If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

Item 1. Text of the Proposed Rule Change

(a) Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act" or "Exchange Act"),[1] and Rule 19b-4 thereunder,[2] Cboe EDGX Exchange, Inc. (the "Exchange" or "EDGX") proposes to amend Rule 11.15 ("Clearly Erroneous Executions") in light of the Commission's approval of Overnight Protected Bands for 23/5 Trading. The Exchange has designated this proposal as non-controversial pursuant to Section 19(b)(3)(A)(iii) of the Act[3] and provided the Commission with the notice required by Rule 19b-4(f)(6)(iii) thereunder.[4] The text of the proposed rule change is attached as Exhibit 5.

(b) Not applicable.

(c) Not applicable.

Item 2. Procedures of the Self-Regulatory Organization

(a) The Exchange's President pursuant to delegated authority approved the proposed rule change on September 15, 2026. The Exchange will implement the proposed rule change at the commencement of 23/5 Trading, which is scheduled to commence industry-wide on December 6, 2026.

Item 3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

Cboe EDGX Exchange, Inc. ("EDGX" or the "Exchange") proposes to amend Rule 11.15 ("Clearly Erroneous Executions") in light of the Commission's approval of Overnight Protected Bands under the LULD Plan for 23/5 Trading.

Background

In conjunction with the industry's plans for the introduction of trading 23 hours a day, 5 days a week ("23/5 Trading"), the Operating Committee of the Plan to Address Extraordinary Market Volatility ("LULD Plan") filed proposed Amendment 27 to the LULD Plan, which proposed to establish price band protections during overnight trading hours ("Overnight Price Bands").[5] The Operating Committee proposed that the Overnight Price Bands would initially be temporary static bands 20% above and below two reference points, and that after implementation, the Operating Committee would evaluate the performance of such Overnight Price Bands and propose appropriate changes in a new plan amendment.[6] On August 5, 2026, the Commission approved the proposal.[7]

In light of the Commission's approval of these changes to the LULD Plan, the Exchange now proposes several amendments to Rule 11.15 regarding Clearly Erroneous Executions. In general, the rule describes the process a market participant may use to

request cancellation of a transaction that was "clearly erroneous." The current rule's central premise is that if LULD Price Bands under the LULD Plan were available and correct at the time the transaction was executed, the transaction is not eligible for clearly erroneous review. Specifically, Rule 11.15(c)(1) currently provides that "[i]f the execution time of the transaction(s) under review is during Regular Trading Hours, the transaction will not be reviewable as clearly erroneous" except in certain limited circumstances, including when (A) the transaction is in an NMS stock that is not subject to the LULD Plan (e.g., rights and warrants), (B) the transaction was executed at a time with LULD Price Bands were unavailable or trading should have been prevented due to a regulatory halt or other halt, or (C) several other limited circumstances.[8] In approving the existing version of the rule, the Commission noted that restricting clearly erroneous review in this way during times when LULD Price Bands were in effect was "consistent with the Act and will further the goal of providing greater certainty to market participants that trades executed within the Price Bands will stand and not be broken. . . . Thus, the proposal is designed to limit the potential discordance between the LULD mechanism and CEE review process."[9]

Currently, LULD Price Bands are available only during Regular Trading Hours, meaning that the restrictions on clearly erroneous review described above apply only during Regular Trading Hours. With the introduction of Overnight Price Bands, the Exchange now proposes to extend the existing restrictions on clearly erroneous review to

the period when Overnight Price Bands are in place. This proposed change would be consistent with the Commission's rationale in approving the current version of the rule because it would limit any potential discordance between the LULD mechanism and CEE review in the overnight trading session, providing greater certainty to market participants that trades executed with the Overnight Price Bands will stand and not be broken.

Proposed Changes to Rule 11.15(c)(1)

To implement this change, the Exchange proposes to add several definitions to Rule 11.15(c)(1). First, the Exchange would add that the term "LULD Protected Hours" includes Regular Trading Hours and "Overnight Protected Hours" defined in Section VIII of the LULD Plan. Second, the Exchange would define "LULD Price Bands" or "Price Bands" to mean the Price Bands defined in Section V of the LULD Plan (i.e., the Price Bands that apply during Regular Trading Hours) and "Overnight Price Bands" as defined in Section VIII of the LULD Plan (i.e., the Price Bands that apply to the Overnight Protected Hours from 9:00 p.m. ET through 4:00 a.m. ET).

