule 14.11(j)(1). The Exchange also proposes to amend the introductory paragraph of Rule 14.11(j) to add express cross-references to Rules 3.7 and 3.21, as the existing references to those rules are being deleted from Rule 14.11(j)(1). The Exchange proposes to amend Rule 14.11(j)(2)(B) to require that any written description be provided in a form approved by the listing exchange.⁴ Last, the Exchange proposes to renumber Rules 14.11(j)(2) through (5) as Rules 14.11(j)(1) through (4), respectively.

Rule 14.11(j) governs the trading of UTP Derivative Securities on the Exchange -- securities listed on another national securities exchange that trade on the Exchange pursuant to unlisted trading privileges (“UTP”). Under current Rule 14.11(j)(1), the Exchange must distribute an information circular prior to the commencement of trading in each UTP Derivative Security that generally mirrors the information circular issued by the primary listing exchange, including: (a) the special risks of trading the Derivative Security; (b) the

⁴ As further described below, the Exchange will notify Members of the written description requirement under Rule 14.11(j)(2)(B) by means of an information circular. Such written description will only be required when required by the listing exchange.

Exchange Rules that will apply to the Derivative Security, including Rule 3.7; (c) information about the dissemination of the value of the underlying assets or indexes; and (d) the risk of trading during the Early Trading Session (2:30 a.m. – 8:00 a.m. Eastern Time), Pre-Opening Session (8:00 a.m. – 9:30 a.m. Eastern Time) and the After Hours Trading Session (4:00 p.m. – 8:00 p.m. Eastern Time) due to the lack of calculation or dissemination of the underlying index value, the Intraday Indicative Value (as defined in Rule 14.11(b)(3)(C)) or a similar value. The Exchange proposes to delete Rule 14.11(j)(1) in its entirety.

The information circular requirement is unnecessary because the primary listing exchange's information circular already provides Members with the same disclosures the Exchange would otherwise be required to produce. Members have access to the primary listing exchange's information circular prior to the commencement of UTP trading and may rely upon it for the same purposes.⁵ The Exchange's issuance of a separate, duplicative circular therefore serves no independent investor protection function.

The Exchange also proposes to amend the introductory paragraph of Rule 14.11(j) to add express cross-references to Rule 3.7 (Recommendations to Customers) and Rule 3.21 (Customer Disclosures). Current Rule 14.11(j)(1) references both Rule 3.7 and the risk of trading outside of Regular Trading Hours addressed by Rule 3.21; because the Exchange proposes to delete Rule 14.11(j)(1) in its entirety, the Exchange is adding express cross-references to those rules in the introductory paragraph of Rule 14.11(j) to preserve their visibility in the context of UTP Derivative Securities. These rules already apply to Members

⁵ Such information circulars are generally available on the primary listing market's website.

by operation of the Exchange's rulebook. The cross-references are intended to make the applicable framework explicit in the context of UTP Derivative Securities. Rule 3.7 independently requires Members to ensure that any recommendation of a UTP Derivative Security is suitable for the customer based on the customer's investment profile, a standing obligation that applies regardless of whether the Exchange has issued a product-specific information circular. Similarly, Rule 3.21 independently requires Members to provide customers with a written disclosure of the risks of trading outside of Regular Trading Hours before accepting any order for execution during such sessions, a standing obligation not contingent on the Exchange's issuance of a product-specific information circular.

Because Rule 14.11(j)(1) has historically served as the mechanism through which the Exchange satisfies the notification obligation under Rule 14.11(j)(2)(B), deletion of Rule 14.11(j)(1) necessitates a conforming amendment to Rule 14.11(j)(2)(B). The Exchange proposes to amend Rule 14.11(j)(2)(B) to require that any written description be provided in a form approved by the listing exchange. The Exchange will notify Members by information circular that such written description will only be required when mandated by the listing exchange. This amendment is consistent with the broader purpose of the proposed rule change: where the listing exchange's information circular already provides Members with the information necessary to assess a UTP Derivative Security, a duplicative written description obligation serves no independent investor protection function. Members may rely on the listing exchange's information circular in the same manner and to the same effect.

