Cboe Silexx Enhancements – October 26, 2020

Reference ID: C2020102600

Overview

Cboe Silexx is excited to announce the following enhancements:

- **Firm Administrators now have the ability to:**
  - Create new accounts.
    - Firm Accounts module > Click green plus sign > Create account.
      - Right click on existing account > Select 'Clone' for convenience.
      - Confirm CAT and Risk settings.
    - Requests can continue to be sent to Silexx Support.
  - Configure FDID and Sender IMID field display in order tickets.

- **Order tickets**
  - Flip Legs button resets order quantity.
  - Quick Trade duplicate order feature correctly sets combo legs.
  - Multi-Order ticket allows price improvement for child credit orders.

- **Simplified filter functionality in Order Manager and Order History.**

- **Position Compression Cross ("PCC")** order type will be available October 28, 2020.
  - Refer to Cboe Trade Desk notice for more information.

Reminder:

- **Trade Drop Copy** provides electronic trade reports for more than 10 originating clients. Contact Silexx-Sales@cboe.com for details or to request additional clients.
  - To Create Client ID(s):
    - Silexx Client IDs are the same as PULSe Client IDs and are case sensitive
    - File > Settings > Manage Client Ids > Click green plus sign > Enter Client ID > Click Apply > Click Save > Close.
  - Default Client IDs in order ticket for more efficient workflow:
    - File > Settings > Account Defaults > Select account on the left side > Under the Client ID field, select desired ID to be defaulted > Click Apply > Click Save.

Please contact Cboe Floor Support for Cboe Silexx training and contact Cboe Silexx Support for technical questions.

We appreciate your business. Our trading community inspires and drives our mission of defining markets.