The Exchange proposes to amend the current first sentence of Rule 11.15(c)(1) to replace the phrase "Regular Trading Hours" with "LULD Protected Hours," to provide that "[i]f the execution time of the transaction(s) under review is during LULD Protected Hours, the transaction will not be reviewable as clearly erroneous . . . ." This change would extend the LULD-based restrictions on clearly erroneous review currently in place during Regular Trading Hours to the Overnight Protected Hours.

The Exchange also proposes to amend Rule 11.15(c)(1)(B)'s reference to "Percentage Parameter" to incorporate the Percentage Parameter that applies to Overnight Protected Hours. The amended provision would provide for the applicability of clearly

erroneous review if the price of the transaction to buy (sell) that is the subject of the clearly erroneous complaint is greater than (less than) the Reference Price by an amount that equals or exceeds the applicable Percentage Parameter defined in Appendix A to the LULD Plan (with respect to the Price Bands that apply during Regular Trading Hours) or the "Overnight Percentage Parameter defined in Section VIII of the LULD Plan" (with respect to Overnight Protected Hours).

In addition to these changes, the Exchange also proposes to make a non-substantive change to Rule 11.15(c)(1)(A), substituting the term "LULD Plan" for the current text "the Plan to Address Extraordinary Market Volatility Pursuant to Rule 608 of Regulation NMS under the Act (the 'Limit Up-Limit Down Plan' or 'LULD Plan,')" as the "LULD Plan" would be defined in the proposed revision to Rule 11.15(c)(1).

Proposed Changes to Rule 11.15(c)(2), (d)(3), and (f)

As noted above, current Rule 11.15(c)(1)(A) permits clearly erroneous review even during Regular Trading Hours when the transaction in question is in an NMS Stock that is not subject to the LULD Plan, i.e., rights and warrants. Such transactions are reviewed for clearly erroneous status using the procedures set out in Rule 11.15(c)(2), including the Numerical Guidelines set out in the table accompanying Rule 11.15(c)(2)(A). The Exchange now proposes to introduce a similar provision regarding transactions in NMS Stocks not subject to the LULD Plan that are executed during the Overnight Protected Hours; such transactions would be subject to the same Numerical Guidelines as transactions occurring in the Early Trading, Pre-Opening, and Post-Closing Sessions.

The heading of Rule 11.15(c)(2) addresses "[r]eview of transactions occurring during Early Trading, Pre-Opening, Post-Closing Session, or eligible for review pursuant to paragraph (c)(1)(A)." The Exchange proposes to replace the phrase "eligible for review pursuant to paragraph (c)(1)(A)" (which, in the current rule, means transactions executed during Regular Trading Hours in NMS Stocks not subject to the LULD Plan) with "during LULD Protected Hours in NMS Stocks not subject to the LULD Plan." This proposed language would cover transactions in NMS Stocks not subject to the LULD Plan in Regular Trading Hours and expand the same treatment to transactions executed in NMS Stocks not subject to the LULD Plan during Overnight Protected Hours. As such, the proposed change is not novel.

The Exchange proposes to make the same change everywhere else such language appears in the rule – namely, in the text of paragraphs (c)(2)(A), (c)(2)(B), (c)(2)(C), (c)(2)(D), (d)(3), and (f).[10] In each case, the Exchange proposes to replace the phrase "transactions occurring during the Early Trading, Pre-Opening, or Post-Closing Session or eligible for review pursuant to paragraph (c)(1)(A)" with "transactions occurring during the Early Trading, Pre-Opening, or Post-Closing Session or during LULD Protected Hours in NMS Stocks not subject to the LULD Plan."

The Exchange also proposes to make corresponding changes to the headings of the table accompanying Rule 11.15(c)(2)(A). The Exchange proposes to change the

---

[10] Rule 11.15(c)(2)(A)-(D) specifies general rules for applying clearly erroneous review to transactions where such review is not precluded by paragraph (c)(1). Rule 11.15(d)(3) specifies conditions where the Exchange may use a revised Reference Price for the purpose of clearly erroneous review in certain transactions where such review is not precluded by paragraph (c)(1). Rule 11.15(f) specifies that for transactions where clearly erroneous review is not precluded by paragraph (c)(1), an Officer of the Exchange or senior level employee designee may initiate clearly erroneous review on his or her own motion.

heading of the second column from "Regular Trading Hours Numerical Guidelines for transactions eligible for review pursuant to paragraph (c)(1)(A)" to "Numerical Guidelines for Transactions Executed During Regular Trading Hours in NMS Stocks Not Subject to the LULD Plan." This change would simply replace the shorthand "eligible for review pursuant to paragraph (c)(1)(A)" with the fuller description that such transactions are "executed during Regular Trading Hours in NMS Stocks not subject to the LULD Plan," and is not a substantive change.

