

New C1 Production Platform for Test Symbol Trading

The new production trading platform for Cboe Options Exchange (C1), targeted to go live on October 7, 2019, pending regulatory review, is on schedule to allow trading of test symbols beginning on **Monday, May 6**. The new platform will be available during Regular Trading Hours (RTH) and Global Trading Hours (GTH) for select test symbols. See the [Tradedesk Update](#) for details.

Mandatory Training and Certification for Cboe TPHs and Staff

In preparation for the migration of C1 to Bats technology, significant changes will be made to Cboe trading floor system applications, including PULSe and PAR 3.0. Trading Permit Holders (TPHs) are required to participate in testing the PAR 3.0 application and the Order Management Terminal (OMT) replacement. A schedule of testing dates is available in the [Tradedesk Update](#).

C1 Technology Conference Call on May 21

The next technology migration customer conference call will take place at 11:30 a.m. CT/12:30 p.m. ET on **Tuesday, May 21**. Cboe will update customers on the planned migration of the C1 trading platform to Bats technology. See the [Technology Integration website](#) for additional details.

Technology Integration Feature Pack 6

On **Thursday, May 2**, Cboe introduced new functionality to the EDGX Options Exchange to support All-or-None (AON) orders, as well as updates to Step-Up-Mechanism (SUM) orders. See the [Tradedesk Update](#) for more information.

Harmonization of Quoting Obligations and Market Maker Registration/Class Appointments

Cboe plans to introduce harmonized Market Maker quoting obligations on C2 and EDGX Options Exchanges on **Friday, May 10**, subject to regulatory review. Testing is now available in the C2 and EDGX certification environments.

BZX Options Market Maker quoting obligations and registration process will remain unchanged at this time. See the [Tradedesk Update](#).

Cboe Reports April 2019 Trading Volume

Today, **Friday, May 3**, Cboe Global Markets reported April 2019 trading volume. For a recap, see the [press release](#).

Cboe Global Markets Reports First-Quarter 2019 Financial Results

Cboe Global Markets reported its financial results for the first quarter of 2019 before the market open this morning. For more information, go to the [Investor Relations](#) webpage.

Cboe Announces Retail Order Priority on EDGX Equities Exchange

Effective **Monday, July 1**, EDGX Equities Exchange will provide enhanced book priority for orders submitted on behalf of retail investors, subject to regulatory review. On the effective date, Retail Limit Orders will receive execution priority.

Retail priority functionality will be available for testing in the EDGX equities certification environment beginning **Tuesday, May 7**. See the [Tradedesk Update](#) for more information.

C2 Plans to List Options on DJX

On **Monday, May 8**, C2 Options Exchange will begin trading options on the Dow Jones Industrial Average Index (DJX). DJX options also trade on C1. See the [Tradedesk Update](#).

We encourage your input on these and other exchange matters. Please feel free to contact us.
