

SECURITIES AND EXCHANGE COMMISSION  
WASHINGTON, D.C. 20549

For complete Form 19b-4 instructions please refer to the EFFS website.

**Form 19b-4 Information (required)**

[Add](#) [Remove](#) [View](#)

The self-regulatory organization must provide all required information, presented in a clear and comprehensible manner, to enable the public to provide meaningful comment on the proposal and for the Commission to determine whether the proposal is consistent with the Act and applicable rules and regulations under the Act.

**Exhibit 1 - Notice of Proposed Rule Change (required)**

[Add](#) [Remove](#) [View](#)

The Notice section of this Form 19b-4 must comply with the guidelines for publication in the Federal Register as well as any requirements for electronic filing as published by the Commission (if applicable). The Office of the Federal Register (OFR) offers guidance on Federal Register publication requirements in the Federal Register Document Drafting Handbook, October 1998 Revision. For example, all references to the federal securities laws must include the corresponding cite to the United States Code in a footnote. All references to SEC rules must include the corresponding cite to the Code of Federal Regulations in a footnote. All references to Securities Exchange Act Releases must include the release number, release date, Federal Register cite, Federal Register date, and corresponding file number (e.g., SR-[SRO]-xx-xx). A material failure to comply with these guidelines will result in the proposed rule change being deemed not properly filed. See also Rule 0-3 under the Act (17 CFR 240.0-3)

**Exhibit 2 - Notices, Written Comments, Transcripts, Other Communications**

[Add](#) [Remove](#) [View](#)

Exhibit Sent As Paper Document

Copies of notices, written comments, transcripts, other communications. If such documents cannot be filed electronically in accordance with Instruction F, they shall be filed in accordance with Instruction G.

**Exhibit 3 - Form, Report, or Questionnaire**

[Add](#) [Remove](#) [View](#)

Exhibit Sent As Paper Document

Copies of any form, report, or questionnaire that the self-regulatory organization proposes to use to help implement or operate the proposed rule change, or that is referred to by the proposed rule change.

**Exhibit 4 - Marked Copies**

[Add](#) [Remove](#) [View](#)

The full text shall be marked, in any convenient manner, to indicate additions to and deletions from the immediately preceding filing. The purpose of Exhibit 4 is to permit the staff to identify immediately the changes made from the text of the rule with which it has been working.

**Exhibit 5 - Proposed Rule Text**

[Add](#) [Remove](#) [View](#)

The self-regulatory organization may choose to attach as Exhibit 5 proposed changes to rule text in place of providing it in Item I and which may otherwise be more easily readable if provided separately from Form 19b-4. Exhibit 5 shall be considered part of the proposed rule change.

**Partial Amendment**

[Add](#) [Remove](#) [View](#)

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

Item 1. Text of the Proposed Rule Change

(a) Chicago Board Options Exchange, Incorporated (“CBOE” or “Exchange”) proposes to amend its rules to increase the position and exercise limits for options on the Standard and Poor’s Depository Receipts Trust (“SPY”) from 300,000 contracts to 900,000 contracts. The text of the proposed rule change is provided below with additions underlined and deletions [bracketed].

Rules

\* \* \* \* \*

**Rule 4.11—Position Limits**

RULE 4.11

No change.

*...Interpretations and Policies:*

**.01 – .06** No change.

**.07** The position limits under Rule 4.11 applicable to options on shares or other securities that represent interests in registered investment companies (or series thereof) organized as open-end management investment companies, unit investment trusts or similar entities that satisfy the criteria set forth in Interpretation and Policy .06 under Rule 5.3 shall be the same as the position limits applicable to equity options under Rule 4.11 applicable to option contracts on the securities listed in the below chart are as follows:

Security Underlying Option	Position Limit
The DIAMONDS Trust (DIA)	300,000 contracts
The Standard and Poor’s Depository Receipts Trust (SPY)	[3] <u>900,000</u> contracts
The iShares Russell 2000 Index Fund (IWM)	500,000 contracts
The PowerShares QQQ Trust (QQQQ)	900,000 contracts

\* \* \* \* \*

(b) The proposed rule change does not amend the text of Interpretation and Policy .02 of Rule 4.12 (Exercise Limits). If approved, the proposed rule change would, however, effectively increase the exercise limit for SPY options, which is set by that rule, from 300,000 contracts to 900,000 contracts.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

(a) The proposed rule change was approved by the Exchange's Office of the Chairman pursuant to delegated authority on June 30, 2011.

