

TMX Australia Exchange Business Continuity Plan (BCP) & Disaster Recovery Test Event - Saturday 17 October 2026 - Reminder

Tuesday 6th October 2026

Reference ID: 0007|26

OVERVIEW

As a reminder, TMX Australia will be performing a BCP event to failover from Primary instances in Equinix SY5 data centre to Backup instances in DigiCo (formerly Global Switch) data centre on Saturday 17 October 2026.

Please note this BCP event will only be relevant to those TMX Australia participants and vendors who have a presence at DigiCo. **Please be aware however, that all Multicast Market Data clients will receive market data flow during the tests on Saturday 17 October and will therefore need to ensure that their systems handle/ignore the market data flow accordingly.**

ADDITIONAL INFORMATION

Scope of the Saturday 17 October 2026 – BCP/DR Failover Event

The BCP event will focus on the failover of components from the Primary data centre (Equinix SY5) to the Backup data centre (DigiCo), including:

- Backend Matching Engine;
- Order entry / execution connections;
- Market Data connections;
- Allowance of both order matching and trade reporting;
- Testing will be limited to TMX Australia systems and will not involve trades being sent to CHES;
- All orders and trades processed during the test will be deleted from TMX Australia systems at the conclusion of the test in readiness for normal trading on Monday 19 October 2026.

Prerequisites for participating in the BCP event

Please [email your request to participate to TMX Australia](#) and to your trading application vendor (if applicable) by the end of business **Friday 16 October 2026** including:

Your firm's primary **contact name, email, phone number** during the test.

Testing Timetable

TMX Australia's Production system will be open from 08:45 to 13:45 (AEDT). TMX Australia and ASX have aligned their respective BCP testing schedules to best align with client resources. The trading date for all transactions executed on TMX Australia will be Saturday 17 October 2026.

Trades performed during the test will **not** flow to CHESS. Test symbols are available during testing. TMX Australia will not generate orders or trades during this test.

Time	Activity
