Such partial amendment shall be clearly identified and marked to show deletions and additions.

Item 1. Text of the Proposed Rule Change

(a) Cboe EDGA Exchange, Inc. (the "Exchange" or "EDGA") proposes to amend Rule 13.8(d) to remove the Last Sale market data feed (the "Last Sale Feed") and to amend the Exchange's fee schedule to remove all fees associated with the Last Sale Feed. The text of the proposed rule change is provided in Exhibit 5.

(b) Not applicable.

(c) Not applicable.

Item 2. Procedures of the Self-Regulatory Organization

(a) The Exchange's President (or designee), pursuant to delegated authority, approved the proposed rule change on September 2, 2026. The Exchange will announce via Exchange Notice the implementation date of the proposed rule change within 90 days after the date this filing is submitted to the Commission. [1]

(b) Please refer questions and comments on the proposed rule change to Pat Sexton, Executive Vice President, General Counsel, and Corporate Secretary, (312) 786-7467, or Allyson Van Marter, (312) 786-7098, Cboe EDGA Exchange, Inc., 433 West Van Buren Street, Chicago, Illinois 60607.

Item 3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The Exchange proposes to sunset the Last Sale Feed at a later date to be announced via Exchange Notice. By way of background, the Last Sale Feed is a market data feed that disseminates execution information for equity orders entered into the Exchange's System.

---

[1] The Exchange notes that it intends to decommission the Last Sale Feed before December 31, 2026.

The Last Sale Feed is referenced in Rule 13.8(d) and has associated fees set forth in the Exchange's fee schedule. To facilitate sunsetting this feed, the Exchange proposes to amend Rule 13.8(d) to remove the Last Sale Feed and to amend the fee schedule to remove all fees associated with the Last Sale Feed upon the implementation of this proposed change.

The Exchange is not required to offer any market data feed, including the Last Sale Feed. The Exchange notes that all information disseminated via the Last Sale Feed is available through other Exchange market data feeds, including the EDGA Top and EDGA Depth Market Data Feeds, making the Last Sale Feed redundant. Given this redundancy, the Exchange has determined that continuing to maintain the Last Sale Feed is no longer warranted. For all market data feeds the Exchange offers, the Exchange must maintain and provide technical support for these optional market data offerings. As such, the Exchange does not believe it is beneficial to continue expending resources to maintain a redundant product when the same information is readily accessible through alternative feeds. The Exchange will announce the specific sunset date via Exchange Notice within 90 days after the date this filing is submitted to the Commission.

The Exchange notes, however, that subscribers that currently receive the Last Sale Feed may wish to purchase an alternative data feed through the Exchange. More specifically, a subscriber may choose to purchase EDGA Top in lieu of the Last Sale Feed they previously received. For both Internal Distributors and External Distributors, there is no difference in fees between EDGA Top and Last Sale.[2] Meaning, that an Internal or External

---

[2] For both feeds the following fees are applicable for Internal Distribution: Distribution Fee: $0/month; Professional User Fee: $0/month; and Non-Professional User Fee: $0/month. Additionally, the following fees are applicable for External Distribution: Distribution Fee: $0/month; Professional User Fee: $1.00/month; Non-Professional User Fee: $0.025/month; Enterprise Fee: $10,000/month; and Digital Media Enterprise Fee: $2,500/month. See EDGA Equities Fee Schedule

Distributor who previously subscribed to Last Sale may now subscribe to EDGA Top at no further cost. As there is no increase in fees for a subscriber that currently receives Last Sale and chooses to instead subscribe to EDGA Top, the Exchange believes the proposed rule change is reasonable.

(b) Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.[3] Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)[4] requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)[5] requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes the proposed rule change is consistent with Section 6(b)(5) of the Act because it removes an impediment to and perfects the

---

4 15 U.S.C. 78f(b)(5).

