Cboe BZX Exchange U.S. Listing Corporate Actions Specification

Introduction

Cboe will disseminate three reports, each on a daily basis, containing corporate action information for issues listed on Cboe BZX Exchange. All reports are available at approximately 7:00 p.m. ET via the Cboe Web Portal or through Cboe DataShop. They are all published in pipe-delimited ("|") text format.

Daily Listed Securities Report Overview

The Cboe Daily Listed Securities Report contains essential information regarding each issue listed on Cboe BZX Exchange.

The Daily Listed Securities Report is delivered via the Cboe Web Portal and Cboe DataShop. Reports with CUSIP are available to those licensed within the Report Subscription Tool in the Cboe Customer Web Portal. Daily Listed Securities Reports without CUSIP are available in Cboe DataShop.

In order to subscribe to the Daily Listed Securities Report, firms must complete the order form found at [Cboe Market Data Services Onboarding](#) and have a signed Global Data Agreement.

Daily Distributions Report Overview

The Cboe Daily Distributions Report contains corporate actions categorized as distributions as they are confirmed by Cboe Listings and the listed company. Distributions will appear on this report from the day they are announced until the day the distribution has completed. Examples of corporate actions that are published in this report are new dividends and stock splits.

The Daily Distributions Report is delivered via the Cboe Web Portal and Cboe DataShop. Reports with CUSIP are available to those licensed within the Report Subscription Tool in the Cboe Customer Web Portal. Daily Distributions reports without CUSIP are available in Cboe DataShop.

In order to subscribe to the Daily Distributions Report, firms must complete the order form found at [Cboe Market Data Services Onboarding](#) and have a signed Global Data Agreement.

Daily Corporate Actions Report Overview

The Cboe Daily Corporate Actions Report contains all corporate actions that are not published in the Daily Distributions Report as they are confirmed by Cboe Listings and the listed company. Corporate actions will appear on this report from the day they are announced until the effective date. Examples of corporate actions that are published in this report are new listings, de-listings and name changes.

The Daily Corporate Actions Report is delivered via the Cboe Web Portal and Cboe DataShop. Reports with CUSIP are available to those licensed within the Report Subscription Tool in the Cboe Customer Web Portal. Daily Corporate Actions Reports without CUSIP are available in Cboe DataShop.

In order to subscribe to the Daily Corporate Actions Report, firms must complete the order form found at [Cboe Market Data Services Onboarding](#) and have a signed Global Data Agreement.

Report Format

Header Record

Reports in pipe-delimited text format will have a header record containing the following fields:

Table 1. Header Record Format

Field Name	Description
<i>Environment</i>	The environment for which the file was generated. Allowed values: • CERT = Certification • PROD = Production
<i>Report Date</i>	The date (in YYYY-MM-DD format) that the report was published.
<i>Record Count</i>	The number of records in the file, including the header.

Daily Listed Securities Report Fields

Each record on the Daily Listed Securities Report will contain the following fields:

Table 1. Daily Listed Securities Report Fields

Field Name	Description
<i>Symbol</i>	Symbol of Listed Security (upper case) in CMS symbology.
<i>CUSIP</i>	The nine-character CUSIP assigned to the symbol on the day the report is published. CUSIP is a unique nine-character alphanumeric code appearing on the face of each stock or bond certificate that is assigned to a security by Standard & Poor's Corporation. CUSIP numbers are the property of the American Bankers Association (ABA) and are administered by Standard & Poor's. Since Cboe Global Markets neither owns nor controls CUSIP numbers, distributors cannot be authorized to receive the daily list or fundamental data files including CUSIP Data unless they have a license in place with CUSIP. Distributors Please note: Cboe Global Markets is not responsible for obtaining written approval from CUSIP prior to authorizing data distributors to externally redistribute CUSIP data; it is the responsibility of the data distributor to obtain such CUSIP permission for their downstream customers.
<i>Issue Name</i>	A text field representing the name of the issue.

Field Name	Description
Issue Type	The type of issue: common, preferred, etc. Allowed values: • Class ETF Shares • Closed-End Fund • Commodity Futures Trust Shares • Commodity Index Trust Shares • Commodity-Based Trust Shares • Commodity-Linked Securities • Convertible Debt • Currency Trust Shares • Currency Warrants • Derivative Securities Traded under UTP • Equity Gold Shares • Equity Index-Linked Securities • Exchange-Traded Fund Shares • Fixed Income Index-Linked Securities • Futures-Linked Securities • Index Fund Shares • Index Warrants • Index-Linked Exchangeable Notes • Managed Fund Shares • Managed Portfolio Shares • Managed Trust Securities • Multifactor Index-Linked Securities • Other Securities • Partnership Units • Portfolio Depository Receipts • Preferred Stock • Primary Equity • Right • Secondary Class of Common • Selected Equity-linked Debt Securities (SEEDS) • Tracking Fund Shares • Trust Certificates • Trust Issued Receipts • Trust Units • Units • Warrant
Currency	Currency of the issue (ISO code)
Outstanding Shares	Integer representing the number of shares outstanding for the issue. Will be 'N/A' for all ETPs
Test Symbol	Indicates whether or not the issue is a test symbol. Allowed values: • Y = Yes • N = No
Market Category	The Market Category of a security. Allowed values: • Tier 1 • Tier 2
First Date Traded	The date the issue first traded as a BZX Listed Issue