(b) Please refer questions and comments on the proposed rule change to Joanne Moffic-Silver, General Counsel, CBOE, 400 South LaSalle, Chicago, IL 60605, (312) 786-7462 or to Jenny Klebes at (312) 786-7466.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The purpose of the proposed rule change is to amend CBOE Rule 4.11, Interpretation and Policy .07 to increase the position and exercise limits for SPY options from 300,000 contracts to 900,000 contracts.<sup>1</sup> This filing is based on separate filings previously submitted by NASDAQ OMX PHLX, Inc. ("PHLX"), which the Commission recently approved,<sup>2</sup> and by International Securities Exchange, LLC ("ISE").<sup>3</sup>

The Exchange began trading SPY options on January 10, 2005 on the CBOE Hybrid Trading System. That year, the position limit for these options was increased

---

<sup>1</sup> By virtue of CBOE Rule 4.12, Interpretation and Policy .02, which is not being amended by this filing, the exercise limit for SPY options would be similarly increased.

<sup>2</sup> See Securities Exchange Act Release No. 64695 (June 17, 2011) 76 FR 36942 (June 23, 2011) (SR-PHLX-2011-58) (approval order to increase position and exercise limits for SPY options).

<sup>3</sup> See Securities Exchange Act Release No. 64760 (June 28, 2011) (SR-ISE-2011-34) (proposed rule change to increase position and exercise limits for SPY options).

from 75,000 contracts to the current limit of 300,000 contracts on the same side of the market.<sup>4</sup> Currently, SPY options have a position limit of 300,000 contracts on the same side on the market.

Under the Exchange's proposal, the options reporting requirement for SPY options would continue unabated. Thus, the Exchange would still require that each Trading Permit Holder ("TPH") or TPH organization that maintains a position in SPY options on the same side of the market, for its own account or for the account of a customer, report certain information to the Exchange. This information would include, but would not be limited to, the option position, whether such position is hedged and, if so, a description of the hedge, and the collateral used to carry the position, if applicable. Exchange market-makers (including Designated Primary Market-Makers) would continue to be exempt from this reporting requirement, as market-maker information can be accessed through the Exchange's market surveillance systems. In addition, the general reporting requirement for customer accounts that maintain an aggregate position of 200 or more option contracts would remain at this level for SPY options.<sup>5</sup>

As the anniversary of listed options trading approaches its fortieth year, the Exchange believes that the existing surveillance procedures and reporting requirements at CBOE, other options exchanges, and at the several clearing firms are capable of properly identifying unusual and/or illegal trading activity. In addition, routine oversight inspections of the Exchange's regulatory programs by the Commission have not uncovered any material inconsistencies or shortcomings in the manner in which the Exchange's market surveillance is conducted. These procedures utilize daily monitoring

<sup>4</sup> See Securities Exchange Act Release No. 51041 (January 14, 2005), 70 FR 3408 (January 24, 2005) (SR-CBOE-2005-06).

of market movements via automated surveillance techniques to identify unusual activity in both options and underlying stocks.<sup>6</sup>

Furthermore, large stock holdings must be disclosed to the Commission by way of Schedules 13D or 13G.<sup>7</sup> Options positions are part of any reportable positions and, thus, cannot be legally hidden. Moreover, the Exchange's requirement that TPHs file reports with the Exchange for any customer who held aggregate large long or short positions of any single class for the previous day will continue to serve as an important part of the Exchange's surveillance efforts.

The Exchange believes that the current financial requirements imposed by the Exchange and by the Commission adequately address concerns that a TPH or its customer may try to maintain an inordinately large un-hedged position in an option, particularly on SPY. Current margin and risk-based haircut methodologies serve to limit the size of positions maintained by any one account by increasing the margin and/or capital that a TPH must maintain for a large position held by itself or by its customer.<sup>8</sup> In addition, the Commission's net capital rule, Rule 15c3-1<sup>9</sup> under the Securities Exchange Act of 1934 (the "Act"),<sup>10</sup> imposes a capital charge on TPHs to the extent of any margin deficiency resulting from the higher margin requirement.

The Exchange believes that the proposed increase in position and exercise limits on SPY options is required for competitive purposes as well as for purposes of consistency and uniformity among the competing options exchanges. This supports the

Exchange's current proposal to increase the position and exercise limits applicable to SPY options.