5 Id.

mechanism of a free and open market and a national market system by eliminating a redundant market data product while preserving access to all execution information disseminated by that product through alternative feeds, such as EDGA Top and EDGA Depth Market Data Feeds. As noted above, all information currently provided via the Last Sale Feed remains fully available through these alternative feeds, and the Exchange has determined that continuing to maintain a redundant product is no longer warranted. Because the Last Sale Feed is not required to be offered and no data that is not otherwise available will be removed, the proposal will not disadvantage any market participant or impair the protection of investors or the public interest. The proposal applies equally to all market participants and is not designed to permit unfair discrimination among customers, issuers, brokers, or dealers. In addition, sunsetting the Last Sale Feed will reduce the operational burden associated with maintaining this product, allowing the Exchange to focus its resources on other market data products.

The Exchange also believes the proposed rule change is consistent with Section 6(b)(4) of the Act,[6] which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its Members and other persons using its facilities. Removing the Last Sale Feed and its associated fees provides for the equitable allocation of reasonable dues, fees, and other charges because the Exchange will not charge for a product it no longer offers, and all similarly situated market participants are affected equally. By removing the fees associated with the Last Sale Feed from its fee schedule (on the effective date of removal), the Exchange provides clarity to participants on what market data feeds are available for purchase.

---

6 15 U.S.C. 78f(b)(4).

Item 4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposal will discontinue a redundant Exchange market data product, apply equally to all market participants, and leave the underlying execution information available through other Exchange market data feeds. Accordingly, the proposal does not impose an unnecessary or inappropriate burden on competition.

The proposal is a discontinuation of a redundant Exchange product and does not burden competition among exchanges. It does not restrict any other exchange from offering its own market data products, and other exchanges remain free to offer their own data products on the terms they determine.

Item 5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

Item 6. Extension of Time Period for Commission Action

Not applicable.

Item 7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2) or Section 19(b)(7)(D)

(a) The proposed rule change is filed for immediate effectiveness pursuant to Section 19(b)(3)(A) of Act[7] and Rule 19b-4(f)(6)[8] thereunder.

---

7 15 U.S.C. 78s(b)(3)(A).

8 17 CFR 240.19b-4(f)(6).

(b) The Exchange designates that the proposed rule change effects a change that (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. Additionally, the Exchange has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

The proposal is non-controversial because it merely sunsets a redundant market data feed and the data provided remains fully available through the EDGA Top and EDGA Depth Market Data Feeds. The proposal imposes no significant burden on competition and does not significantly affect the protection of investors or the public interest. The proposal also removes no data that is not otherwise available to market participants.

For the foregoing reasons, this rule filing qualifies as a "non-controversial" rule change under Rule 19b-4(f)(6), which renders the proposed rule change effective upon filing with the Commission. At any time within 60 days of the filing of this proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

(c) Not applicable.

(d) Not applicable.

Item 8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission

The proposed rule change is not based on a rule either of another self-regulatory organization or of the Commission.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34- ; File No. SR-CboeEDGA-2026-032]

[Insert date]

Self-Regulatory Organizations; Cboe EDGA Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to amend Rule 13.8(d)

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),[1] and Rule 19b-4 thereunder,[2] notice is hereby given that on [insert date], Cboe EDGA Exchange, Inc. (the "Exchange" or "EDGA") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act[3] and Rule 19b-4(f)(6) thereunder.[4] The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGA Exchange, Inc. (the "Exchange" or "EDGA") proposes to amend Rule 13.8(d) to remove the Last Sale market data feed (the "Last Sale Feed") and to amend the Exchange's fee schedule to remove all fees associated with the Last Sale Feed. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Commission's website (https://www.sec.gov/rules/sro.shtml), the Exchange's website (https://www.cboe.com/us/equities/regulation/rule_filings/edga/), and at the principal office of the Exchange.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to sunset the Last Sale Feed at a later date to be announced via Exchange Notice. By way of background, the Last Sale Feed is a market data feed that disseminates execution information for equity orders entered into the Exchange's System. The Last Sale Feed is referenced in Rule 13.8(d) and has associated fees set forth in the Exchange's fee schedule. To facilitate sunsetting this feed, the Exchange proposes to amend Rule 13.8(d) to remove the Last Sale Feed and to amend the fee schedule to remove all fees associated with the Last Sale Feed upon the implementation of this proposed change.