Similarly, the Exchange proposes to change the heading of the third column from "Early Trading, Pre-Opening and Post-Closing Session Numerical Guidelines" to "Numerical Guidelines for Transactions Executed During the Early Trading, Pre-Opening and Post-Closing Session or During Overnight Protected Hours in NMS Stocks Not Subject to the LULD Plan." The proposed change addresses the fact that transactions executed during Overnight Protected Hours in NMS Stocks not subject to the LULD Plan are eligible for clearly erroneous review – just as are transactions in NMS Stocks not subject to the LULD Plan executed during Regular Trading Hours – but at the Numerical Guidelines that apply outside of Regular Trading Hours.

Together, these proposed changes would extend the eligibility of clearly erroneous review for transactions in NMS Stocks not subject to the LULD Plan that is currently in place during Regular Trading Hours to the Overnight Protected Hours, and would apply the Commission's recent approval of Overnight Price Bands to the clearly erroneous executions rule.

Implementation

The Exchange understands that the other national securities exchanges and FINRA will also file similar proposals,[11] the substance of which are identical to this proposal. The Exchange proposes that this rule change would become operative at the commencement of 23/5 Trading, which is scheduled to commence industry-wide on December 6, 2026.

(b) Statutory Basis

The Exchange believes that its proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.[12] Specifically, the proposal is consistent with Section 6(b)(5) of the Act[13] because it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest.

The Exchange believes that the proposed change is consistent with just and equitable principles of trade because it extends the basic premise of the current rule that clearly erroneous review should be generally unavailable any time a transaction is executed within LULD Price Bands at a time the Price Bands were available and correct. Currently, LULD Price Bands are available only during Regular Trading Hours, meaning that the restrictions on clearly erroneous review described above apply only during Regular Trading Hours. With the introduction of Overnight Price Bands, the Exchange

12 15 U.S.C. 78f(b).

13 15 U.S.C. 78f(b)(5).

believes that extending such restrictions on clearly erroneous review to the period when Overnight Price Bands are in place would remove impediments to and perfect the mechanism of a free and open market and a national market system by enhancing the transparency and consistency of the rule.

The resulting rule would thus extend the LULD-related limits on clearly erroneous review that are applicable in Regular Trading Hours to the overnight period. The proposed change would also be consistent with the Commission's rationale in approving the current version of the rule because it would limit any potential discordance between the LULD mechanism and CEE review in the overnight trading session, providing greater certainty to market participants that trades executed with the Overnight Price Bands will stand and not be broken.[14]

Item 4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes the proposal is consistent with Section 6(b)(8) of the Act[15] in that it does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Rather than impacting competition, the proposed change would simply extend the basic premise of the current rule that clearly erroneous review should be generally unavailable any time a transaction is executed within LULD Price Bands at a time the Price Bands were available and correct. The Exchange understands that the other national securities exchanges and FINRA will also file similar proposals, the substance of which are identical to this proposal. Thus, the

proposed rule change will help to ensure consistency across SROs without implicating any competitive issues.

Item 5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

Item 6. Extension of Time Period for Commission Action

Not applicable.

Item 7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2) or Section 19(b)(7)(D)

(a) The proposed rule change is filed for immediate effectiveness pursuant to Section 19(b)(3)(A) of Act[16] and Rule 19b-4(f)(6)[17] thereunder.

(b) The Exchange designates that the proposed rule change effects a change that (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. Additionally, the Exchange has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

---

16 15 U.S.C. 78s(b)(3)(A)(iii).

17 17 CFR 240.19b-4(f)(6).