Finally, the Exchange proposes to renumber existing Rules 14.11(j)(2) through (5) as Rules 14.11(j)(1) through (4), respectively.

(b) Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁶ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁷ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁸ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes the proposed deletion of Rule 14.11(j)(1) is consistent with the Act because the primary listing exchange's information circular already provides Members with the same disclosures that the Exchange's information circular would contain. The investor protection functions historically served by the information circular requirement are independently addressed through the primary listing exchange's information circular and the Member-level obligations imposed by Rules 3.7 and 3.21, to

⁷ 15 U.S.C. 78f(b)(5).

⁸ Id.

which the Exchange proposes to add express cross-references in the introductory paragraph of Rule 14.11(j). The proposed amendment to Rule 14.11(j)(2)(B) ensures that where a written description is required, it is provided in a form approved by the listing exchange, thereby aligning the Exchange's requirements with those of the primary listing market. The Exchange will further notify Members by information circular that such written description will only be required when mandated by the listing exchange, ensuring that no duplicative obligation is imposed where the listing exchange has not determined one to be warranted. The renumbering of Rules 14.11(j)(2) through (5) as Rules 14.11(j)(1) through (4) is ministerial. For these reasons, the Exchange believes the proposed rule change is consistent with the Act.

Item 4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change eliminates duplicative procedural obligations applicable to the Exchange in its capacity as a UTP trading venue. It does not alter the terms or conditions under which UTP Derivative Securities may be traded on the Exchange, impose any new requirements on Members, or affect the ability of any market participant to access the Exchange's markets. Members will continue to have access to the primary listing exchange's information circular prior to the commencement of UTP trading and may rely upon it for the same purposes as the Exchange's information circular. The proposed amendment to Rule 14.11(j)(2)(B) aligns the written description obligation with the primary listing market's requirements and does not impose any burden on Members beyond what the primary listing market itself requires. Accordingly,

the Exchange does not believe the proposed rule change imposes any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

Item 5. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

Item 6. Extension of Time Period for Commission Action

Not applicable.

Item 7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2) or Section 19(b)(7)(D)

(a) The proposed rule change is filed for immediate effectiveness pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6)¹⁰ thereunder.

(b) The Exchange designates that the proposed rule change effects a change that (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. Additionally, the Exchange has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

⁹ 15 U.S.C. 78s(b)(3)(A).

¹⁰ 17 CFR 240.19b-4(f)(6).

The Exchange believes the proposed rule change is non-controversial and raises no novel regulatory issues. The proposal eliminates duplicative procedural obligations: the primary listing exchange's information circular already provides Members with the same information the Exchange would otherwise be required to produce, and Members will continue to have access to the primary listing exchange's information circular prior to the commencement of UTP trading and may rely upon it for the same purposes as the Exchange's information circular. The proposed cross-references to Rule 3.7 (Recommendations to Customers) and Rule 3.21 (Customer Disclosures) in the introductory paragraph of Rule 14.11(j) preserve the visibility of those rules in the context of UTP Derivative Securities following the deletion of Rule 14.11(j)(1), and make explicit the Member-level suitability and customer disclosure obligations that independently address the investor protection purposes historically served by the information circular requirement, without imposing any new obligations on Members. The amended Rule 14.11(j)(2)(B) aligns the written description obligation with the primary listing market's own requirements, and the Exchange will notify Members by information circular that such written description will only be required when mandated by the listing exchange. The renumbering of Rules 14.11(j)(2) through (5) as Rules 14.11(j)(1) through (4) is ministerial.