Field Name	Description
<i>IPO Flag</i>	Indicates if the issue conducted an Initial Public Offering on Cboe. Allowed values: • Y = Yes • N = No
<i>Expiration Date</i>	Date (in YYYY-MM-DD format) that a security (warrant, when issued, etc.) expires.
<i>Separation Date</i>	Date (in YYYY-MM-DD format) that a unit or warrant is separating from the associated common stock.
<i>When Issued Flag</i>	Indicates if the issue is in a "when-issued" status. Allowed values: • Y = Yes • N = No
<i>When Distributed Flag</i>	Indicates if the issue is in a "when-distributed" status. Allowed values: • Y = Yes • N = No
<i>Round Lot Quantity</i>	Integer indicating the number of shares that define a round lot.
<i>Notes</i>	Free-form text field for notes pertaining to the issue.
<i>Financial Status</i>	Values: 0 = Normal 1 = Bankrupt 2 = Below Continuing Listing Standards 3 = Bankrupt & Below Continuing Listing Standards 4 = Late Filing 5 = Bankrupt & Late Filing 6 = Below Continuing Listing Standards & Late Filing 7 = Bankrupt, Below Continuing Listing Standards & Late Filing 8 = Creations Suspended (for Exchange Traded Product) 9 = Redemptions Suspended (for Exchange Traded Product) A = Liquidation (for Exchange Traded Product)

Daily Distribution Report Fields

Each record on the Daily Distribution Report will contain the following fields:

Table 1. Daily Distribution Report Fields

Field Name	Description
<i>Symbol</i>	Symbol of Listed Security (upper case) in CMS symbology.
<i>CUSIP</i>	The nine-character CUSIP assigned to the symbol on the day the report is published. CUSIP is a unique nine-character alphanumeric code appearing on the face of each stock or bond certificate that is assigned to a security by Standard & Poor's Corporation. CUSIP numbers are the property of the American Bankers Association (ABA) and are administered by Standard & Poor's. Since Cboe Global Markets neither owns nor controls CUSIP numbers, distributors cannot be authorized to receive the daily list or fundamental data files including CUSIP Data unless they have a license in place with CUSIP. Distributors Please note: Cboe Global Markets is not responsible for obtaining written approval from CUSIP prior to authorizing data distributors to externally redistribute CUSIP data; it is the responsibility of the data distributor to obtain such CUSIP permission for their downstream customers.
<i>Issue Name</i>	A text field representing the name of the issue.

Field Name	Description
Issue Type	The type of issue: common, preferred, etc. Allowed values: • Class ETF Shares • Closed-End Fund • Commodity Futures Trust Shares • Commodity Index Trust Shares • Commodity-Based Trust Shares • Commodity-Linked Securities • Convertible Debt • Currency Trust Shares • Currency Warrants • Derivative Securities Traded under UTP • Equity Gold Shares • Equity Index-Linked Securities • Exchange-Traded Fund Shares • Fixed Income Index-Linked Securities • Futures-Linked Securities • Index Fund Shares • Index Warrants • Index-Linked Exchangeable Notes • Managed Fund Shares • Managed Portfolio Shares • Managed Trust Securities • Multifactor Index-Linked Securities • Other Securities • Partnership Units • Portfolio Depository Receipts • Preferred Stock • Primary Equity • Right • Secondary Class of Common • Selected Equity-linked Debt Securities (SEEDS) • Trust Certificates • Trust Issued Receipts • Trust Units • Units • Warrant
Currency	Currency of the issue (ISO code)
Outstanding Shares	Integer representing the number of shares outstanding for the issue. 'N/A' for all ETPs.

Field Name	Description
Corporate Action Type	A text field containing the type of corporate action. Allowed values: • Cash Dividend • Long-Term Capital Gain • Short-Term Capital Gain • Reverse Stock Split • Stock Split • Spin Off • Stock Dividend • Ex-Rights • Ex-Warrants • Return of Capital • Other
Corporate Action ID	An integer value that will uniquely identify the corporate action. This identifier will be unique across all corporate action types.
Corporate Action Status	The status of the data associated with the corporate action. Allowed values: • Added = Added since last report • Cancelled = Cancelled since last report • Unchanged = No update since last report • Updated = Updated since last report
Cancellation Reason	If the Corporate Action Status is 'Cancelled' this field will supply a reason for the cancellation.
Declared Date	The date when the corporate action was announced.
Updated Date	The date when the data associated with the corporate action was last updated.
Frequency	If applicable, indicates the frequency of the distribution. Allowed values: • Weekly • Monthly • Quarterly • Semi-annually • Annually • One Time/Special
Ex-Date	Represents the first date (in YYYY-MM-DD format) that the issue will be quoted without ("ex") the dividend or distribution.
Record Date	The date (in YYYY-MM-DD format) that all holders of record are entitled to a distribution payment.
Payment Date	The date (in YYYY-MM-DD format) that the distribution is paid to the shareowner.
Cash Amount	When applicable a numeric factor relating the amount of the cash dividend. For example, a 7-cent dividend would carry a value of 0.07 in this field.
Stock Amount	When applicable a numeric factor relating the ratio of the stock dividend/split. For example, a 2-for-1 stock split would result in a value of 2 in this field whereas a 1-for-2 reverse stock split would result in a value of 0.5.
Rights Exercise Price	The exercise price of the rights.
Rights Expiration Date	The date (in YYYY-MM-DD format) on which the rights expire.
Notes	Free-form text field containing information about the distribution that is not reflected in one of the other fields.

Daily Corporate Actions Report Fields

Each record on the Daily Corporate Actions Report will contain the following fields:

Table 1. Daily Corporate Actions Report Fields

Field Name	Description
<i>Symbol</i>	Symbol of Listed Security (upper case) in CMS symbology.
<i>CUSIP</i>	The nine-character CUSIP assigned to the symbol on the day the report is published. CUSIP is a unique nine-character alphanumeric code appearing on the face of each stock or bond certificate that is assigned to a security by Standard & Poor's Corporation.