The Exchange believes that the proposed change is a "non-controversial" rule change under paragraph (f)(6) of Rule 19b-4,[18] because the proposed changes do not significantly affect the protection of investors or the public interest. Instead, they will further the interests of investors and the public by extending the basic premise of the current rule that clearly erroneous review should be generally unavailable any time a transaction is executed within LULD Price Bands at a time the Price Bands were available and correct, thereby enhancing the transparency and consistency of the rule. This proposed change is also non-controversial because it would be consistent with the Commission's rationale in approving the current version of the rule, in that it would limit any potential discordance between the LULD mechanism and CEE review in the overnight trading session and provide greater certainty to market participants that trades executed with the Overnight Price Bands will stand and not be broken.[19]

The proposed changes will not impose any significant or undue burden on competition. The proposed change would simply extend the basic premise of the current rule that clearly erroneous review should be generally unavailable any time a transaction is executed within LULD Price Bands at a time the Price Bands were available and correct. The Exchange understands that the other national securities exchanges and FINRA will also file similar proposals, the substance of which are identical to this proposal. Thus, the proposed rule change will help to ensure consistency across SROs without implicating any competitive issues.

19 See 87 FR 55060 at 55063, supra note 9.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Self-Regulatory Organizations; Cboe EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Amend Rule 11.15

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),[1] and Rule 19b-4 thereunder,[2] notice is hereby given that on [insert date], Cboe EDGX Exchange, Inc. (the "Exchange" or ""EDGX"") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act[3] and Rule 19b-4(f)(6) thereunder.[4] The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGX Exchange, Inc. (the "Exchange" or "EDGX") proposes to amend Rule 11.15 ("Clearly Erroneous Executions") in light of the Commission's approval of Overnight Protected Bands for 23/5 Trading. The text of the proposed rule change is provided in Exhibit 5.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Cboe EDGX Exchange, Inc. ("EDGX" or the "Exchange") proposes to amend Rule 11.15 ("Clearly Erroneous Executions") in light of the Commission's approval of Overnight Protected Bands under the LULD Plan for 23/5 Trading.

Background

In conjunction with the industry's plans for the introduction of trading 23 hours a day, 5 days a week ("23/5 Trading"), the Operating Committee of the Plan to Address Extraordinary Market Volatility ("LULD Plan") filed proposed Amendment 27 to the LULD Plan, which proposed to establish price band protections during overnight trading hours ("Overnight Price Bands").[5] The Operating Committee proposed that the Overnight

[5] See Securities Exchange Act Release No. 105596 (June 1, 2026), 91 FR 33774 (June 4, 2026) (File No. 4-631) (Notice of Filing of 27th Amendment to the National Market System Plan).

Price Bands would initially be temporary static bands 20% above and below two reference points, and that after implementation, the Operating Committee would evaluate the performance of such Overnight Price Bands and propose appropriate changes in a new plan amendment.[6] On August 5, 2026, the Commission approved the proposal.[7]

In light of the Commission's approval of these changes to the LULD Plan, the Exchange now proposes several amendments to Rule 11.15 regarding Clearly Erroneous Executions. In general, the rule describes the process a market participant may use to request cancellation of a transaction that was "clearly erroneous." The current rule's central premise is that if LULD Price Bands under the LULD Plan were available and correct at the time the transaction was executed, the transaction is not eligible for clearly erroneous review. Specifically, Rule 11.15(c)(1) currently provides that "[i]f the execution time of the transaction(s) under review is during Regular Trading Hours, the transaction will not be reviewable as clearly erroneous" except in certain limited circumstances, including when (A) the transaction is in an NMS stock that is not subject to the LULD Plan (e.g., rights and warrants), (B) the transaction was executed at a time with LULD Price Bands were unavailable or trading should have been prevented due to a regulatory halt or other halt, or (C) several other limited circumstances.[8] In approving the existing version of the rule, the Commission noted that restricting clearly erroneous review in this way during times when LULD Price Bands were in effect was "consistent

with the Act and will further the goal of providing greater certainty to market participants that trades executed within the Price Bands will stand and not be broken. . . . Thus, the proposal is designed to limit the potential discordance between the LULD mechanism and CEE review process."[9]

Currently, LULD Price Bands are available only during Regular Trading Hours, meaning that the restrictions on clearly erroneous review described above apply only during Regular Trading Hours. With the introduction of Overnight Price Bands, the Exchange now proposes to extend the existing restrictions on clearly erroneous review to the period when Overnight Price Bands are in place. This proposed change would be consistent with the Commission's rationale in approving the current version of the rule because it would limit any potential discordance between the LULD mechanism and CEE review in the overnight trading session, providing greater certainty to market participants that trades executed with the Overnight Price Bands will stand and not be broken.