For the foregoing reasons, this rule filing qualifies as a “non-controversial” rule change under Rule 19b-4(f)(6), which renders the proposed rule change effective upon filing with the Commission. At any time within 60 days of the filing of this proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public

interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved. The Exchange respectfully requests that the Commission waive the 30-day operative delay period after which a proposed rule change under Rule 19b-4(f)(6) becomes effective. The proposed rule change does not alter the terms or conditions under which UTP Derivative Securities may be traded on the Exchange, and no Member or other market participant would be adversely affected by its immediate operativeness. Accordingly, the Exchange submits that waiver of the 30-day operative delay is appropriate.

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Amend Rule 14.11

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on [insert date], Cboe BZX Exchange, Inc. (the “Exchange” or “BZX”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe BZX Exchange, Inc. (“BZX” or the “Exchange”) is filing with the Securities and Exchange Commission (“Commission” or “SEC”) a proposed rule change to: (1) amend the introductory paragraph of Rule 14.11(j) to add express cross-references to Rules 3.7 and 3.21; (2) delete Rule 14.11(j)(1) in its entirety, thereby removing the requirement that the Exchange distribute an information circular to Members prior to the

commencement of trading in each UTP Derivative Security⁵ that generally includes the same information as contained in the information circular approved by the listing exchange; (3) amend Rule 14.11(j)(2)(B) to require that any written description be provided in a form approved by the listing exchange; and (4) renumber Rules 14.11(j)(2) through (5) as Rules 14.11(j)(1) through (4), respectively. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Commission's website (<https://www.sec.gov/rules/sro.shtml>), the Exchange's website (https://www.cboe.com/us/equities/regulation/rule_filings/bzx/), and at the principal office of the Exchange.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to eliminate the requirement that the Exchange distribute an information circular to Members prior to the commencement of trading in each UTP Derivative Security that generally includes the same information as contained in the

⁵ See Exchange Rule 1.5(ee).

information circular provided by the listing exchange as provided in Rule 14.11(j)(1).

The Exchange also proposes to amend the introductory paragraph of Rule 14.11(j) to add express cross-references to Rules 3.7 and 3.21, as the existing references to those rules are being deleted from Rule 14.11(j)(1). The Exchange proposes to amend Rule 14.11(j)(2)(B) to require that any written description be provided in a form approved by the listing exchange.⁶ Last, the Exchange proposes to renumber Rules 14.11(j)(2) through (5) as Rules 14.11(j)(1) through (4), respectively.

Rule 14.11(j) governs the trading of UTP Derivative Securities on the Exchange -- securities listed on another national securities exchange that trade on the Exchange pursuant to unlisted trading privileges (“UTP”). Under current Rule 14.11(j)(1), the Exchange must distribute an information circular prior to the commencement of trading in each UTP Derivative Security that generally mirrors the information circular issued by the primary listing exchange, including: (a) the special risks of trading the Derivative Security; (b) the Exchange Rules that will apply to the Derivative Security, including Rule 3.7; (c) information about the dissemination of the value of the underlying assets or indexes; and (d) the risk of trading during the Early Trading Session (2:30 a.m. – 8:00 a.m. Eastern Time), Pre-Opening Session (8:00 a.m. – 9:30 a.m. Eastern Time) and the After Hours Trading Session (4:00 p.m. – 8:00 p.m. Eastern Time) due to the lack of calculation or dissemination of the underlying index value, the Intraday Indicative Value (as defined in Rule 14.11(b)(3)(C)) or a similar value. The Exchange proposes to delete Rule 14.11(j)(1) in its entirety.

⁶ As further described below, the Exchange will notify Members of the written description requirement under Rule 14.11(j)(2)(B) by means of an information circular. Such written description will only be required when required by the listing exchange.

The information circular requirement is unnecessary because the primary listing exchange's information circular already provides Members with the same disclosures the Exchange would otherwise be required to produce. Members have access to the primary listing exchange's information circular prior to the commencement of UTP trading and may rely upon it for the same purposes.⁷ The Exchange's issuance of a separate, duplicative circular therefore serves no independent investor protection function.

