

Cboe Options Exchange MXEA - MXEF LMM Solicitation

Reference ID: C2021081802

Overview

Applicable Cboe Exchanges: Cboe Options

Cboe Options (the “Exchange”) will be accepting applications from interested Trading Permit Holders for the Lead Market-Maker (“LMM”) role in the Regular Trading Hours (“RTH”) session for MXEA and MXEF options for the purposes of the MSCI LMM Incentive Program (“Program”). Interested parties must submit application materials to become the MSCI RTH LMM no later than **4:00 p.m. ET on Monday, August 23, 2021** to Cboe Membership Services.

Details

The Exchange intends to select two candidates to serve as the Program’s RTH LMMs for MXEA and MXEF from **September 1, 2021 through March 31, 2022**, taking into consideration various factors including those set forth in [Cboe Options Rule 3.55](#).

As any Market-Maker, an LMM appointed to the Program, has a regulatory obligation to maintain continuous two-sided quotes in 60% of the series with 270 days or less to expiration in its appointed products for at least 90% of the time it is quoting during all trading sessions (to be measured across all of its class appointments collectively) and satisfy all other Market-Maker obligations set forth in Rule 5.51.

The MSCI LMM Incentive Program within the Cboe Options Fees Schedule provides that a MXEA and MXEF RTH LMM that meets or exceeds the Program’s heightened quoting standards below in a month will receive a compensation payment for that month in the amount of \$20,000 per class (subject to change and announced by Exchange Notice/Fee Schedule). To receive the monthly payments, 90% of each series must have qualifying post-opening-rotation quotes from the appointed LMM 80% of the time between 9:30 a.m. ET until 4:00 p.m. ET. Cboe Options notes that meeting or exceeding the heightened quoting standards to receive a compensation payment as described above is optional for an MSCI RTH LMM. The Exchange may consider other exceptions to this quoting standard based on demonstrated legal or regulatory requirements or other mitigating circumstances. A “qualifying” quote is one that is no wider than the amount set forth in the table below, and such quotes will qualify only after the series is open (i.e., pre-opening quotes do not count).

MSCI LMM Heightened Quoting Requirements - MXEF and MXEA								
Premium	Expiring		Near Term		Mid Term		Long Term	
Level	6 days or less		7 days to 60 days		61 days to 270 days		271 days or Greater	
	Width	Size	Width	Size	Width	Size	Width	Size
0-5.00	2.50	5	1.05	20	2.50	15	5.00	10
5.01-15.00	6.00	3	2.50	15	5.00	10	10.00	7
15.01-50.00	15.00	2	4.50	10	9.00	7	20.00	5
50.01-100.00	25.00	1	15.00	7	20.00	5	30.00	3
100.01-200.00	40.00	1	25.00	3	35.00	3	48.00	2
Greater Than 200.00	60.00	1	40.00	1	50.00	1	72.00	1

In calculating whether an LMM meets the heightened quoting standard, the Exchange will exclude from the calculation each month the business day in which the LMM missed the heightened quoting standard in the most amount of series.

As pre-open quotes do not count towards the LMM Heightened quoting standard, the LMM should be aware that the System will not allow a series to open unless the composite market (i.e., the BBO comprised of appointed Market-Maker quotes in MXEF and MXEA, respectively) is no wider than the MCW/OCW widths defined in Cboe Options Rule 5.31(a) and presented in the below table, unless there are no orders to trade or limit orders that cross the mid-point of the composite market:

Composite Market Bid Price	Max Composite Width
0.00 - 1.99	0.50
2.00 - 5.00	0.80
5.01 - 10.00	1.00
10.01 - 20.00	2.00
20.01 - 50.00	3.00
50.01 - 100.00	5.00
100.01 - 200.00	8.00
Greater than \$200.00	12.00