Proposed Changes to Rule 11.15(c)(1)

To implement this change, the Exchange proposes to add several definitions to Rule 11.15(c)(1). First, the Exchange would add that the term "LULD Protected Hours" includes Regular Trading Hours and "Overnight Protected Hours" defined in Section VIII of the LULD Plan. Second, the Exchange would define "LULD Price Bands" or "Price Bands" to mean the Price Bands defined in Section V of the LULD Plan (i.e., the Price Bands that apply during Regular Trading Hours) and "Overnight Price Bands" as defined

in Section VIII of the LULD Plan (i.e., the Price Bands that apply to the Overnight Protected Hours from 9:00 p.m. ET through 4:00 a.m. ET).

The Exchange proposes to amend the current first sentence of Rule 11.15(c)(1) to replace the phrase "Regular Trading Hours" with "LULD Protected Hours," to provide that "[i]f the execution time of the transaction(s) under review is during LULD Protected Hours, the transaction will not be reviewable as clearly erroneous . . . ." This change would extend the LULD-based restrictions on clearly erroneous review currently in place during Regular Trading Hours to the Overnight Protected Hours.

The Exchange also proposes to amend Rule 11.15(c)(1)(B)'s reference to "Percentage Parameter" to incorporate the Percentage Parameter that applies to Overnight Protected Hours. The amended provision would provide for the applicability of clearly erroneous review if the price of the transaction to buy (sell) that is the subject of the clearly erroneous complaint is greater than (less than) the Reference Price by an amount that equals or exceeds the applicable Percentage Parameter defined in Appendix A to the LULD Plan (with respect to the Price Bands that apply during Regular Trading Hours) or the "Overnight Percentage Parameter defined in Section VIII of the LULD Plan" (with respect to Overnight Protected Hours).

In addition to these changes, the Exchange also proposes to make a non-substantive change to Rule 11.15(c)(1)(A), substituting the term "LULD Plan" for the current text "the Plan to Address Extraordinary Market Volatility Pursuant to Rule 608 of Regulation NMS under the Act (the 'Limit Up-Limit Down Plan' or 'LULD Plan,')" as the "LULD Plan" would be defined in the proposed revision to Rule 11.15(c)(1).

Proposed Changes to Rule 11.15(c)(2), (d)(3), and (f)

As noted above, current Rule 11.15(c)(1)(A) permits clearly erroneous review even during Regular Trading Hours when the transaction in question is in an NMS Stock that is not subject to the LULD Plan, i.e., rights and warrants. Such transactions are reviewed for clearly erroneous status using the procedures set out in Rule 11.15(c)(2), including the Numerical Guidelines set out in the table accompanying Rule 11.15(c)(2)(A). The Exchange now proposes to introduce a similar provision regarding transactions in NMS Stocks not subject to the LULD Plan that are executed during the Overnight Protected Hours; such transactions would be subject to the same Numerical Guidelines as transactions occurring in the Early Trading, Pre-Opening, and Post-Closing Sessions.

The heading of Rule 11.15(c)(2) addresses "[r]eview of transactions occurring during Early Trading, Pre-Opening, Post-Closing Session, or eligible for review pursuant to paragraph (c)(1)(A)." The Exchange proposes to replace the phrase "eligible for review pursuant to paragraph (c)(1)(A)" (which, in the current rule, means transactions executed during Regular Trading Hours in NMS Stocks not subject to the LULD Plan) with "during LULD Protected Hours in NMS Stocks not subject to the LULD Plan." This proposed language would cover transactions in NMS Stocks not subject to the LULD Plan in Regular Trading Hours and expand the same treatment to transactions executed in NMS Stocks not subject to the LULD Plan during Overnight Protected Hours. As such, the proposed change is not novel.

The Exchange proposes to make the same change everywhere else such language appears in the rule – namely, in the text of paragraphs (c)(2)(A), (c)(2)(B), (c)(2)(C),

(c)(2)(D), (d)(3), and (f).[10] In each case, the Exchange proposes to replace the phrase "transactions occurring during the Early Trading, Pre-Opening, or Post-Closing Session or eligible for review pursuant to paragraph (c)(1)(A)" with "transactions occurring during the Early Trading, Pre-Opening, or Post-Closing Session or during LULD Protected Hours in NMS Stocks not subject to the LULD Plan."