The Exchange also proposes to amend the introductory paragraph of Rule 14.11(j) to add express cross-references to Rule 3.7 (Recommendations to Customers) and Rule 3.21 (Customer Disclosures). Current Rule 14.11(j)(1) references both Rule 3.7 and the risk of trading outside of Regular Trading Hours addressed by Rule 3.21; because the Exchange proposes to delete Rule 14.11(j)(1) in its entirety, the Exchange is adding express cross-references to those rules in the introductory paragraph of Rule 14.11(j) to preserve their visibility in the context of UTP Derivative Securities. These rules already apply to Members by operation of the Exchange's rulebook. The cross-references are intended to make the applicable framework explicit in the context of UTP Derivative Securities. Rule 3.7 independently requires Members to ensure that any recommendation of a UTP Derivative Security is suitable for the customer based on the customer's investment profile, a standing obligation that applies regardless of whether the Exchange has issued a product-specific information circular. Similarly, Rule 3.21 independently requires Members to provide customers with a written disclosure of the risks of trading outside of Regular Trading Hours

⁷ Such information circulars are generally available on the primary listing market's website.

before accepting any order for execution during such sessions, a standing obligation not contingent on the Exchange's issuance of a product-specific information circular.

Because Rule 14.11(j)(1) has historically served as the mechanism through which the Exchange satisfies the notification obligation under Rule 14.11(j)(2)(B), deletion of Rule 14.11(j)(1) necessitates a conforming amendment to Rule 14.11(j)(2)(B). The Exchange proposes to amend Rule 14.11(j)(2)(B) to require that any written description be provided in a form approved by the listing exchange. The Exchange will notify Members by information circular that such written description will only be required when mandated by the listing exchange. This amendment is consistent with the broader purpose of the proposed rule change: where the listing exchange's information circular already provides Members with the information necessary to assess a UTP Derivative Security, a duplicative written description obligation serves no independent investor protection function. Members may rely on the listing exchange's information circular in the same manner and to the same effect.

Finally, the Exchange proposes to renumber existing Rules 14.11(j)(2) through (5) as Rules 14.11(j)(1) through (4), respectively.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁸ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁹ requirements that the rules of

⁸ 15 U.S.C. 78f(b).

⁹ 15 U.S.C. 78f(b)(5).

an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁰ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes the proposed deletion of Rule 14.11(j)(1) is consistent with the Act because the primary listing exchange's information circular already provides Members with the same disclosures that the Exchange's information circular would contain. The investor protection functions historically served by the information circular requirement are independently addressed through the primary listing exchange's information circular and the Member-level obligations imposed by Rules 3.7 and 3.21, to which the Exchange proposes to add express cross-references in the introductory paragraph of Rule 14.11(j). The proposed amendment to Rule 14.11(j)(2)(B) ensures that where a written description is required, it is provided in a form approved by the listing exchange, thereby aligning the Exchange's requirements with those of the primary listing market. The Exchange will further notify Members by information circular that such written description will only be required when mandated by the listing exchange,

ensuring that no duplicative obligation is imposed where the listing exchange has not determined one to be warranted. The renumbering of Rules 14.11(j)(2) through (5) as Rules 14.11(j)(1) through (4) is ministerial. For these reasons, the Exchange believes the proposed rule change is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change eliminates duplicative procedural obligations applicable to the Exchange in its capacity as a UTP trading venue. It does not alter the terms or conditions under which UTP Derivative Securities may be traded on the Exchange, impose any new requirements on Members, or affect the ability of any market participant to access the Exchange's markets. Members will continue to have access to the primary listing exchange's information circular prior to the commencement of UTP trading and may rely upon it for the same purposes as the Exchange's information circular. The proposed amendment to Rule 14.11(j)(2)(B) aligns the written description obligation with the primary listing market's requirements and does not impose any burden on Members beyond what the primary listing market itself requires. Accordingly, the Exchange does not believe the proposed rule change imposes any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

- A. significantly affect the protection of investors or the public interest;
- B. impose any significant burden on competition; and
- C. become operative for 30 days from the date on which it was filed, or such

shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and Rule 19b-4(f)(6)¹² thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.
