

Cboe AMERIBOR Term-30 Futures Reference Files Available

Reference ID: C2021090701

Overview

In preparation for the [upcoming launch](#) of Cboe AMERIBOR Term-30 ("AMT1") futures, Cboe Futures Exchange, LLC ("CFE") has made available symbol reference files for simple and spread AMT1 instruments. These files are available now and will remain available until the launch of AMT1 futures on Sunday, September 12, 2021, at which time Trading Privilege Holders ("TPHs") are advised to use the standard CFE reference files for AMT1 futures instrument definitions.

The reference files are formatted in the same way as the current production CFE simple and spread symbol reference files. Please note these files will only contain the contract information of the "AMT1" futures instruments. **These files represent currently planned AMT1 futures contract listings and are subject to change prior to September 12, 2021.**

- AMT1 Simple Instrument [File](#)
- AMT1 Complex Instrument [File](#)

Additional Information

For more information, refer to the following online resources. The Product Level System Parameters will be updated to reflect the parameters for AMT1 futures upon the launch of the product.