The Exchange also proposes to make corresponding changes to the headings of the table accompanying Rule 11.15(c)(2)(A). The Exchange proposes to change the heading of the second column from "Regular Trading Hours Numerical Guidelines for transactions eligible for review pursuant to paragraph (c)(1)(A)" to "Numerical Guidelines for Transactions Executed During Regular Trading Hours in NMS Stocks Not Subject to the LULD Plan." This change would simply replace the shorthand "eligible for review pursuant to paragraph (c)(1)(A)" with the fuller description that such transactions are "executed during Regular Trading Hours in NMS Stocks not subject to the LULD Plan," and is not a substantive change.

Similarly, the Exchange proposes to change the heading of the third column from "Early Trading, Pre-Opening and Post-Closing Session Numerical Guidelines" to "Numerical Guidelines for Transactions Executed During the Early Trading, Pre-Opening and Post-Closing Session or During Overnight Protected Hours in NMS Stocks Not Subject to the LULD Plan." The proposed change addresses the fact that transactions

[10] Rule 11.15(c)(2)(A)-(D) specifies general rules for applying clearly erroneous review to transactions where such review is not precluded by paragraph (c)(1). Rule 11.15(d)(3) specifies conditions where the Exchange may use a revised Reference Price for the purpose of clearly erroneous review in certain transactions where such review is not precluded by paragraph (c)(1). Rule 11.15(f) specifies that for transactions where clearly erroneous review is not precluded by paragraph (c)(1), an Officer of the Exchange or senior level employee designee may initiate clearly erroneous review on his or her own motion.

executed during Overnight Protected Hours in NMS Stocks not subject to the LULD Plan are eligible for clearly erroneous review – just as are transactions in NMS Stocks not subject to the LULD Plan executed during Regular Trading Hours – but at the Numerical Guidelines that apply outside of Regular Trading Hours.

Together, these proposed changes would extend the eligibility of clearly erroneous review for transactions in NMS Stocks not subject to the LULD Plan that is currently in place during Regular Trading Hours to the Overnight Protected Hours, and would apply the Commission's recent approval of Overnight Price Bands to the clearly erroneous executions rule.

Implementation

The Exchange understands that the other national securities exchanges and FINRA will also file similar proposals,[11] the substance of which are identical to this proposal. The Exchange proposes that this rule change would become operative at the commencement of 23/5 Trading, which is scheduled to commence industry-wide on December 6, 2026.

2. Statutory Basis

The Exchange believes that its proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.[12] Specifically, the proposal is consistent with Section 6(b)(5) of the Act[13] because it would

promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest.

The Exchange believes that the proposed change is consistent with just and equitable principles of trade because it extends the basic premise of the current rule that clearly erroneous review should be generally unavailable any time a transaction is executed within LULD Price Bands at a time the Price Bands were available and correct. Currently, LULD Price Bands are available only during Regular Trading Hours, meaning that the restrictions on clearly erroneous review described above apply only during Regular Trading Hours. With the introduction of Overnight Price Bands, the Exchange believes that extending such restrictions on clearly erroneous review to the period when Overnight Price Bands are in place would remove impediments to and perfect the mechanism of a free and open market and a national market system by enhancing the transparency and consistency of the rule.

The resulting rule would thus extend the LULD-related limits on clearly erroneous review that are applicable in Regular Trading Hours to the overnight period. The proposed change would also be consistent with the Commission's rationale in approving the current version of the rule because it would limit any potential discordance between the LULD mechanism and CEE review in the overnight trading session, providing greater certainty to market participants that trades executed with the Overnight Price Bands will stand and not be broken.[14]

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes the proposal is consistent with Section 6(b)(8) of the Act[15] in that it does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Rather than impacting competition, the proposed change would simply extend the basic premise of the current rule that clearly erroneous review should be generally unavailable any time a transaction is executed within LULD Price Bands at a time the Price Bands were available and correct. The Exchange understands that the other national securities exchanges and FINRA will also file similar proposals, the substance of which are identical to this proposal. Thus, the proposed rule change will help to ensure consistency across SROs without implicating any competitive issues.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

A. significantly affect the protection of investors or the public interest;

B. impose any significant burden on competition; and

C. become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to

---

Section 19(b)(3)(A) of the Act[16] and Rule 19b-4(f)(6)[17] thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Rule 11.15. Clearly Erroneous Executions

(a) – (b) No change.