The Exchange is not required to offer any market data feed, including the Last Sale Feed. The Exchange notes that all information disseminated via the Last Sale Feed is available through other Exchange market data feeds, including the EDGA Top and EDGA

Depth Market Data Feeds, making the Last Sale Feed redundant. Given this redundancy, the Exchange has determined that continuing to maintain the Last Sale Feed is no longer warranted. For all market data feeds the Exchange offers, the Exchange must maintain and provide technical support for these optional market data offerings. As such, the Exchange does not believe it is beneficial to continue expending resources to maintain a redundant product when the same information is readily accessible through alternative feeds. The Exchange will announce the specific sunset date via Exchange Notice within 90 days after the date this filing is submitted to the Commission.

The Exchange notes, however, that subscribers that currently receive the Last Sale Feed may wish to purchase an alternative data feed through the Exchange. More specifically, a subscriber may choose to purchase EDGA Top in lieu of the Last Sale Feed they previously received. For both Internal Distributors and External Distributors, there is no difference in fees between EDGA Top and Last Sale.[5] Meaning, that an Internal or External Distributor who previously subscribed to Last Sale may now subscribe to EDGA Top at no further cost. As there is no increase in fees for a subscriber that currently receives Last Sale and chooses to instead subscribe to EDGA Top, the Exchange believes the proposed rule change is reasonable.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to

5 For both feeds the following fees are applicable for Internal Distribution: Distribution Fee: $0/month; Professional User Fee: $0/month; and Non-Professional User Fee: $0/month. Additionally, the following fees are applicable for External Distribution: Distribution Fee: $0/month; Professional User Fee: $1.00/month; Non-Professional User Fee: $0.025/month; Enterprise Fee: $10,000/month; and Digital Media Enterprise Fee: $2,500/month. See EDGA Equities Fee Schedule

the Exchange and, in particular, the requirements of Section 6(b) of the Act.[6] Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)[7] requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)[8] requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes the proposed rule change is consistent with Section 6(b)(5) of the Act because it removes an impediment to and perfects the mechanism of a free and open market and a national market system by eliminating a redundant market data product while preserving access to all execution information disseminated by that product through alternative feeds, such as EDGA Top and EDGA Depth Market Data Feeds. As noted above, all information currently provided via the Last Sale Feed remains fully available through these alternative feeds, and the Exchange has determined that continuing to maintain a redundant product is no longer warranted. Because the Last Sale Feed is not required to be offered and no data that is not otherwise

available will be removed, the proposal will not disadvantage any market participant or impair the protection of investors or the public interest. The proposal applies equally to all market participants and is not designed to permit unfair discrimination among customers, issuers, brokers, or dealers. In addition, sunsetting the Last Sale Feed will reduce the operational burden associated with maintaining this product, allowing the Exchange to focus its resources on other market data products.

The Exchange also believes the proposed rule change is consistent with Section 6(b)(4) of the Act,[9] which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its Members and other persons using its facilities. Removing the Last Sale Feed and its associated fees provides for the equitable allocation of reasonable dues, fees, and other charges because the Exchange will not charge for a product it no longer offers, and all similarly situated market participants are affected equally. By removing the fees associated with the Last Sale Feed from its fee schedule (on the effective date of removal), the Exchange provides clarity to participants on what market data feeds are available for purchase.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposal will discontinue a redundant Exchange market data product, apply equally to all market participants, and leave the underlying execution information available through other Exchange market data feeds. Accordingly, the proposal does not impose an unnecessary or inappropriate burden on competition.

---

9 15 U.S.C. 78f(b)(4).

The proposal is a discontinuation of a redundant Exchange product and does not burden competition among exchanges. It does not restrict any other exchange from offering its own market data products, and other exchanges remain free to offer their own data products on the terms they determine.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

A. significantly affect the protection of investors or the public interest;

B. impose any significant burden on competition; and

C. become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act[10] and Rule 19b-4(f)(6)[11] thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.