(b) Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations thereunder, including the requirements of Section 6(b) of the Act.<sup>11</sup> In particular, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>12</sup> requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and to perfect the mechanism for a free and open market and a national market system, and, in general, to protect investors and the public interest. Specifically, the proposed rule change will benefit large market makers (which generally have the greatest potential and actual ability to provide liquidity and depth in the product), as well as retail traders, investors, and public customers, by providing them with a more effective trading and hedging vehicle. In addition, the Exchange believes that the structure of SPY options and the considerable liquidity of the market for SPY options diminish the opportunity to manipulate this product and disrupt the underlying market that a lower position limit may protect against.

Item 4. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

<sup>12</sup> 15 U.S.C. 78f(b)(5).

Item 5. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

Item 6. Extension of Time Period for Commission Action

The Exchange does not consent to an extension of the time period specified in Section 19(b)(2) of the Exchange Act.

Item 7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

(a) The proposed rule change is filed for immediate effectiveness pursuant to Section 19(b)(3)(A)<sup>13</sup> of the Act and Rule 19b-4(f)(6) thereunder.<sup>14</sup>

(b) The Exchange asserts that the proposed rule change does not (i) significantly affect the protection of investors or the public interest, (ii) impose any significant burden on competition, and (iii) become operative for 30 days after its filing date, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. The proposed rule change is substantially similar in all material respects to a Commission-approved rule change of PHLX<sup>15</sup> and proposed rule change of ISE,<sup>16</sup> each of which increases the position and exercise limits for SPY options from 300,000 contracts to 900,000 contracts. The Exchange also provided the Commission with written notice of its intent to file the proposal, along with a brief description and text of the proposal, prior to the date of the filing of the proposed rule change as required by Rule 19b-4(f)(6).

---

<sup>13</sup> 15 U.S.C. 78s(b)(3)(A).

<sup>14</sup> 17 CFR 240.19b-4(f)(6).

<sup>15</sup> See supra note 2.

<sup>16</sup> See supra note 3.

The Exchange requests that the Commission waive the 30-day operative delay period. Waiver of the operative delay is consistent with the protection of investors and the public interest because it will ensure fair competition among exchanges by allowing CBOE to increase its position and exercise limits to an amount comparable to the limits of several other options exchanges on which this product is traded.

For the foregoing reasons, the Exchange believes the rule filing qualifies for expedited effectiveness as a “non-controversial” rule change under Rule 19b-4(f)(6) of the Act.

(c) Not applicable.

(d) Not applicable.

Item 8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission

As discussed above, this proposed rule change is based on a Commission-approved rule change of PHLX and proposed rule change of ISE. This proposed rule change is identical in all material respects to the PHLX and ISE filings.

SECURITIES AND EXCHANGE COMMISSION  
(Release No. 34- ; File No. SR-CBOE-2011-065

Dated: \_\_\_\_\_

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Increase the Position and Exercise Limits for Options on the Standard & Poor's Depository Receipts (SPY)

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on June \_\_\_\_\_, 2011, Chicago Board Options Exchange, Incorporated ("CBOE" or "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>3</sup> and Rule 19b-4(f)(6) thereunder.<sup>4</sup> The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CBOE proposes to amend its rules to increase the position and exercise limits for options on the Standard and Poor's Depository Receipts Trust ("SPY") from 300,000 contracts to 900,000 contracts. The text of the rule proposal is available on the Exchange's website (<http://www.cboe.org/legal>), at the Exchange's Office of the Secretary and at the Commission.

<sup>4</sup> 17 CFR 240.19b-4(f)(6).

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend CBOE Rule 4.11, Interpretation and Policy .07 to increase the position and exercise limits for SPY options from 300,000 contracts to 900,000 contracts.<sup>5</sup> This filing is based on separate filings previously submitted by NASDAQ OMX PHLX, Inc. (“PHLX”), which the Commission recently approved,<sup>6</sup> and by International Securities Exchange, LLC (“ISE”).<sup>7</sup>

The Exchange began trading SPY options on January 10, 2005 on the CBOE Hybrid Trading System. That year, the position limit for these options was increased from 75,000 contracts to the current limit of 300,000 contracts on the same side of the market.<sup>8</sup> Currently, SPY options have a position limit of 300,000 contracts on the same side on the market.