(c) *Clearly erroneous review*.

(1) *Review of transactions occurring during LULD Protected Hours [Regular Trading Hours]*. For the purposes of this rule, "LULD Protected Hours" includes Regular Trading Hours and Overnight Protected Hours as defined in Section VIII of the Plan to Address Extraordinary Market Volatility Pursuant to Rule 608 of Regulation NMS under the Act ("LULD Plan"). "LULD Price Bands" or "Price Bands" means the Price Bands as defined in Section V of the LULD Plan and Overnight Price Bands as defined in Section VIII of the LULD Plan. If the execution time of the transaction(s) under review is during LULD Protected Hours [Regular Trading Hours], the transaction will not be reviewable as clearly erroneous unless the transaction:

(A) is in an NMS Stock that is not subject to the [Plan to Address Extraordinary Market Volatility Pursuant to Rule 608 of Regulation NMS under the Act (the "Limit Up-Limit Down Plan" or "]LULD Plan[")]. In such case, the Numerical Guidelines set forth in paragraph (c)(2) of this Rule will be applicable to such NMS Stock;

(B) was executed at a time when Price Bands under the LULD Plan were not available, or is the result of an Exchange technology or systems issue that results in the transaction occurring outside of the applicable LULD Price Bands pursuant to paragraph (g), or is executed after the primary listing market for the security declares a regulatory trading halt, suspension, or pause pursuant to paragraph (i). A transaction subject to review pursuant to this paragraph shall be found to be clearly erroneous if the price of the transaction to buy (sell) that is the subject of the complaint is greater than (less than) the Reference Price, described in paragraph (d) below, by an amount that equals or exceeds the applicable Percentage Parameter defined in Appendix A to the LULD Plan or Overnight Percentage Parameter defined in Section VIII of the LULD Plan ("Percentage Parameters"); or

(C) No change.

(2) Review of transactions occurring during Early Trading, Pre-Opening, Post-Closing Session, or during LULD Protected Hours in NMS Stocks Not Subject to the LULD Plan [or eligible for review pursuant to paragraph (c)(1)(A)].

(A) Subject to the additional factors described in paragraph (c)(2)(C) below, a transaction executed during the Early Trading, Pre-Opening and Post-Closing Session, or during LULD Protected Hours in NMS Stocks not subject to the LULD Plan [or eligible for review pursuant to paragraph (c)(1)(A)] shall be found to be clearly erroneous if the price of the transaction to buy (sell) that is the subject of the complaint is greater than (less than) the Reference Price by an amount that equals or exceeds the Numerical Guidelines set forth below.

Reference Price, Circumstance or Product	**Numerical Guidelines for Transactions Executed During Regular Trading Hours in NMS Stocks Not Subject to the LULD Plan [Regular Trading Hours Numerical Guidelines for transactions eligible for review pursuant to paragraph (c)(1)(A)] (Subject transaction's % difference from the Reference Price):**	**Numerical Guidelines for Transactions Executed During the Early Trading, Pre-Opening, or Post-Closing Session or During Overnight Protected Hours in NMS Stocks Not Subject to the LULD Plan [Early Trading, Pre-Opening and Post-Closing Session Numerical Guidelines] (Subject transaction's % difference from the Reference Price):**
Greater than $0.00 up to and including $25.00	10%	20%
Greater than $25.00 up to and including $50.00	5%	10%
Greater than $50.00	3%	6%
Multi-Stock Event – Filings involving five or more but less than twenty, securities whose executions occurred within a period of five minutes or less	10%	10%
Multi-Stock Event – Filings involving twenty or more securities whose executions occurred within a period of five minutes or less	30%, subject to the terms of paragraph (c)(2)(B) below	30%, subject to the terms of paragraph (c)(2)(B) below
Leveraged ETF/ETN securities	N/A	Regular Trading Hours Numerical Guidelines multiplied by the leverage multiplier (i.e. 2x)