---

<sup>5</sup> By virtue of CBOE Rule 4.12, Interpretation and Policy .02, which is not being amended by this filing, the exercise limit for SPY options would be similarly increased.

<sup>6</sup> See Securities Exchange Act Release No. 64695 (June 17, 2011) 76 FR 36942 (June 23, 2011) (SR-PHLX-2011-58) (approval order to increase position and exercise limits for SPY options).

<sup>7</sup> See Securities Exchange Act Release No. 64760 (June 28, 2011) (SR-ISE-2011-34) (proposed rule change to increase position and exercise limits for SPY options).

<sup>8</sup> See Securities Exchange Act Release No. 51041 (January 14, 2005), 70 FR 3408 (January 24, 2005) (SR-CBOE-2005-06).

Under the Exchange's proposal, the options reporting requirement for SPY options would continue unabated. Thus, the Exchange would still require that each Trading Permit Holder (“TPH”) or TPH organization that maintains a position in SPY options on the same side of the market, for its own account or for the account of a customer, report certain information to the Exchange. This information would include, but would not be limited to, the option position, whether such position is hedged and, if so, a description of the hedge, and the collateral used to carry the position, if applicable. Exchange market-makers (including Designated Primary Market-Makers) would continue to be exempt from this reporting requirement, as market-maker information can be accessed through the Exchange’s market surveillance systems. In addition, the general reporting requirement for customer accounts that maintain an aggregate position of 200 or more option contracts would remain at this level for SPY options.<sup>9</sup>

As the anniversary of listed options trading approaches its fortieth year, the Exchange believes that the existing surveillance procedures and reporting requirements at CBOE, other options exchanges, and at the several clearing firms are capable of properly identifying unusual and/or illegal trading activity. In addition, routine oversight inspections of the Exchange’s regulatory programs by the Commission have not uncovered any material inconsistencies or shortcomings in the manner in which the Exchange’s market surveillance is conducted. These procedures utilize daily monitoring of market movements via automated surveillance techniques to identify unusual activity in both options and underlying stocks.<sup>10</sup>

---

<sup>9</sup> For reporting requirements, see CBOE Rule 4.13.

<sup>10</sup> These procedures have been effective for the surveillance of SPY options trading and will continue to be employed.

Furthermore, large stock holdings must be disclosed to the Commission by way of Schedules 13D or 13G.<sup>11</sup> Options positions are part of any reportable positions and, thus, cannot be legally hidden. Moreover, the Exchange's requirement that TPHs file reports with the Exchange for any customer who held aggregate large long or short positions of any single class for the previous day will continue to serve as an important part of the Exchange's surveillance efforts.

The Exchange believes that the current financial requirements imposed by the Exchange and by the Commission adequately address concerns that a TPH or its customer may try to maintain an inordinately large un-hedged position in an option, particularly on SPY. Current margin and risk-based haircut methodologies serve to limit the size of positions maintained by any one account by increasing the margin and/or capital that a TPH must maintain for a large position held by itself or by its customer.<sup>12</sup> In addition, the Commission's net capital rule, Rule 15c3-1<sup>13</sup> under the Act,<sup>14</sup> imposes a capital charge on TPHs to the extent of any margin deficiency resulting from the higher margin requirement.

The Exchange believes that the proposed increase in position and exercise limits on SPY options is required for competitive purposes as well as for purposes of consistency and uniformity among the competing options exchanges. This supports the Exchange's current proposal to increase the position and exercise limits applicable to SPY options.

<sup>13</sup> 17 CFR 240.15c3-1.

<sup>14</sup> 15 U.S.C. 78s(b)(1).

## 2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations thereunder, including the requirements of Section 6(b) of the Act.<sup>15</sup> In particular, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>16</sup> requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and to perfect the mechanism for a free and open market and a national market system, and, in general, to protect investors and the public interest. Specifically, the proposed rule change will benefit large market makers (which generally have the greatest potential and actual ability to provide liquidity and depth in the product), as well as retail traders, investors, and public customers, by providing them with a more effective trading and hedging vehicle. In addition, the Exchange believes that the structure of SPY options and the considerable liquidity of the market for SPY options diminish the opportunity to manipulate this product and disrupt the underlying market that a lower position limit may protect against.

### B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule

change.

### III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change or such shorter time as designated by the Commission, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>17</sup> and Rule 19b-4(f)(6) thereunder.<sup>18</sup> At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

### IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