(B) Multi-Stock Events Involving Twenty or More Securities. Multi-Stock Events involving twenty or more securities may be reviewable as clearly erroneous if they occur during Early Trading, Pre-Opening, or Post-Closing Session or during LULD Protected Hours in NMS Stocks not subject to the LULD Plan [or are eligible for review pursuant to paragraph (c)(1)(A)]. During Multi-Stock Events, the number of affected transactions may be such that immediate finality is necessary to maintain a fair and orderly market and to protect investors and the public interest. In such circumstances, the Exchange may use a Reference Price other than consolidated last

sale. To ensure consistent application across market centers when this paragraph is invoked, the Exchange will promptly coordinate with the other market centers to determine the appropriate review period, which may be greater than the period of five minutes or less that triggered application of this paragraph, as well as select one or more specific points in time prior to the transactions in question and use transaction prices at or immediately prior to the one or more specific points in time selected as the Reference Price. The Exchange will nullify as clearly erroneous all transactions that are at prices equal to or greater than 30% away from the Reference Price in each affected security during the review period selected by the Exchange and other markets consistent with this paragraph.

(C) Additional Factors. Except in the context of a Multi-Stock Event involving five or more securities, an Official may also consider additional factors to determine whether an execution is clearly erroneous, provided the execution occurred during Early Trading, Pre-Opening, or Post-Closing Session or during LULD Protected Hours in NMS Stocks not subject to the LULD Plan [or are eligible for review pursuant to paragraph (c)(1)(A)]. Such additional factors include but are not limited to, system malfunctions or disruptions, volume and volatility for the security, derivative securities products that correspond to greater than 100% in the direction of a tracking index, news released for the security, whether trading in the security was recently halted/resumed, whether the security is an initial public offering, whether the security was subject to a stock-split, reorganization, or other corporate action, overall market conditions, Early Trading, Pre-Opening or Post-Closing Session executions, validity of the consolidated tape trades and quotes, consideration of primary market indications, and executions inconsistent with the trading pattern in the stock. Each additional factor shall be considered with a view toward maintaining a fair and orderly market and the protection of investors and the public interest.

(D) *Outlier Transactions*. In the case of an Outlier Transaction during Early Trading, Pre-Opening, or Post-Closing Session or during LULD Protected Hours in NMS Stocks not subject to the LULD Plan [or are eligible for review pursuant to paragraph (c)(1)(A)], an Official may, in his or her sole discretion, and on a case-by-case basis, consider requests received pursuant to paragraph (b) of this Rule after thirty (30) minutes, but not longer than sixty (60) minutes after the transaction in question, depending on the facts and circumstances surrounding such request.

(i) – (ii) No change.

(d) *Reference Price*. The Reference Price referred to in paragraphs (c)(1) and (c)(2) above will be equal to the consolidated last sale immediately prior to the execution(s) under review except for:

(1) – (2) No change.

(3) in other circumstances, such as, for example, relevant news impacting a security or securities, periods of extreme market volatility, sustained illiquidity, or widespread system issues, where use of a different Reference Price is necessary for the maintenance of a fair and orderly market and the protection of investors and the public interest, provided that such

circumstances occurred during Early Trading, Pre-Opening, or Post-Closing Session, or during LULD Protected Hours in NMS Stocks not subject to the LULD Plan [or are eligible for review pursuant to paragraph (c)(1)(A)].

(e) No change.

(f) *Officer Acting on Own Motion*. An Officer of the Exchange or senior level employee designee, acting on his or her own motion, may review potentially erroneous transactions occurring during Early Trading, Pre-Opening, or Post-Closing Sessions, or during LULD Protected Hours in NMS Stocks not subject to the LULD Plan [or that are eligible for review pursuant to paragraph (c)(1)], and declare trades null and void or shall decline to take any action in connection with the completed trade(s). In such events, the Officer of the Exchange or such other senior level employee designee will rely on the provisions of paragraph (c)(1) and (c)(2) of this Rule. Absent extraordinary circumstances, any such action of the Officer of the Exchange or other senior level employee designee shall be taken in a timely fashion, generally within thirty (30) minutes of the detection of the erroneous transaction. When extraordinary circumstances exist, any such action of the Officer of the Exchange or other senior level employee designee must be taken by no later than the start of Regular Trading Hours on the trading day following the date of execution(s) under review. When such action is taken independently, each party involved in the transaction shall be notified as soon as practicable by the Exchange, and the party aggrieved by the action may appeal such action in accordance with the provisions of paragraph (e)(2) above.

(g) – (i) No change.
